Dear Mr Moody,

Examination of the Worthing Local Plan 2020-2036

1. I am most grateful for the Council's Hearing Position Statements which I am currently considering, along with those submitted by interested parties.
2. The Council's Statement on Matter 3 – Housing Provision (WBC-E-05) includes an updated housing trajectory and five-year housing land supply position. It would aid discussion about these issues if the Council were also able to provide updated list(s) of sites which make up the various categories of delivery. Similar tables are included as Appendices 2 and 3 of the Housing Implementation Strategy Topic Paper (CD/H/16).
3. I recognise that there is relatively little time before the relevant hearing session. I assume the tables would have been updated to arrive at the position set out in WBC-E-05. However, if it is not possible to provide the data prior to the session on Matter 3, then I would ask that the Council ensure they are able to explain how the position set out in CD/H/16 has changed.
4. I trust this is acceptable to the Council, but should there be any concerns, or any other queries, then please let me know through the Programme Officer.

Yours sincerely,

Steven Lee INSPECTOR
