### 3) Introduction

- 3.1 Adur District Council is situated in the County of West Sussex which contains seven local councils in total; Adur has an estimated population of approximately 58,500. The District covers an area of 4,159 hectares and is a coastal authority and comprises light industrial, commercial and residential centres, including Brighton City Airport (formally Shoreham Airport) and part of the Port of Shoreham. The main centres being Lancing, Sompting, Shoreham-by-Sea and Southwick. Worthing Borough Council and Adur District Council are served by a single officer structure but remain separate Authorities.
- 3.2 Adur District Council (The Council) is the Licensing Authority under the Town Police Clauses Act 1847 and Local Government (Miscellaneous Provisions) Act 1976. The Council is responsible for the administration and enforcement of taxi legislation within the District and includes, among other duties, the granting of Hackney Carriage and Private Hire licences. This handbook has been prepared in accordance with the relevant legislation and best practice. The handbook sets out the policies and conditions the Council will generally apply to promote public safety when making decisions with Hackney Carriage & Private Hire matters.
- 3.3 As the Licensing Authority the Council's primary function is protection of the public whilst providing businesses with the relevant licences & permits necessary to carry out a legitimate business. Licensing is the tool used by the Government to ensure the safety of the public and enforce standards. It is recognised that a duty of care is owed by the council to all licensed drivers
- 3.4 The Council has responsibility for the licensing of vehicles, drivers and operators within the district of Adur.
- 3.5 In exercising its discretion in carrying out these regulatory functions, the Council will have regard to this document.
- 3.6 Notwithstanding the existence of this handbook, each application or enforcement measure will be considered on its own merits. Where it is necessary for the Council to depart substantially from its policy, reasons will be given for doing so.
- 3.7 This policy will take effect on 16 January 2017 and will remain in existence for a period of 5 years, during which it shall be kept under review and revised as appropriate.

## **4) Vehicles - Hackney Carriage & Private Hire**

### **Limitation of Hackney Carriage Vehicles**

- 4.1 The Council has a limited number of Hackney Carriage Saloon type vehicles licensed. There is no limitation on the number of Hackney Carriage vehicle licences the council may issue. However, any new Hackney Carriage licence application will only be considered for wheelchair accessible vehicles. The Council is seeking to maintain a mixed fleet.

### **Specifications and Conditions**

- 4.2 The Council has adopted minimum specification standards for Hackney Carriage and Private Hire vehicles and these are set out in Appendix A for Hackney Carriages and Appendix E for Private Hire vehicles.
- 4.3 Once a licence is granted, the Council will attach conditions to a vehicle licence. A set of standard conditions for Hackney Carriage vehicle licences is set out at Appendix B, and a set of standard conditions for Private Hire vehicles is set out at Appendix F. The Council considers that it is reasonable and necessary that these conditions be attached to the grant of most licences, however, these may be amended or additional conditions attached as may be considered appropriate in individual cases.
- 4.4 Vehicles will, in general, be licensed for the carriage of up to 4 passengers, but applications in relation to larger vehicles that can accommodate up to 8 passengers will be considered, provided that there is compliance with the specifications applicable to such vehicles. Purpose-built vehicles are amongst those which the Council will licence only as Hackney Carriages in view of the possible confusion in the minds of the travelling public between the 2 types of vehicle.

### **Accessibility**

- 4.5 The Council is committed to an accessible public transport system in which disabled people have the same opportunities to travel as other members of society.
- 4.6 Licensed drivers are reminded that they are placed under certain duties by law to provide assistance to people in wheelchairs, to carry them safely and not to charge extra for doing so. Failure to abide by these duties could lead to prosecution and a maximum fine of £1,000.
- 4.7 All licensed Hackney Carriage & Private Hire drivers will be required to undertake disability awareness training as prescribed in this policy. This will take effect as of the renewal date in respect of drivers already holding a licence who have not undertaken disability training before the date of the policy's adoption.

### **Maximum Age of Vehicles**

- 4.8 The Council has an age restriction on licensed vehicles, (see Appendices A and E), but all applications for the licensing of vehicles will be treated on their individual merits. The conditions set out in Appendices B and F have been placed on the licensing of vehicles. Applicants wishing to licence vehicles outside of this policy should show exceptional reason for the Council to deviate from the agreed policy.

## **Vehicle Testing**

- 4.9 No vehicle may be used as a Hackney Carriage or Private Hire vehicle unless it has been given a Garage Inspection report following a satisfactory test, and the Council has appropriately licensed it. Responsibility for ensuring the vehicle is tested and licensed remains with the proprietor. Vehicle inspections are to be carried out by MOT approved garages within Adur, Worthing or Brighton. The Council will accept the first garage inspection report for a new vehicle from the garage where the vehicle is purchased.

## **Signage & Advertising**

- 4.10 Members of the public can often confuse Hackney Carriages and Private Hire vehicles. Often not realising that Private Hire vehicles are not available for immediate hire and cannot be hailed in the street. It is, therefore, important that members of the public are able to distinguish each type of vehicle easily.
- 4.11 Within the Council's area both Hackney Carriage and Private Hire vehicles are required to display a licence plate on the rear of the vehicle. The plates are different colours to distinguish one class of licensed vehicle from another. This is a key feature in helping to identify vehicles that are properly licensed. There are some exceptions to this requirement which are set out in Appendix G.
- 4.12 The Council recognises that advertising on licensed vehicles can benefit the trade as it can generate income for the proprietor. As such, the Council permits advertising on its licensed vehicles provided that the advertising for Hackney Carriage vehicles complies with the criteria set out in Appendix B and F.

## **Security & Closed Circuit Television (CCTV)**

- 4.13 CCTV facilities are compulsory in a licensed vehicle from 1 January 2020. The proprietor will be responsible for ensuring the system conforms to the Data Protection Act, General Data Protection Regulations and other relevant legislation, and displays the necessary informative notice for passengers.
- 4.14 CCTV equipment in the vehicles must follow the guidance as set out in Appendices A, B, E or F as appropriate to their licence.

## **Application Procedures**

- 4.15 The application process for Hackney Carriage licences are set out in Appendix C, and the application process for Private Hire vehicle licences are set out in Appendix H. All applications must be submitted together with supporting documentation and the relevant application fee.

## **Consideration of Applications**

- 4.16 The Council will consider each application on its own merits once it is satisfied that the appropriate criteria have been met, the application form is complete and supporting documents have been submitted.

## **Grant and Renewal of Licences**

- 4.17 Hackney Carriage and Private Hire vehicle licences will usually be granted for 1 year. However, the Council may licence for a shorter period, should this be appropriate in special circumstances.

- 4.18 The Council sends reminder letters to taxi proprietors 4 to 6 weeks before an existing licence expires in order to assist proprietors in their prompt submission of renewal applications, however, the responsibility to ensure renewal applications are submitted on time remains with the proprietor.
- 4.19 The Council will only accept complete applications with all the necessary paperwork. If an application is received late and the licence expires or if the vehicle is more than 7 years old the Council, except in exceptional circumstances, will not renew the licence and the licence plate must be returned to the Council.
- 4.20 The application fees payable are usually subject to annual review.

### **Stretched Limousines & Specialty Vehicles**

- 4.21 The licensing of limousines and speciality vehicles will be approached on the basis that these vehicles have a legitimate role to play in the trade, meeting a public demand. Therefore, licence applications for such vehicles will not be automatically rejected because they do not meet the standard licensing conditions (for example Limousines are often left-hand drive) and each application will be considered on its own merit. However, in considering any application for these types of vehicles, the Council will have regard to any relevant guidance issued by the government, such as the Driver and Vehicle Standard Agency (DVSA).
- 4.22 As these vehicles may not meet the usual vehicle specification, additional documentation and inspection may be required as part of the application process so that the Council can be satisfied as to the safety and suitability of any individual vehicle. This is set out further in Appendix G.
- 4.23 The Council strongly recommends that anyone who wishes to licence a limousine (or any other non-standard specialty vehicle) contacts the Council's Licensing section before purchasing a vehicle to ensure that advice can be provided as to whether the vehicle is likely to meet the required standards, as each vehicle will be considered on its own merit.

### **Contract Vehicles and Courtesy Vehicles**

- 4.24 The Council will have regard to the DfT's Vehicle Licensing note dated August 2011 (and any supplementary DfT guidance notes) when considering whether any particular contract vehicle requires a vehicle licence.
- 4.25 All vehicles with 8 or fewer seats that carry passengers for hire and reward must be licensed with the Council. Although there has been some legal debate regarding this particular issue, current case law supports the view that vehicles which are used as "courtesy cars", i.e. for transporting customers to and from hotels, night-clubs, etc. are being provided for hire and reward in the course of business, irrespective of whether or not a charge is made for such service. They should, accordingly, be licensed with the Council, as should their "operator".
- 4.26 Those operating "courtesy cars", i.e. for transporting customers to and from hotels, nightclubs, etc. should have an operator's licence, and the vehicle and driver must be appropriately licensed.

## **5. Drivers - Hackney Carriage and Private Hire**

### **Testing**

- 5.1 The procedures for Hackney Carriage & Private Hire drivers are broadly parallel. Drivers will be required to undertake testing as part of the application procedure. Details of the tests are available in Appendix I and in the application packs.

### **Drivers of Executive Plated Vehicles, Stretched Limousine and Specialty Vehicles**

- 5.2 Again the procedures are broadly parallel to the standard requirements for Hackney Carriage and Private Hire driver licences. The statutory requirements, the practical criteria and qualifications for all licensed drivers are broadly similar. The sections below, therefore, apply equally to all drivers. Application to consider exemption to the geographical section of the knowledge test may be applied for by drivers of the above speciality vehicles.

### **Driving Proficiency and Qualifications**

- 5.3 The Driving Standards Agency (DSA) provides a driving assessment specifically designed for taxi drivers. The Council has decided that all new applicants must successfully pass this test in order to be considered for a Hackney Carriage or Private Hire driver's licence.

### **Medical Examination**

- 5.4 All applicants are required to meet the DVLA Group 2 medical standard or equivalent. This requires all applicants to undergo a medical examination by their own GP.
- 5.5 A request form for a medical examination, which may be presented to the applicant's GP, can be obtained from the Council. The applicant will be responsible for paying the fee for the examination to the relevant doctor. On completion of the examination, the report must be submitted to the Council with the other documentation that is required to accompany an application.
- 5.6 Where there is any doubt as to the medical fitness of an applicant, the Council may require the applicant to undergo and pay for a further medical examination by a doctor appointed by the Council. Where there remains any doubt about the fitness of any applicant, the Council will review the medical evidence and make any final decision.
- 5.7 Licensed drivers are required to meet the DVLA Group 2 standard every 5 years from the age of 45 until the age of 65. Thereafter the Council will require an annual medical report. The Council may also require a licensed driver to undergo more frequent checks if, in the opinion of a medical practitioner, this is necessary.
- 5.8 Licensed drivers must advise the Council of any deterioration in their health that may affect their driving capabilities.

## **Criminal Record Checks**

- 5.9 The legislation requires the Council ensures that all licensed drivers are 'fit & proper' persons. A criminal record check on a driver is an important safety measure. The Council requires applicants to submit an enhanced criminal records disclosure report from the Disclosure and Barring Service ('enhanced DBS report') as part of the documentation accompanying their application. All drivers licensed by the Council will then be required to obtain a further report every 6 months.
- 5.10 All licensed drivers are required to provide continuous registration with the DBS update service to enable the licensing authority to routinely check for new information every six months. Drivers that do not subscribe up to the Update Service will be subject to a new check every six months.
- 5.11 If an applicant has not lived continuously in the UK for 5 years, then in addition to submitting an enhanced DBS report with their application, they must submit an original authenticated certificate of good conduct (together with a translation into English if the document is in another language) obtained from the embassy for the country in which the applicant was living immediately before arriving in the UK. If the driver has lived in more than one country prior to arriving in the UK, then a report from each country in which they lived for 3 months or more during the 5 years immediately prior to their arrival in the UK is required to be submitted with their application. To be clear, any translation of the document must be from the embassy which issued the original document.
- 5.12 Licensed drivers who have lived in another country for 3 months or more since their last enhanced DBS report will also be required to submit an original authenticated certificate of good conduct from the embassy of that country with their next application to renew their licence.

## **Conditionality Tax check**

- 5.13 Application to renew a driver licence will require a tax check. Confirmation is required from HMRC that the applicant has completed the check before being able to consider their renewal licence application.
- 5.14 If the applicant is not registered then the application is not complete and the licence will not be issued.

## **Relevance of Convictions and Cautions**

- 5.15 The Council has chosen to substantially adopt Annex D of the Home Office Circular 13/92 Guidance as part of its policy as to the relevance of certain convictions and cautions in its consideration of whether an applicant or existing driver is fit and proper to hold a licence. The parts adopted by the Council are replicated in Appendix L.
- 5.16 Guidance in relation to the relevance of offences is given in Appendix L. In general terms, the more recent, serious and relevant to public safety the offence is, the less likely that an application will be granted.
- 5.17 Applicants for new licences and to renew existing licences will be required to provide the Council DVLA driver endorsement check code in order for the driving licence validity and endorsements, so the Council can ensure that the information held by the DVLA is in accordance with the information submitted by the applicant. The check will be made on an annual basis and the fees for the annual endorsement check must be paid by the applicant at the time of submitting their application.

## **Disability Awareness, Child Exploitation (CE) and Other Training**

- 5.18 All applicants and existing drivers will be required to undertake training in Disability Awareness & Handling, Child Exploitation, safeguarding awareness to include identifying county lines exploitation and any other legislation that the Council may require.
- 5.19 Training in Safeguarding awareness and Child Exploitation will be undertaken every 3 years. This training may be internet based or on a local training site. Drivers will be required to pay a fee as approved on the scale of fees.
- 5.20 Training in Disability Awareness & Handling will be undertaken every 3 years; the training may be internet based or on a local training site. Applicants and existing drivers will be issued a certificate on successful completion of the training. Drivers and new applicants will be required to pay a fee.

## **Application Procedure**

- 5.21 An application for a driver's licence must be made in accordance with the procedure set out in Appendix I and must be accompanied by the relevant supporting documentation and application fee.

## **Consideration of Applications**

- 5.22 The Council will consider all applications on their own merits once it is satisfied that the appropriate criteria have been met, the application form is complete and supporting documents have been submitted.
- 5.23 The Council will usually send a reminder letter to drivers around 6 weeks before their existing licence expires in order to assist applicants in the prompt submission of their renewal applications. However, the responsibility to submit a renewal application in good time prior to the expiry of any existing licence is always the responsibility of the licence holder. Drivers should ensure renewal application forms, together with any supporting documents, are received by the Council before their existing licence expires as this will ensure that in most cases applications are processed and new licences issued before expiry of the existing licence.
- 5.24 Where a driver does not submit their application to renew their licence before their existing licence expires, and in the absence of providing evidence of exceptional circumstances, in most cases the Council will require they undergo the new licence procedure as set out at Appendix I.

## **Duration of Licences**

- 5.25 Applicants for new and renewed licences will apply for a 3 year licence. Any licence surrendered before the expiry date will receive a refund for each whole year unused. The Licensing Authority may in special circumstances grant a licence for a shorter duration where this is considered appropriate in a particular case.

## **Conditions of Licence**

- 5.26 The Licensing Authority is not permitted to attach conditions to a Hackney Carriage driver's licence. However, drivers are subject to the Council's byelaws which are replicated in Appendix D.
- 5.27 A set of standard conditions for Private Hire driver licences is set out at Appendix J and the Council considers that it is reasonable and necessary that these be attached to the

grant of most licences. However, these may be amended or additional conditions attached as may be considered reasonably necessary in any individual case.

### **Fares - prescribed rates**

- 5.28 The Hackney Carriage tariff is set by the Council. Private Hire fares are not set by the council but are at the discretion of the Private Hire Operator.
- 5.29 The driver of a Hackney Carriage vehicle, whether by agreement or otherwise, must not charge any fare greater than the rate prescribed by the Council.
- 5.30 Fare rates are reviewed no more than once per year with any proposed change advertised in the legal section of the local press and considered and agreed by the Licensing Committee subject to any objections received during the objection period.

### **Receipts**

- 5.31 A driver must, if requested by the passenger, provide them with a written receipt for the fare paid.

## 6. Operators – Private Hire

### Requirements and Obligations

- 6.1 Any person who operates a service must apply to the Council for an operator's licence.
- 6.2 A vehicle may only be dispatched to a customer by an operator who holds an operator's licence. Such a licence permits the operator to make provision for the invitation or acceptance of bookings for a vehicle with a driver. Operators must ensure that every vehicle is driven by a person who holds a valid driver's licence.
- 6.3 An application for an operator's licence must be made in accordance with the Private Hire procedure set out below and accompanied by the relevant supporting document and application fee.

### Criminal Record Checks

- 6.4 A criminal record check on operators is an important safety measure. It will depend on the individual applicant as to what criminal record checks will be required. These are set out below.
- 6.5 Where the applicant is an individual person, the Council requires the applicant to submit the following as part of the application process:
- a standard criminal records disclosure report from the Disclosure and Barring Services ('standard DBS report') relating to the applicant; and
  - a declaration as to whether any company of which they have been a director or secretary has been convicted of any offences.
- 6.6 Where the applicant is a company, the Council requires the applicant to submit following documentation as part of the application process:
- a declaration as to whether the company has been convicted of any offences at any time; and
  - a standard DBS report for each director and secretary of the company.
- 6.7 Where the applicant is a partnership, the Council requires a standard DBS report for each partner to be submitted as part of the application process.
- 6.8 Further declarations and standard DBS reports will be required every 6 months.
- 6.9 If an applicant has not lived continuously in the UK for 5 years, then in addition to submitting a standard DBS report with their application, they must submit an original authenticated certificate of good conduct (together with a translation into English if the document is in another language) obtained from the embassy for the country in which the applicant was living immediately before arriving in the UK. If the driver has lived in more than one country prior to arriving in the UK, then a report from each country in which they lived for 3 months or more during the 5 years immediately prior to their arrival in the UK is required to be submitted with their application. To be clear, any translation of the document must be from the embassy which issued the original document. This will also apply to individual applicants, each partner of a partnership applicant and the directors and secretaries of company applicants.

## **Conditions**

- 6.10 A set of standard conditions for operator's licence is set out at Appendix K. The Council considers it reasonable and necessary that these be attached to an Operator's licence. However, these may be amended or additional conditions attached as may be considered reasonably necessary in any individual case.

## **Licence Duration**

- 6.11 Operators' licences granted for 5 years, however, the Licensing Authority may grant a licence for a shorter period should this be considered appropriate in the circumstances.
- 6.12 An operator can apply for a licence for the number of vehicles that they have at the time of application. An operator's licence authorises vehicles up to the number stated on the licence. If an operator wishes to add to his or her fleet above that number then the operator must apply for a variation to the licence before they start operating more than the number of vehicles as is specified in their existing licence.
- 6.13 The Council will send a reminder letter to licensed operators around 6 weeks before their existing licence expires in order to assist them in their prompt submission of renewal applications; however the responsibility to submit a renewal application in good time prior to the expiry of any existing licence is solely the responsibility of the applicant. Licensed operators should ensure renewal application forms, together with any supporting documents, are received by the Council before their existing licence expires as this will ensure that in most cases applications are processed and new licences issued before expiry of the existing licence.

## **Operating address**

- 6.14 The Council will only grant an Operator's licence if the applicant proposes to operate from an address within the District of Adur. This is to ensure that proper regulation and enforcement measures may be taken by the Council and is in no way intended to be a restraint of trade.
- 6.15 Upon the grant of an Operator's licence, the Council will specify the address from which the operator may operate. This will be the premises where the booking records are kept and where bookings are made.
- 6.16 The operator must notify the Council in writing of any change of his/her address, (whether this is a home address or the address from where he/she operates) during the period of the licence, within 7 days of such a change taking place or, preferably, before this takes place.
- 6.17 It will be the responsibility of the operator to ensure that appropriate planning consent exists for the operational address to be used for that purpose. Any licence granted cannot override any planning restrictions on a premise nor any restrictions that may be attached to the lease of a premise. Accordingly the applicant should address all planning considerations.
- 6.18 Operators are required to only use licensed private hire vehicles that have been licensed by the District Council or they may pass bookings on to another licensed operator. When using Hackney Carriages to meet their bookings, such vehicles must meet the council's Private Hire Vehicle Licence standard conditions with the exception of:
- Roof sign
  - Vehicle colour.

Private Hire vehicles that have been licensed outside the district cannot legally work directly for the operator under the District Council's Operator's licence.

## **7. Disciplinary and Enforcement Measures**

### **Enforcement**

- 7.1 With a view to balancing the promotion of public safety with the need to permit individuals to safeguard their livelihood without undue interference, the Council will only intervene where it is appropriate and proportionate to do so.
- 7.2 The Council's General Enforcement Policy will be used to ensure that the Council's enforcement effort is proportionate, transparent and well directed.

### **Disciplinary**

- 7.3 Disciplinary matters, except in the case of breaches of vehicle requirements, will ordinarily be referred to the Authorised Officer or dealt with by Officers. One of the functions of the Authorised Officer is to consider the impact of any misconduct on the fitness of an individual to hold a licence and to take the action appropriate to the circumstances. In cases that involve serious misconduct the Authorised Officer may refer the matter to the Licensing Committee for consideration if deemed appropriate.

## Appendix A

### Hackney Carriage Vehicle Specification

#### 1. Vehicle Specification

- 1.1 When licensing vehicles the Council has to consider the need for safety, convenience, and comfort of passengers in vehicles that operate in rural, urban and motorway environments. The size and engine capacity have also to be considered given that all vehicles are required to carry their licensed number of passengers together with their luggage. The Council considers that a vehicle should be of manufacturers' original specification and shall be as constructed and designed:
  - a) For the Carriage of not more than 8 passengers with the provision of a seatbelt for each passenger.
  - b) The rear seat of the vehicle must be a minimum of 48 inches with no mouldings restricting the seating capacity. All other seats must measure 16 inches.
  - c) Not to be left-hand drive. Right hand drive passenger vehicles offer the driver clear and safer vision in an overtaking manoeuvre, and also eliminate the need for a front seat passenger to alight from the vehicle into the road.
  - d) To have windows to the side and rear providing natural light to the passenger compartment.
- 1.2 In the interest of safety each vehicle should have a minimum of 4 doors, which are capable of being opened from the inside.
- 1.3 The passenger carrying capacity will be at the discretion of the Council.
- 1.4 The vehicle seats must have these specifications:
  - a) The rear seat of the vehicle must be a minimum of 48 inches with no mouldings restricting the seating capacity. All other seats must measure 16 inches.
  - b) The driver's seat fully pushed back there must be a minimum gap of 7 inches between the front of the rear seat and the back of the front seat and 34 inch gap in height from the lowest part of the seat pad to the roof.
  - c) All seats must be fitted with fully operational seat belts.
  - d) The number of passenger seats must remain as stated on the vehicle licence.
  - e) There must be no alteration to the seating configuration without notifying the Council.
  - f) All seats must be forward or rear facing.
  - g) All vehicles must be able to seat all passengers in comfort with sufficient legroom for all passengers.
  - h) The seat covering must be clean and in a good state of repair.

## **2. Age of vehicle**

- 2.1 In the case of first application for a vehicle licence not more than 7 years from the first date of registration and thereafter not more than 10 years in the case of a renewal application.
- 2.2 The maximum age limits described may only be exceeded if the vehicle presented is in exceptional condition.
- 2.3 The vehicle and its fittings must, when being presented for inspection and at all times during when it is licensed and available for hire:
  - a) Be Safe
  - b) Be Tidy
  - c) Be Clean
  - d) Comply with all relevant statutory requirements applicable to the class of vehicle to which it belongs including, but without prejudice to the Motor Vehicle (Construction and Use) Regulations which currently apply.
- 2.4 All paintwork will be professionally finished and the vehicle free from dents and damage to either bodywork or fittings. Bare metal, primer paint, visible rust and perforations will not be permitted.

## **3. Wheelchair Accessible Vehicles**

- 3.1 In the case of all Hackney vehicles that are built or adapted for disabled passengers, the design of the vehicle should ensure that any wheelchair is loaded from the side or the rear of the vehicle.
- 3.2 If a vehicle is off the road due to accident or damage and a replacement vehicle is supplied, this vehicle must also comply with 2.5 above.
- 3.3 The Council will only consider licensing vehicles converted or adapted to carry wheelchairs if the conversion is approved by an Institute of Automotive Engineers Assessor. The licence applicant must produce the original certificate from the approved Institute of Automotive Engineers Assessor as part of their licence application.
- 3.4 Any equipment fitted to the vehicle for the purpose of lifting a wheelchair into the vehicle must have been tested in accordance with the requirements of the Lifting Operations and Lifting Equipment Regulations 1998 (S.I. 1998/2307) and the original testing certificate must be presented to the Licensing Office as part of the licence application.

## **4. Roof signage**

- 4.1 Roof signs must comply with the following criteria. The sign must
  - a) Measure 30 inches in length, 5 inches in height and 6 inches width.
  - b) Be of "Slope Streamline" type design
  - c) Include the Borough Council logo in black on the left hand side of the front face of the sign.
  - d) The logo must measure not less than 4 inches in height by 5 inches in width.
  - e) Display in the middle of the front face of the sign the following words in the prescribed format:
    - Hackney Carriages the word TAXI
    - Private Hire Vehicles the name of the Operator

5. The licence holder shall at all times when acting as a Private Hire driver wear the badge issued by the Council around his/her neck on the lanyard or clip supplied by the Council.
6. Where any property is left in the vehicle by a passenger the licence holder must, in all cases, take reasonable steps to trace the owner and should report all unclaimed lost property on line to Sussex Police within 48 hours at:  
<https://www.sussex.police.uk/ro/report/lp/lost-or-found-property/>
7. The licence holder must not allow a passenger into their vehicle unless they have first confirmed that there is a booking in place for that passenger made by their operator.
8. Where the licence holder is issued with a fixed penalty by a police officer for a driving-related offence, he/she must notify the Council's Licensing Office of this fact in writing (or by email to [taxi.licensing@adur-worthing.gov.uk](mailto:taxi.licensing@adur-worthing.gov.uk)). The licence holder must ensure that the notification is delivered to the Council by the next working day.
9. Where any of the following occur, the licensed driver must notify the Council of this fact and must do so in writing (or by email) so that the notification is delivered to the Council within 7 days:
10. Any change to the licence holder's personal details including home address, contact telephone number or email address.
11. If the licence holder is charged with any criminal offence including any motoring offence.

12. Any convictions or police cautions given for any criminal offence, including any motoring offence.
13. If they change from one Private Hire operator to another.
14. A licensed driver shall not at any time permit the noise from any radio or sound system in the vehicle to be a source of nuisance or annoyance to any person, whether inside or outside the vehicle. The licensed driver must turn off their radio/stereo if requested by a passenger.
15. A licensed driver shall not between the hours of 23:30 and 07:00 sound his horn to notify the hirer of his presence.
16. A licensed driver shall not, without the consent of the hirer, convey any other person in the vehicle other than the hirer.

18. A licensed driver must supply on request his badge number or plate number to any person who requires it.
19. Any occupied wheelchair being transported in a wheelchair accessible vehicle must be safely secured using the restraint system carried in the vehicle, provided such system is compatible with the wheelchair being transported.
20. The operator must notify the Council in writing of any change of his/her address, (whether this is a home address or the address from where he/she operates) during the period of the licence, within 7 days of such a change taking place or, preferably, before this takes place.
21. A licence holder stopped by a Police or Licensing Officer, must be able to produce their licence on demand.

## Appendix K

### Private Hire Operator's Licence Conditions

#### 1. Provision and Furnishings of Private Hire Vehicles

- 1.2 Should it come to the operator's attention that a vehicle on his/her/its circuit is not in a clean and tidy condition, he shall notify the proprietor and/or the driver and ensure that no jobs are given to the driver of that vehicle until the operator is satisfied that the vehicle is in a clean and tidy state.

#### 2. Display of Licence Plates, Signs and Advertising

- 2.1 The operator shall ensure that the licence plate issued and allocated by the Council is affixed to the outside of the carriage, on or adjacent to the rear bumper, or in such other position as may be approved by the Licensing Officer.
- 2.2 The operator shall ensure maintenance of such licence plates in a clean and legible condition and shall inform the Council immediately should it be lost or broken or become defaced.

The operator may display on the outside or inside of the vehicle the following:

- Private Hire car sign (which may be issued by the Council) on the windscreen
- Vehicle Licence plate
- Approved West Sussex County Council School Transport Sign when operating in conjunction with school contracts and
- Anything else that is required to be displayed by law
- But may not without first applying for and obtaining the council's permission, allow any other sign to be affixed to any part of a vehicle.

#### 3. Records

- 3.1 The operator shall keep a permanent record of every booking of a Private Hire vehicle invited and accepted by him, whether direct from the hirer or by undertaking the bookings at the request of another operator. The records shall be made available for inspection by a Council Officer or Police officer upon request. The record entries must be made before the commencement of each journey and shall include:

- The name of the passenger
- Name and contact details of the hirer
- The time of the booking
- Time and date of the pickup point
- Details of the destination
- The name of the driver
- The driver's licence number
- The vehicle registration number of the vehicle
- The name of any individual that responded to the booking request
- The name of any individual that dispatched the vehicle.
- Name of the driver allocated for the journey and the driver's Call sign.

- 3.2 All records kept by the operator pursuant to Condition 3.1 above shall be preserved for a period of at least 12 months from the date of the journey.

- 3.3 Private hire vehicle operators have a duty under data protection legislation to protect the information they record. The Information Commissioner's Office provides comprehensive on-line guidance on registering as a data controller and how to meet their obligations.
- 3.4 The operator shall keep written records of the particulars of all Private Hire vehicles operated by him and shall include a copy of the licensed driver's Private Hire licence, details of the proprietor of each vehicle, the registration number of each vehicle and driver/s of each vehicle together with any radio call sign used.
- 3.5 The operator shall ensure that each driver is allocated their own unique call sign.
- 3.6 The Operator will securely retain a copy of the licences of all drivers (whether Private Hire or Hackney Carriage) engaged to work for them and make them available for inspection by a Council officer or Police officer upon request.
- 3.7 The operator must ensure that every driver that works on his circuit holds a current Private Hire driver's licence at all times the driver is undertaking work on the circuit.
- 3.8 During all times that a vehicle is being operated by the licence holder under this licence, the licence holder must ensure that the vehicle has:
- a valid certificate of insurance for the vehicle to be used for hire and reward for those vehicles licensed as Private Hire vehicles or a valid public hire insurance policy for those vehicles with a Hackney Carriage vehicle licence.
  - a valid Garage Inspection Report
  - a valid Private Hire vehicle Licence or Hackney Carriage proprietor licence.
  - a valid road fund licence
- The operator is required to keep a record of all the above and allow a Council officer or Police officer to inspect them upon request.
- 3.9 If any documents (as above in condition number 3.7) expire the operator must ensure the driver does not work on the circuit until valid documents have been submitted to the operator.
- 3.10 The operator must provide a register of staff taking bookings and dispatching vehicles monthly to the Council.
- 3.11 All staff taking bookings and dispatching vehicles must be DBS checked every 12 months.
- 3.12 The operator must supply a copy of their policy on employing ex-offenders
- 3.13 Use of passenger carrying vehicles (PCV) licensed drivers PCV licensed drivers are subject to different checks from taxi and private hire vehicle licensed drivers as the work normally undertaken, i.e. driving a bus, does not present the same risk to passengers. Members of the public are entitled to expect when making a booking with a private hire vehicle operator that they will receive a private hire vehicle licensed vehicle and driver. The use of a driver who holds a PCV licence and the use of a public service vehicle (PSV) such as a minibus to undertake a private hire vehicle booking should not be permitted as a condition of the private hire vehicle operator's licence without the informed consent of the booker.
- 3.14 Where a private hire vehicle is unsuitable, for example where a larger vehicle is needed because more than eight passenger seats are required or to accommodate luggage, the booker should be informed that a PSV is necessary, and that a PCV licensed driver will

be used who is subject to different checks and not required to have an enhanced DBS check.

#### **4. Conduct of Operator**

- 4.1 The licence holder must not accept a booking by any person to hire a Private Hire vehicle unless the passenger or someone on his behalf previously requested the hiring by telephone, letter, email, text or personal call to the office or business premises of the licence holder.
- 4.2 The licence holder must not accept a request for hire (a booking) which has been communicated to them via a driver operating a Private Hire vehicle. To be clear: the licence holder must not accept a booking from a potential passenger made on that person's behalf by a driver in circumstances where the person approached the driver in the street seeking to hire the vehicle.
- 4.3 The operator must ensure that none of his office staff or agents touts for business on the street whether or not this is nearby the operator's offices. In this context, 'tout for business' means approaching any person on the street and asking if they want to book a vehicle where that person has not approached the operator's staff first.

#### **5. Complaints**

- 5.1 The operator shall notify the Council in writing of any complaints concerning a contract for hire arising from his business that he feels prudent to do so, for example for his own protection against frivolous or vexatious complaints. Such notification must include the action taken, or proposed, as a result of the complaint.

#### **6. Miscellaneous**

- 6.1 The operator may only operate from an address within the district of Adur.
- 6.2 The licence holder must notify the Council at least 7 days prior to any intended change of address from which the licence holder intends to operate under this licence.
- 6.3 The licence holder may only trade under this licence using one of the following names:
  - (a) his/her/its own name, or
  - (b) the trading name or one of the names which the licence holder included on the licence application form; or
  - (c) another trading name provided that the operator notifies the Council at least 14 days prior to the intended change to name under which the operator intends to trade.
- 6.4 This licence must be kept in the possession of the operator and must be produced when requested by a Council officer or any police officer.
- 6.5 In the event of loss or damage to this licence the Council's Licensing Section Office must be informed immediately so that a replacement licence can be issued.
- 6.6 This licence must not be altered or defaced in any way.
- 6.7 The operator must not refuse a booking because the person wishing to make the booking proposes that his/her guide dog is to travel in the vehicle with them. The operator must not make an additional charge for the carriage of a passenger's assistance dog.

- 6.8 The operator must not operate more vehicles than the total number of vehicles specified in their licence.
- 6.9 Upon the grant of an operator's licence, the Council will specify the address from which the operator may operate. This will be the registered premises where the records are kept and where bookings are accepted.
- 6.10 Where the licence holder is a person, he/she must notify the Council in writing (or by email to: [taxi.licensing@adur-worthing.gov.uk](mailto:taxi.licensing@adur-worthing.gov.uk)) if any of the following occur, and must do so within 7 days of the event occurring
- Any change to the licence holder's personal details including home address (or where the licence holder is a company, the registered address), contact telephone number or email address.
  - If the licence holder is charged with any criminal offence including any motoring offence.
  - Any convictions or police cautions given for any criminal offence, including any motoring offence.
- 6.11 Where the licence holder is a company, a director or the secretary, they must notify the Council in writing (or by email: [taxi.licensing@adur-worthing.gov.uk](mailto:taxi.licensing@adur-worthing.gov.uk)) if any of the following occur, and must do so within 7 days of the event occurring
- Any change to the licence holder's personal details including the registered address, contact telephone number or email address.
  - If the licence holder is charged with any criminal offence.
  - If any director or the company secretary is charged with any criminal offence or motoring offence.
  - If any director or the company secretary is convicted or given a police caution for any criminal offence or motoring offence.
  - The details, including full name, home address and telephone contact number, of any director or company secretary appointed after the licence was granted.
- 6.12 **Conditionality Tax check**
- Application to renew a operator licence will require a tax check. Confirmation is required from HMRC that the applicant has completed the check before being able to consider their renewal licence application.
  - If the applicant is not registered then the application is not complete and the licence will not be issued.

## Appendix L

### Enforcement

In most cases where there are reasons to believe that enforcement action against a licence holder may be required the procedure to be followed is that set out in the Council's Environmental Health Enforcement Policy (available on the Council's website at [www.adur-worthing.gov.uk](http://www.adur-worthing.gov.uk)), in particular the procedure relating to enforcement reviews. The following should therefore be read in conjunction with, and is in addition to, the Council's General Enforcement Policy.

#### **Private Hire & Hackney Carriage Drivers and Private Hire Operators**

The Council has considered the Department for Transport's 2010 Best Practice Guidance and in particular notes that in paragraph 59 councils are encouraged to have a clear policy for the consideration of criminal records.

Set out below are the factors, both in relation to criminal activity, other types of unacceptable behaviour and factors of concern, which will be considered when the delegated officer is considering whether or not they are satisfied that a person is a fit and proper person to hold a licence.

#### **1. General matters**

1.1 Each case will be decided on its own merits.

#### **1.2 Relevance of convictions**

1.21 A person with a current conviction for serious crime need not be permanently barred from obtaining a licence but should be expected to remain free of conviction for 3 to 5 years, according to the circumstances, before an application will be entertained. Some discretion may be appropriate if the offence is isolated and there are mitigating circumstances. However, the Council's overriding consideration should be the protection of the public.

1.22 Remaining free from convictions will not generally be regarded as sufficient evidence that a person is a 'fit and proper' person to hold a licence. The Council does not confine itself to convictions but also takes into account non-convictions etc. (in line with Leeds City Council v Hussain). Some discretion may be appropriate if the offence is isolated and there are mitigating circumstances. However, the overriding consideration should be the protection of the public. The following examples afford a general guide on the actions to be taken where convictions are admitted or discovered.

#### **2. Dishonesty**

2.1 It is essential for the public to have trust in Hackney Carriage and Private Hire drivers. The practice of delivering unaccompanied property is indicative of the trust that business people place in licensed drivers. However, there is scope for a dishonest driver to defraud a passenger by demanding more than the legal or agreed fare or by taking a longer route to a destination. Visitors are particularly at risk from an unscrupulous driver.

For this reason, the Council will take a serious view of any offences involving dishonesty. The Council will generally not consider an application until a period of at least 3 years free from convictions has elapsed. More than one conviction for this type of offence within the last 5 years will raise serious doubts about the applicant's fitness to hold a licence. In such cases, the Council may reject the application.

2.2 In the case of a licensed driver convicted of an offence involving dishonesty, the Council may refuse to renew, suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 3 years free from convictions of this type has elapsed.

2.3 Offences of dishonesty include:

- Theft
- Burglary
- Fraud including benefit fraud
- Handling or receiving stolen goods
- Forgery
- Conspiracy to defraud
- Obtaining money or property by deception
- Other deception

### **3. Violence**

3.1 The Council will take a serious view of any applicant convicted of an offence involving violence.

3.2 Unless there are exceptional circumstances a licence will not normally be granted where the applicant has a conviction for one or more of the following offences:

- Murder
- Manslaughter
- Manslaughter or culpable homicide while driving
- Arson with intent to endanger life
- Terrorism offences
- Or any similar offences (including attempted or conspiracy to commit offences) or offences which replace the above.

In the case of a licensed driver convicted of any of the above offences, unless there are exceptional circumstances, the Council will normally revoke the licence immediately.

3.3 A licence will not normally be granted where the applicant has a conviction for one of the following offences in the 10 years immediately prior to the date of application:

- Malicious wounding or grievous bodily harm which is racially aggravated
- Actual bodily harm which is racially aggravated
- Grievous bodily harm
- Robbery
- Possession of firearm
- Riot
- Assault on Police
- Racially aggravated offences
- Violent disorder
- Resisting arrest
- Or any similar offences (including attempted or conspiracy to commit offences), which replace the above.

3.4 In the case of a licensed driver convicted of any of the above offences, the Council may suspend or revoke the licence. If a licence is revoked, no further application will normally

be considered until a period of at least 10 years free from convictions of this type has elapsed.

- 3.5 A licence will not normally be granted where the applicant has a conviction for one of the following offences in the 5 years immediately prior to the date of application:
- Assault occasioning actual bodily harm
  - Common assault
  - Affray
  - Criminal damage
  - Harassment
  - Or any similar offences (including attempted or conspiracy to commit offences), or offences which replace the above
- 3.6 In the case of a licensed driver convicted of any of the above offences, the Council may suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 5 years free from convictions of this type has elapsed.
- 3.7 A licence will not normally be granted where the applicant has a conviction for one of the following offences in the 3 years immediately prior to the date of application:
- S.5 Public Order Act 1986 offence (harassment, alarm or distress)
  - S.4 Public Order Act 1986 offence (fear of provocation of violence)
  - S4A Public Order Act 1986 offence (intentional harassment, alarm or distress)
  - Possession of a weapon (other than a firearm)
  - Obstruction
  - Or any similar offences (including attempted or conspiracy to commit offences), or offences which replace the above
- 3.8 In the case of a licensed driver convicted of any of the above offences, the Council may suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 3 years free from convictions of this type has elapsed.

#### **4. Drugs**

- 4.1 The Council will take a serious view of convictions for drug related offences.
- a) An application will normally be refused when an applicant has a conviction related to the supply of drugs and the conviction is less than 5 to ten years prior to the date of application. After 5 years have elapsed, consideration will be given if an applicant can provide evidence that they can be considered a 'fit and proper' person.
  - b) In the case of a licensed driver who is convicted of an offence linked to the supply of drugs, the Council may suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 5 years free from convictions of this type has elapsed.
- 4.2 An application will generally be refused where the applicant has more than one conviction relating to the possession of drugs and the last conviction was less than 5 years prior to the date of application.
- 4.3 An application from an applicant who has an isolated conviction for possession of drugs within the last 3 to 5 years will require serious consideration before a decision is made regarding their suitability. The Council may require the applicant to produce additional information in order to satisfy the Council that they are a fit and proper person to be granted a licence.

4.4 The Council will take a serious view of a licensed driver convicted of an offence for possession of drugs. An isolated incident will result in a strict warning about future conduct. More than one conviction for this type of offence in the last 5 years will raise serious doubts about the person's fitness to hold a licence. In such cases, the Council may refuse to renew, suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 5 years free from convictions has elapsed, and the Council may require that the person submit a medical examination report from their own GP addressing their drug-use problems when they re-apply for a licence.

4.5 See below for offences relating to driving under the influence of drugs and/or alcohol.

## **5. Sexual and indecency offences**

5.1 Hackney Carriage and Private Hire drivers frequently carry unaccompanied and/or vulnerable passengers. The Council will therefore take a serious view of any convictions for a sexual offence. A licence will not normally be granted if an applicant has more than one conviction for a sexual offence.

5.2 Unless there are exceptional circumstances, an application will normally be refused where the applicant has a conviction for an offence such as:

- Rape
- Assault by penetration
- Sexual offences involving children or vulnerable adults
- Or any similar offences (including attempted or conspiracy to commit offences), or offences which replace the above

In the case of a licensed driver convicted of any of the above offences, unless there are exceptional circumstances, the Council will in most cases immediately revoke the licence.

5.3 A licence will not normally be granted where the applicant has a conviction for any of the following offences in the 10 years immediately prior to the date of application:

- Sexual assault
- Indecent assault
- Possession of indecent photographs, child pornography etc.
- Exploitation of prostitution
- Trafficking for sexual exploitation
- Or any similar offences (including attempted or conspiracy to commit offences), or offences which replace the above.

In the case of a licensed driver convicted of any of the above offences, the Council may suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 10 years free from convictions of this type has elapsed.

5.4 A licence will not normally be granted where the applicant has a conviction for any of the following offences in the 5 years immediately prior to the date of application:

- Indecent exposure
- Soliciting (kerb crawling)
- Or any similar offences (including attempted or conspiracy to commit offences), or offences which replace the above.

In the case of a licensed driver convicted of any of the above offences, the Council may suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 5 years free from convictions of this type has elapsed.

- 5.5 Applications will be refused where the applicant is on the Sex Offenders Register or is subject to a Sexual Offences Prevention Order (SOPO) or any similar order which may in the future replace SOPOs.

## **6. Alcohol Related Offences**

### **6.1 With motor vehicle:**

The Council will take a serious view of an applicant convicted for driving or attempting to drive a vehicle with levels of alcohol in blood, breath or urine in excess of the permitted limit. A single conviction for any alcohol-related driving offence will normally preclude an application from being granted a licence for a period of 5 years from the time the person's DVLA licence is restored.

More than one conviction for any alcohol-related driving offence represents an unacceptable risk to the public and an application will normally be refused.

If there is any suggestion that the applicant suffers clinical alcohol dependence, the Council may require a medical examination to be undertaken and a report submitted to the Council to consider as part of the application process. If the applicant is found to be suffering from clinical alcohol dependence, an application will not normally be considered until a period of at least 5 years has elapsed after completion of treatment of the condition. The cost of any medical examination and report must be paid for by the applicant/driver.

The Council will take a serious view of a licensed driver convicted of driving or attempting to drive a vehicle with levels of alcohol in excess of the permitted limit as this will raise serious doubts about the person's fitness to hold a licence. In such cases, the Council may refuse to renew, suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 5 years free from convictions of this type has elapsed.

If a licensed driver is convicted of driving or attempting to drive a vehicle with levels of alcohol in excess of the permitted limit where he/she was driving (or attempting to drive as the case may be) a licensed vehicle (whether Hackney Carriage or Private Hire vehicle), the Council will view this especially seriously and treat this as an aggravating factor.

### **6.2 Without motor vehicle:**

An isolated alcohol-related offence (not involving driving) will not necessarily prevent an applicant being granted a licence, and similarly an isolated alcohol-related offence (not involving driving) committed by a licensed driver will not usually lead to the suspension or revocation of the driver's licence.

However, where an applicant has a number of convictions for alcohol-related offences may indicate a medical problem. In such cases, the Council may require a medical examination to be undertaken and a report submitted to the Council to consider as part of the application process. The cost of any medical examination must be paid for by the applicant.

## **7. Minor traffic offences**

- 7.1 Convictions for minor traffic offences, for example obstruction, waiting in a restricted street, etc., will not necessarily prevent a person from being considered for a licence. If a new applicant has 6 live penalty points on their driving licence for such offences then the application may be granted subject to a strong written warning. If an applicant has more than 6 penalty points on their licence then the application will normally be refused and no further application will normally be considered until a period of at least 12 months free from convictions of this type has elapsed.
- 7.2 In the case of a licensed driver accumulating nine or more penalty points the Council may refuse to renew, suspend or revoke the licence. If a licence is revoked, no further application will normally be considered until a period of at least 12 months free from convictions of this type has elapsed.

## **8. Major traffic offences**

- 8.1 If an applicant has live endorsements or has been disqualified from driving in respect of one or more major traffic offences, for example reckless driving or driving without due care and attention etc., then the application will normally be refused until at least 5 years after the most recent such conviction.

## **9. Mobile Phone**

Using a hand-held device whilst driving Where an applicant has a conviction for using held-hand mobile telephone or a hand-held device whilst driving, a licence will not be granted until at least five years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

## **10. Offences by licensed drivers, proprietors or operators**

- 10.1 Where a licensed driver is convicted of more than one offence for alcohol-related offence this will raise doubts about the person's fitness to hold a licence. In such cases, the Council may refuse to renew, suspend or revoke the licence. If a licence is revoked, the Council may require a medical examination to be undertaken and a report submitted to the Council to consider as part of a future re-application process.
- 10.2 Any conviction resulting from an offence committed by any person whilst working as a Hackney Carriage or Private Hire driver or operator, or when driving a Hackney Carriage or Private Hire vehicle even if not working as a professional driver, is regarded as extremely serious and may lead to a licence being suspended or revoked or an application to renew the licence being refused.
- 10.3 The Council also regards as extremely serious offences by licensed drivers and operators who commit licensing-related offences, especially the offence of illegally plying for hire, and may lead to a licence being suspended or revoked or an application to renew the licence being refused. Licensing-related offences in this context include any offences contrary to the Town Police Clauses Act 1847, the Local Government (Miscellaneous Provisions) Act 1976 or any breach of licence conditions or bye laws made under the relevant legislation, but especially the offence of illegally plying for hire.
- 10.4 More than one conviction for the above would almost certainly lead to the Council revoking the licence.

## **11. Cautions and Endorsable Fixed Penalties**

- 11.1 For the purpose of these guidelines simple cautions and endorsable fixed penalty notices will be taken into consideration when deciding an applicant is fit and proper.

## **POLICY REVIEW & SUPPORT**

This document provides guidance to members, officers, licence holders, applicants, responsible authorities and interested residents on the general approach the Licensing Authority will take in terms of taxi licensing. Although each licence application must be considered separately on its individual merits, in adopting this handbook, the Licensing Authority is making it clear that wider considerations other than the fitness of the applicant and suitability of the vehicle will be taken into account when determining an application.

The handbook is written in pursuance of the relevant legislation and guidance but may be revised at any time there is considered to be a need for adjustment. The Licensing Authority will comply with any statutory requirements. Where required there will be public consultation before any revision of the policy.
