

ADUR DISTRICT
COUNCIL

Adoption Statement

Supplementary Planning Document:

Sustainable Energy

A key aim of the adopted Adur Local Plan (2017) is to make progress towards a low carbon, sustainable community through sustainable construction, energy efficiency, the use of renewable energy, and to make a significant contribution to low and zero carbon energy production.

This Supplementary Planning Document (SPD) aims to clarify existing policy in Adur Local Plan and emerging policy in the Shoreham Harbour Joint Area Action Plan (JAAP). It presents clear guidance on how applicants can comply with policy and submit information to Adur District Council in a way which can easily be assessed by planning officers.

The SPD describes the various different renewable energy technologies and how they can be applied to developments. It clarifies the different energy requirements for the different plan areas in Adur (the Shoreham Harbour JAAP area and the remaining area in Adur). It also describes how an energy statement can be developed and what this should cover.

Any person with sufficient interest in the decision to adopt the SPD may apply to the High Court for permission to apply for judicial review of the decision. Any such application must be made promptly and in any event not later than 3 months after the date on which the SPD was adopted (14th August 2019).

The SPD may be viewed at the following locations:

- All libraries within Adur
- Adur and Worthing Council offices, Portland House, Richmond Road, Worthing
- The Shoreham Centre, Pond Road, Shoreham-by-Sea.
