Dear Sir/ Madam

For the record, Lancing College has no objections to the latest update re New Monks Farm and its previous position re the junction remains unchanged

When it comes to the details of junction design and business continuity during project delivery, our position is reserved and we will address this as part of the planning process

It is important that the LGF bids are supported and funded and that HE delivers an upgraded A27 (Sussex pad to west of Chichester) and a phased programme that must all be contracted well before the next general election

Best wishes

Mark
