Subject: Re: PROPOSED SUBMISSION ADUR LOCAL PLAN 2014 - Paragraph 2.100 and Policy 8 Shoreham Harbour Regeneration Area

Dear Sirs,

Thank you for consulting East Sussex County Council on the publication of the Proposed Submission Adur Local Plan 2014. The County Council notes the content of paragraph 2.100 and Policy 8 regarding the Shoreham Harbour Regeneration Area.

Government policy set out in the NPPF requires existing, planned and potential wharf facilities to be safeguarded for minerals imports. The County Council considers that it is important to maintain capacity for aggregate imports at Shoreham Harbour and has in the past expressed concern over the potential loss of wharfage as a result of Port regeneration plans. East Sussex County Council does however anticipate that joint working established through the Statement of Common Ground (signed earlier in 2014) should enable a satisfactory resolution of this matter prior to adoption of the regeneration plans.

East Sussex County Council also has the following minor comments of clarification on paragraph 2.100 in the Proposed Submission Adur Local Plan 2014:

- * The correct year of adoption for the East Sussex, South Downs and Brighton & Hove Waste and Minerals Plan is 2013
- * The policy referred to in this plan should be WMP 15

Should you have any queries regarding this response, in the first instance please contact Pat Randall (email: [REDACTED] <mailto:[REDACTED]>). Please note, she normally works on Tuesdays, Wednesdays and Fridays only.

Yours faithfully,

Matt Breeze
