Dear sirs

Whilst car parking for new residential developments is mentioned, there appears to be a total lack of any requirement for any residential development to allow for the parking of commercial vehicles of the additional residents thereon.

As can be evidenced from the number of commercial vehicles parked on the streets around the completed housing development in Southlands, which bans the parking of commercial vehicles within its boundaries, this is a legitimate concern which I consider the plan must address.

I trust you will give reasonable consideration to this issue and ask that my comments are addressed

Regards

Phil Packham
