Errata to Document CSD01-02 Schedule of Proposed Modifications to the Shoreham Harbour Joint Area Action Plan

This document CSD01-02a provides corrections to section 9 of CSD01-02. The corrections regard the numbering for minor modifications. The table inserted below states the incorrect minor modification number, as seen in document CSD01-02, followed by the correct minor modification number.

One of these corrections regards to MIN80 which was referred to twice in document CSD01-02. This should have referenced the minor modification number of MIN81. As such, the table states that the incorrect minor modification number is the second use of MIN80.
