

Licensing Act 2003 - Applications completed in 2023

Please find below a list of Licensing Act 2003 applications completed since 1 January 2023 by the Licensing Authority, Worthing Borough Council, for new Premises Licences, Variations to existing Premises Licences and Review applications.

The terms of the Licensing Act 2003 dictate that all 'new' application and 'variation' applications are publicised and consulted on. If no representations are received from 'Responsible Authorities' or any other persons such applications must be granted as applied for. If relevant representations are received and mediation between the parties is unsuccessful then the application has to be deliberated by a sub-committee of the Licensing & Control Committee B following a hearing.

'Minor variations' are also consulted on but only by 'public notice' on the premises, details posted on this website and any responsible authorities the licensing authority selects as relevant. If relevant representations are received and considered by officers to have implications under the licensing objectives then the application is simply rejected and a full variation has to be applied for.

'Review' applications cannot be withdrawn unless a licence is surrendered and must be heard by the full Licensing Committee B whatever agreement mediation may produce.

- The Committee also gave regard to human rights legislation and the rules of natural justice. In discharging its functions the Committee did so with a view to promoting the Licensing objectives.

The Licensing Sub-Committee noted that the variation to the hours, agreed after mediation, would only constitute an additional 40 minutes to the opening hours, and licensable activities on Friday nights and an additional 10 minutes to the opening hours and licensable activities on Saturday nights and, as such, the Licensing Sub-Committee was satisfied that along with the amended condition, the licensing objectives would not be undermined.

Consultation closed: Tuesday 20 June 2023

Committee Hearing: Held on Monday 17 July 2023.

Three representations were received regarding this application. Mediation was not conducted, so the application was referred to the Licensing & Control Sub-Committee to be considered.

At the hearing the Sub-Committee resolved not to grant a licence.

The Committee have listened carefully and considered all the evidence before them and was surprised to learn that the Applicant had not considered the advice that was given at the last hearing to approach Trading Standards and Sussex Police before submitting another application and consequently found the same application was before them again with the same representations from the responsible authorities.

The Sub-Committee found it concerning that when the Applicant was asked to name the licensing objectives he was unable to name any. The Applicant has just completed the personal licence exam and was the proposed DPS for this premise. This did not give the Committee confidence that the licensing objectives would be upheld.

Due to the particular sensitivity of the proposed area the committee had no confidence that the Applicant would be able to deal with challenges that running a business selling alcohol would encounter in this location.

The committee was asked to consider evidence that the applicant has a financial link to another property in the vicinity that was selling illicit tobacco and that the Applicant's car was found to contain a large quantity of illicit tobacco. The committee viewed this as further evidence that the Applicant would not promote the licensing objectives.

Sussex Police are the responsible authority and essential source of advice for crime & disorder, as are Trading Standards, and there was no evidence before the committee as to why they should not heed the advice given by these authorities not to grant a licence.

It was therefore felt proportionate and justified not to grant a licence.

Licence holder and applicant: Mr Omar Rafique

Consultation closed: Thursday 20 April 2023

Committee Hearing: Held on Monday 15 May 2023

Eight representations were received regarding this application. Mediation was only partially successful, so the application was referred to the Licensing & Control Sub-Committee to be considered.

At the hearing the Sub-Committee resolved that a Premises Licence be granted but imposed all the conditions agreed by the applicant during mediation with Sussex Police, A&W Environmental Health Team and Worthing Pubwatch together with a condition volunteered by the applicant at the hearing and a condition imposed by the committee to address resident's noise concerns.

The grant of the licence is also subject to all the relevant conditions volunteered by the applicant in the operating schedule (that have not been superseded by the imposed conditions) and the mandatory conditions required by the Licensing Act 2003 and all other relevant legislation.

The Sub-Committee considered:

- The representations made by the Responsible Authorities.
- The mediation during which the applicant had agreed to include the further licence conditions suggested by the Responsible authorities and Worthing Pubwatch and
- All the remaining relevant representations which had not been withdrawn.
- The Committee also gave regard to human rights legislation and the rules of natural justice.

In discharging its functions the Committee did so with a view to promoting the Licensing objectives. The relevant objectives in this case being:

- the prevention of crime & disorder
- the prevention of public nuisance
- public safety.

The Committee listened carefully and considered all written and oral representations that were made. The Committee stated that it had not heard any compelling arguments that the licensing objectives of the Prevention of Crime & Disorder or Public Safety would be affected by the grant of this licence.

They did however consider evidence before them of Public Nuisance namely noise. To address this concern the Committee gratefully accepted the condition offered by the applicant during the hearing to move the portable tables and chairs from outside the front to the side of the premise (adjacent to Tarring Road) within the marquee, not to be used, and this is to be achieved by 22:00hrs. The Applicant gave evidence that the tables

and chairs could not be moved into the premise before 23:00hrs because of lack of space within the premise and therefore with this condition offered it is believed this will assist with the noise nuisance that has been caused by moving tables and chairs at 23:00hrs. In addition the Committee noted that the Applicant had offered to be an active member of Worthing Pub Watch and therefore this was to be added as a condition of the licence to ensure the local community works together to promote the licencing objectives.

The Committee considers this to be a mixed residential area with low noise from other premises late at night and the proximity of this premise to residential properties. They therefore felt it necessary and proportionate to add a condition to the licence that all doors and windows to the premises should be closed at 22:00hrs each evening to reduce the noise nuisance emanating from this premises. This condition coupled with the condition offered by the Applicant in relation to the portable table and chairs and with the condition agreed with Sussex Police to cease using the outside space from 22:00hrs should ensure that this premise does not cause a noise nuisance late at night.
