Dear Chris, thanks for reminding me. I have looked at the various policies and in particular Objective 1 and Policy SH1 and supporting text paras 3.1.14 to 3.1.25. I think you have done a very good job in difficult circumstances and Hove Civic Society would holly support both the objective and the policy. If there is one quibble it is with para 4.1.9, which stops short of saying that, with suitable adaptations this power station could become a major provider of heat to many of the properties in Brighton and Hove.

Thank you for consulting us and for all your hard work.

With best wishes
Helmut (Lusser)

Dear Helmut,

You have commented on the Shoreham Harbour JAAP at earlier stages in the plan's preparation. If you intend to submit a representation on the Proposed Submission Plan, please could you send this to me by the end of the day on Friday.

Kind regards,

Chris
