NARRATIVE REPORT

INTRODUCTION

This Statement of Accounts has been prepared in accordance with the requirements of the Chartered Institute of Public Finance and Accountancy (CIPFA). It aims to provide information to our residents, Council Members, partners, stakeholders and other interested parties so that they can:

- Understand the financial position of the Council in 2022/23;
- Have confidence that the public money with which the Council has been entrusted has been used well and accounted for in an appropriate manner;
- Be assured that the overall position of the Council is sound and secure.

This is the narrative report to the Statement of Accounts for the year ended 31st March 2023. It provides a summary of the financial position as at 31st March 2023 and is structured as below:

- Introduction to Adur as a place
- Key information about the Council
- The Council plan and non-financial achievements of the Council in 2022/23
- The 2022/23 revenue budget process and medium term financial plan
- Financial Overview of the Council 2022/23
 - * Revenue spend in 2022/23
 - * Capital Strategy and Capital Programme 2022/23 to 2025/26
- Housing Revenue Account
- Top strategic risks
- Summary position

This is followed by an explanation of the Financial Statements.

1. AN INTRODUCTION TO ADUR AS A PLACE

Adur District Council is one of seven Local Authorities in West Sussex. It lies on the South Coast and covers an area of approximately 41.8 km². The Council shares its boundaries with Brighton and Hove City Council to the east, Worthing Borough Council and Arun District Council to the west, and Horsham District Council and Mid Sussex District Council to the north. It is located at the foot of the South Downs at the southern edge of the beautiful South Downs National Park.

Population:

Adur has a population of approximately 64,544 according to the Office of National Statistics with an age profile of:

Age range	Adur District Council	Nationally
0 - 15	18.0%	18.9%
16 - 64	58.4%	62.2%
65+	23.6%	18.9%

There are 2,345 businesses within the area. Business Rate income was £16.2m in 2022/23. This was higher than the previous financial year, in 2021/22 support was provided by the Government to the local economy during the Covid 19 pandemic through additional business rate reliefs. The Council kept £2.6m of income related to Business Rates, 10% of the income was paid to the County Council with the remainder paid to the Government.

2. **KEY INFORMATION ABOUT ADUR DISTRICT COUNCIL**

Adur District Council is a large, complex organisation offering a wide range of services to its residents. Its policies are directed by the Political Leadership and implemented by the Council Leadership Team and Officers of the Council. The following section describes the political and management structures of the Council.

Political Structure in the 2022/23 Municipal Year

Adur has 29 Councillors representing 14 wards. In 2022/23 the political make-up of the Council was:

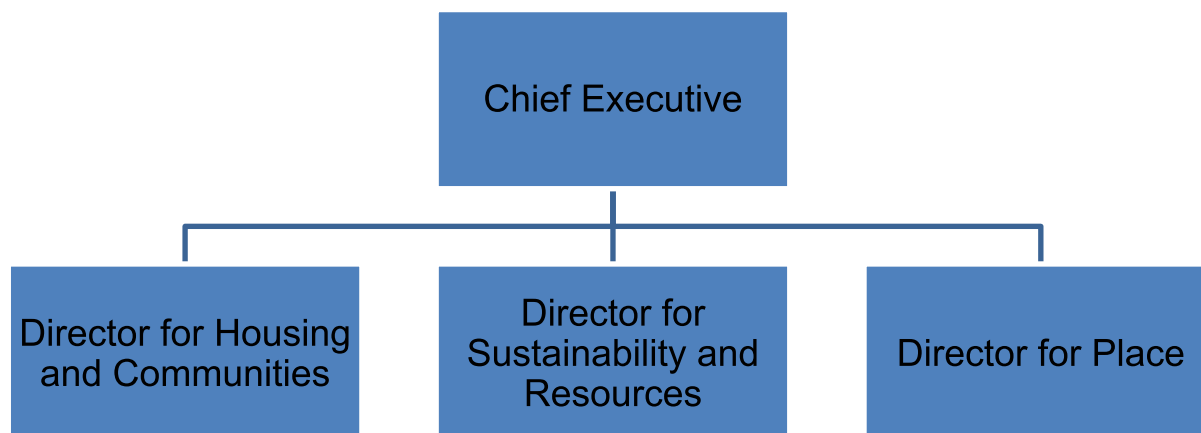

Conservative Party	16 Councillors
Labour	9 Councillors
Green Party	2 Councillors
Independent - Shoreham Beach Residents Association	2 Councillor

The Council has adopted the Leader and Cabinet model as its political management structure. The Leader of the Council has responsibility for the appointment of Members of the Executive, the allocation of portfolio responsibilities and the delegation of Executive Functions. Scrutiny of the Executive decisions, including the financial strategy, has been undertaken by the Joint Overview and Scrutiny Committee

The current leader of the Council is Councillor Neil Parkin.

Management Structure

Supporting the work of the Councillors is the organisational structure of the Council headed by the Corporate Leadership Team led by the Chief Executive.

Adur District Council:

- ✓ Holds £361m of assets to support services and provide income to fund service delivery
- ✓ Generates £8.4m of income from fees, charges and rents (net of Housing Subsidy and Housing Revenue Account income) to help deliver services and keep council tax down
- ✓ Has set a balanced budget each year despite allocated funding from revenue support grants and retained business rates falling each year. In 2022/23 government funding (New Homes Bonus, Services Grant and Lower Tier Services Grant) made up 1.3% of total generated income (excluding Housing Benefit Subsidy) .

Working in partnership

Government initiatives have placed great emphasis on partnership working for service delivery to help meet the changing needs of customers and the cost savings authorities need to find. To

achieve this goal Adur District and Worthing Borough Councils are part of an innovative partnership arrangement.

The shared single officer structure, which was introduced in April 2008, includes all of the services that were intended to operate as shared Adur & Worthing services with a net budget of £24.5m for 2022/23. The shared services are managed via a Joint Committee. This Joint Committee has to meet all the accounting requirements of a public sector body. For accounting purposes the following key processes apply:-

- The Joint Strategic Committee has a separate budget.
- As each service moved across from Adur and Worthing to the Joint Strategic Committee their respective budgets and spend were pooled.
- The net expenditure within the Joint Strategic Committee is recharged back to Adur and Worthing Councils.

3. COUNCIL PLANS AND PERFORMANCE

OUR PLAN - 2023-2026

The Council's priorities are laid out in 'Our Plan' which was agreed in the autumn of 2022. The plan is the framework for everything we do at Adur and Worthing Councils and sets out:

- Our Purpose - what the councils are fundamentally here to do;
- How we work - how we will treat each other as colleagues, customers and partners;
- Our Principles - which allow us to work effectively and to evolve as an organisation;
- Our Foundations - the universal services citizens see and use plus the core services; and
- Our Missions - Ambitions and focused areas of work.

Our Missions

These are the big ambitions and complex issues that need to be addressed for Adur and Worthing to thrive long term. By nature they are bigger than the individual services that we provide, requiring creative solutions that cut across council teams and other organisations.

Mission	Aim to achieve
Thriving People	<ul style="list-style-type: none"> • People are healthy, resilient and resourceful; they can access the right help when they need it • Everyone has a safe, secure and sustainable home; • Everyone is able to enjoy a wide range of cultural, leisure and sporting opportunities
Thriving Places	<ul style="list-style-type: none"> • Places are designed for people and nature; they are clean, safe and feel looked after • People feel a sense of belonging to places and communities. They can influence how places change; • Active travel is easy, with opportunities for walking, cycling and public transport
Thriving Environment	<ul style="list-style-type: none"> • Action now achieves a fair transition to Net Zero Carbon by 2045; • Resilience to climate change and increased biodiversity by restoring natural habitats; • A circular economy is created, one that minimises waste and keeps materials in use

Thriving Economy	<ul style="list-style-type: none"> • An inclusive economy which provides people with skills and opportunities to secure good quality jobs; • Ambitious, high-growth companies located in Adur and Worthing and smaller independent businesses thrive; • Economic growth regenerates places and high streets, helping communities to prosper
-------------------------	--

The “Our Plan” programme can be found at: [Our Plan](#)

Achievements in 2022/23

Although financial times are challenging for the Council and the sector as a whole, progress has been made; a selection of updates on the Council’s priorities is as follows:

Thriving People

• Cost of Living

Helping those most in need through the cost of living crisis is a focus and priority for Adur District Council with evidence of the impact that rising costs and inflationary pressures are having on local residents, including new households that have not previously had to access financial support.

The Adur Cost of Living Roadmap details the high level actions that the Council and its partners in the not for profit, government and private sectors will take to address the impacts of the rising cost of living. Further details about the initiatives, including who will lead on their delivery, timeframes, and measures of success, are set out in an accompanying Cost of Living Action Plan. A ‘partnership working group’ has been convened to provide more immediate guidance on implementation of the Roadmap and Action Plan, and a number of time limited working groups set up to drive delivery of specific initiatives, including housing and homelessness, ethical debt and data sharing. Adur Council provides and funds the administrative support and project management for implementation of the Roadmap

Adur Council's role is one of stewardship - coordinating and supporting implementation of the Roadmap’s programme of work. Whilst Council is the lead agency for some actions in the Roadmap, its role is to facilitate delivery by partners of the full suite of initiatives. There are four major areas of focus for the Roadmap:

1. Providing Infrastructure support to where there is an immediate short term need.
2. Developing a sustained and co-ordinated community response to ensure that residents who are most at risk of experiencing financial exclusion are able to achieve better financial wellbeing and resilience.
3. That Adur Council considers its own organisational culture, policy and practice to ensure it responds to cost of living impacts.
4. That partners in Adur work collaboratively to better use resources to meet community needs.

Immediate action is being taken by the Council and its partners to support households facing the most severe impacts, including maximising benefit and income support entitlements, and supporting food provision. The Roadmap will also look to put in place ongoing sustainable measures for addressing underlying issues, for example financial exclusion, debt management, and reducing people’s energy use. It will also consider place-based initiatives in response to the cumulative needs of neighbourhoods within Adur.

As part of the government's levelling up agenda the council has been allocated funding through the UK Shared Prosperity Fund (UKSPF). Within the agreed Investment Plan there is commitment to support projects related to the Cost of Living over 3 years, in 2022-23 this included the development of a No Interest Loans Scheme providing loans to financially.

- **Proactive**

Our multidisciplinary Proactive Project is progressing well. The team uses the LIFT platform to identify households with low financial resilience and telephones them to explore ways to increase household income, reduce household debt and also to address the depression, anxiety and loneliness that often accompany financial exclusion. For some residents, support is offered at the first point of contact (our customer services team) but for others, they are “introduced” (referred) to other Council teams for further assistance.

The team has now been able to identify financial and wellbeing impacts as a result of this work. LIFT assigns each resident with a financial risk score and we can track these over time. As part of the overall ‘safety net’ offered we will continue to invest in our OneStop “Money Coaches” and we will seek to improve food security by continuing to support the development of a sustainable food bank network in Adur.

Introduction of the TellJo pilot, using an online screening tool that residents can access by completing a simple online questionnaire showing them how to request a fair repayment plan with the Councils, get discounts on their utility bills and receive debt advice. The tool also provides signposting to third sector organisations offering support for those dealing with issues including mental health conditions, drug or alcohol problems, or domestic abuse.

The UKSPF Investment Plan sets out that funding is to be used to embed and expand the TellJO pilot and expand the provision and use of the LIFT platform in 2023/24.

- **Homelessness**

Demand on the service continues to increase, with the cost of living crisis pushing more people into financial difficulties. The Housing Needs Team are working closely with partner organisations to ensure as many households and individuals as possible are helped to avoid homelessness, or be speedily rehoused once homeless.

The focus on reducing rough sleeping and homelessness will continue at pace, meeting the challenges of increased demand. Where possible, the council will seek to achieve an ‘Everyone In’ approach by working with a range of landlords to make offers of accommodation to everyone who is in need. This approach is supported by our “Opening Doors” scheme which includes a range of incentives (such as no commission or fees and a guaranteed rent for up to two years), and is increasingly transforming our ability to help families most in need. The Council has completed 6 new units in Albion Street Shoreham and will continue to seek opportunities to increase its stock of housing for Emergency and Temporary Accommodation including the scheme planned for South Street, Lancing.

A West Sussex County wide post funded by the Districts and Boroughs has been appointed to support the delivery of housing to meet needs across the county and working with RSLs to develop housing will be part of this workstream as well as our local partnerships in the Homelessness Prevention Partnership.

- **Housing Strategy**

The Joint Strategic Committee in March 2023 agreed to the extension of the Housing Strategy 2020-2023 to March 2024. We have seen progress in our ambitions to build with the progression of the small sites build programme with planning applications submitted on a number of sites. The Council is set to complete 49 homes at Albion Street during 2023.

Thriving Places

- **Development of Place**

Adur Civic Centre (Phase 2) - The planning application for the former Civic Centre site was approved in April 2022. This will see the delivery of 170 new affordable homes

Coastal defences - Shoreham Yacht Club- The new yacht club has been completed and work is underway to build the new coastal defences.

New homes - The Council through its planning department has supported several major schemes to deliver new homes including:

Free Wharf - Southern Housing to develop 540 new homes at Free Wharf in Shoreham, supported by grants from Homes England. Work has progressed on Stage 1 which will deliver 137 affordable housing units on the A259 frontage at Free Wharf.

Hyde Housing have started on site to deliver 255 affordable homes on Kingston Wharf alongside Easystore's innovative Enterprise Centre providing storage and managed office floorspace.

New Monks Farm - Cala homes have completed 120 homes at New Monks Farm; the riverside Pumping Station is complete and operational; and work on the new roundabout on the A27 is progressing, using £5.7m of Local Growth funding secured via Coast to Capital.

- **Safer Communities**

We have also been working on the next Safer Communities Strategy which was signed off by the Joint Strategic Committee in October 2022. Work is now being done to develop the Delivery Plan for this work which will be focusing on the following priorities:

- Reduce the harm caused by serious, organised and acquisitive crime;
- Increase safety for vulnerable adults and children;
- Improve pathways out of offending and reoffending;
- Increase community cohesion and reduce ASB & hate crime;
- Reduce public place violent crime with a particular focus on youth safety;
- Tackle social inequality and the drivers of crime;
- Embed trauma informed practice across partners;
- Better understand the experiences of minoritised communities;
- Tackle violence against women and girls at every opportunity

Thriving Environment

- **Waste and recycling**

The national Resources and Waste Strategy set out ambitions to introduce consistent recycling collections across England with a focus on separate food waste collection and source segregation, the introduction of a Deposit Return Scheme (DRS) for plastic drinks bottles and cans, and changes to the Extended Producer Responsibility (EPR) legislation which will move the full cost of dealing with packaging waste away from households, local taxpayers and councils and on to its producer. The details of how the requirements will have to be implemented, and any announcements on funding have been delayed by central government. However all three elements (food waste/ consistency of collections, DRS and EPR) will significantly affect how we provide our services.

In preparation for the changes the council has commissioned a feasibility study on food waste collection for Adur which identifies different collection options and models their costs and performance. The work was carried out by Eunomia Research and funded by WRAP (Waste and Resources Action Programme).

We have significantly increased our communication around waste and recycling, including information on social media to incorporate national and local recycling campaigns and numerous blogs covering seasonal items including food waste minimisation and christmas recycling.

- **Nature Restoration and Protection**

The Councils are members of the Sussex Kelp Restoration Project, a collaboration of national and local organisations taking an evidence-based approach to tackle the challenges to the restoration of Sussex kelp. We have also initiated a West Sussex Coastal Local Authority Forum to help coordinate action along the coast as the kelp forest returns, working collaboratively on beach management issues.

Linked to this, excellent progress is being made with Sussex Bay, the ambitious initiative to drive integrated “blue habitat” restoration along the coast through kelp forest and river estuary restoration. The project is working with DEFRA (Department for Environment, Food and Rural Affairs) and many local partners, including the Worthing small boat fishing community in developing plans for the future of sustainable fishing locally. Work is also progressing with the Arun to Adur Farmers Group regarding use of seaweed as fertiliser for soil improvement to tackle the wash up of kelp from winter storms.

The Council's land acquisitions for nature restoration are among the most innovative interventions made in the UK by any local authority. Partnership and community working locally is very strong, and restoration plans are progressing well.

Cissbury Fields Site Management Plan was developed by the Council, South Downs National Park and the community, including Findon Valley Residents Association. The approach has been very positively received by local residents and by South Downs National Park Authority and National Trust.

- **Sustainable Energy**

55 Ground Source Heat Pumps are now installed at Shadwells Court and Tollbridge House, fully removing gas from these sites and reducing carbon emissions from heating by over 80%.

The Shoreham Centre now uses a large bank of Air Source Heat Pumps to provide heating and hot water to the building and solar PV arrays are installed at the Shoreham Centre, Eastbrook Manor Community Centre, Commerce Way, Marsh House and Shadwells Court, further reducing carbon emissions.

The Council has also utilised Low Carbon Skills Funding to develop heat decarbonisation plans for the majority of its fossil-fuel fired boilers.

The Council have worked in partnership with WSCC to install Phase 1 of a series of EV on-street charging points across Adur. In addition, the Council has supported the latest Active Travel consultation which is examining the introduction of north-south corridors, as well as continuing to investigate the delivery of interventions on the A259 (Western Harbour Arm).

The Council remains an active player in the Greater Brighton Economic Board and locally, continues to work in partnership with Ricardo, Shoreham Port (to name a few) regarding hydrogen production and deployment.

The Solar Together Sussex (STS) scheme, supported by Councils across Sussex, including Adur and Worthing Councils, continues to progress well and is in its second phase. STS is a group buying scheme that enables residents to install high-quality, roof-mounted solar panels and battery systems at competitive prices. Over 200 households have installed either solar PV and/or battery storage through the scheme to the end of 2022/23.

We continue to support the Local Authority Delivery (LAD) Green Homes Grant Programme in consortia with other South East local authorities. LAD aims to decarbonise homes through installing measures such as insulation, new heating technologies and solar PV to homes EPC rated D,E,F & G.

Thriving Economy

- **Supporting Local Business and Innovation**

- Lancing 'Now and into the Future' has been established - a participatory approach that has established new aspirations for the Village. A Levelling Up bid is to be submitted in 2023.
- The Council continues to work with partners, such as Shoreham Port and Ricardo, to bring hydrogen production and technology to the area.
- The Council continues to work in partnership with CityFibre to roll out new connections across the area.
- Citizen WiFi is now being procured for Shoreham town centre, for delivery by the end of 2023.

Core Services

- WorkspacesAW has seen the Councils respond quickly to learning gained through the pandemic. By leasing a part of Portland House, revenue has been generated to support the Councils' budget while providing the financial capacity for significant modernisation of office spaces. WorkspacesAW has delivered different kinds of office space (meeting rooms, quiet spaces, collaboration spaces) while supporting home working and making a blended model of working the norm.
- Our customer service team has continued to deliver excellent levels of service, embracing the opportunity to proactively support the most vulnerable, making calls out to help customers facing financial or housing difficulties, and referring them on to further support from housing, well-being or third party support services. This proactive work, described in more detail in Thriving People, is data led, person centred, and focuses on improving household income and/or reducing household debt. Customer service has established and led a cross service team that can take a more holistic view of residents to support those already in crisis, and can also take an early intervention approach to minimise the numbers of residents tipping into crisis. A simple pathway has been followed for over 160 residents, with tangible financial and wellbeing outcomes identifiable for many of those. Of those who have engaged with the proactive team, more are now "coping" financially than previously and fewer are "struggling" or "at risk".
- Citizen Hub has been designed to enable joint working across teams and track outcomes for those receiving support, it will be expanded over time to enable tracking of customer experience end to end, across multiple services.

- Our digital estate continues its migration to the cloud, with the Revenues & Benefits system migrated in 2022/23. The provision of much needed digital self service for the revenues and benefits service will be delivered in 2023/24 and is expected to make a big impact on convenience for customers and should reduce call volumes freeing staff up to support customers proactively.
- Administration of the government backed schemes for energy rebate payments.
- Critical relationships - The Councils continue to maintain and develop a diverse and ever increasing set of partnerships including housing partners, the community and voluntary sector, the NHS, and Police and Community Safety organisations. Our relationships with other Districts and Boroughs continue to be positive and we are keen to further cultivate these, for example through strategic work such as Sussex Bay. Our work with West Sussex County Council in many areas is also progressing well and this will need to develop further if we are to successfully implement policy changes such as the Environment Act and the Health and Social Care reform agenda plus other areas of shared priority. At a regional level the Local Resilience Forum has continued to be invaluable, bringing together a variety of local players to deal with the pandemic response at a Sussex wide level. Our work with the Local Economic Partnership and the Greater Brighton Economic Board continues, supporting our ambitions around place, prosperity and sustainability.

4. **THE REVENUE BUDGET 2022/23 PROCESS AND THE MEDIUM TERM FINANCIAL PLAN (MTFP)**

Revenue Budget 2022/23

The budget for 2022/23 was compiled within the context of the Government's Comprehensive Spending Review, the Chancellor's Budget and the local government settlement. The Council has seen a significant decline in recent years in overall government income with increasing amounts of income being generated locally through Council Tax, Business Rates, fees and charges, and income from commercial property. This trend is expected to continue for at least the next 5 years in line with the Council 5-year forecast.

In addition to the national context, the Adur District Council budget strategy has taken account of pressures and risks such as:

- inflation, the largest source of cost pressure;
- income generated by the Council which may be affected by lack of demand;
- impact of increasing demand for such services as homelessness;
- withdrawal of funding by partners, potentially losing funding for key priorities;

The Council has a working balance and other earmarked reserves to help mitigate these risks.

The Council agreed a budget strategy to meet this challenge in 2023/24 through 5 major work streams: developing commercial income: investing in property to support service objectives: tackling homelessness: reviewing and rationalising our property holdings; and the delivery of a new customer and digital strategy. In addition the Council continues to pursue savings through efficiency reviews, good procurement and base budget reviews.

These initiatives have resulted in savings of £168,000 as part of the 2022/23 budget round and ensured that service delivery was protected from any significant cuts. The Council set a balanced budget in February 2022.

Council Tax

The Council chose to increase Council Tax for 2022/23 by an average of 1.99%.

The comparison of the average Band D Council Tax charged in the area is shown below:

Band D Council Tax	2021/22	2022/23	Change
	£	£	%
Adur District Council – Basic Council Tax	294.21	299.79	1.99
West Sussex County Council	1,510.56	1,555.74	2.99
Sussex Police & Crime Commissioner	214.91	224.91	4.65
	2,019.68	2,080.44	3.02
Parish precepts and other adjustments:			
Special expenses	24.39	25.29	3.69
Lancing Parish Council	52.65	52.65	0.00
Sompting Parish Council	37.26	37.17	-0.24

Council Tax base

The Council Tax base for 2022/23 was 21,699.70 which was an increase of 466.90 on the previous year's number of Band D equivalents.

Band D Council Tax	2021/22	2022/23
Number of Band D equivalent dwellings	21,232.80	21,699.70

Budget Strategy for 2023/24 to 2027/28

In preparing the budget strategy for 2023/24 to 2027/28, the aim was to deliver the Council's priorities initially outlined in 'Platform for our Places' which has been replaced in 2022/23 with a new corporate strategy; 'Our Plan'. The forecasts are updated throughout the year to give the Council a clear view of the forthcoming financial challenges. The budget strategy for the development of the 2023/24 budget was approved by Council on 19th July 2022 and it set the strategic direction to address the significant challenges not only for 2023/24 but onwards.

The fall in government funding combined with the impact of the cost of living crisis on the Council's budgets included in the forecasts highlighted that the Council needed :

1. To transform services through the use of digital technology and by putting the customer at the heart of our business;
2. To invest in new property to generate income for the Council in the future;

3. To expand commercial activity;
4. To tackle the cost of homelessness through prevention work and commissioning better, more affordable accommodation

The Council has to identify significant budget reductions of £2.9m over the five years with a £1m challenge at that point expected for 23/24 as follows:

Savings required per year

In February 2022, the Council set a balanced budget having successfully identified further savings of £168k.

Further details around the most recent forecasts for both Councils are contained in the report 'Developing a revenue budget for 2024/25 in difficult economic circumstances', which was considered on 11th July 2023 at the Joint Strategic Committee. The strategy has been updated to reflect the impact that the current high inflation rates are having on the Council's budgets. This can be found on the joint Adur District Council and Worthing Borough Council website www.adur-worthing.gov.uk.

Budget monitoring

Revenue and capital monitoring information is presented to the Executive four times a year. Any particular areas of concern are subject to detailed scrutiny by the relevant Portfolio holder at separate 'budget hotspot' meetings. In addition, the Joint Overview and Scrutiny Committee can add areas of concern to their work programme.

5. **FINANCIAL OVERVIEW**

A comprehensive summary of the financial performance of the partnership authorities (Adur District Council, Worthing Borough Council and the Joint Strategic Committee) is contained in the reports on financial performance for 2022/23 considered by the Joint Strategic Committee (JSC). There are two separate reports titled:

- Financial Performance 2022/23 - Revenue Outturn (JSC July 2023); and
- Financial Performance 2022/23 - Capital and Projects Outturn (JSC September 2023).

These are available on the joint Adur District Council and Worthing Borough Council website www.adur-worthing.gov.uk.

The financial activities of the Council can be categorised as either Revenue or Capital:

- Revenue spending represents the net cost of consuming supplies and providing services delivered by the Council in its day-to-day business during the year.
- Capital spending results in an asset, which will provide benefit to the District over a number of years.

Revenue Spend in 2022/23

A more detailed summary of the Council's financial results for 2022/23 is given on the following pages but a brief outline of what we planned to spend and what we actually spent is given below.

The financial outturn for the General Fund shows that the Council has again contained expenditure within the original budget levels despite facing a range of additional costs that were not part of the original budget. In 2022/23 Adur District Council reported an underspend of £10,166 against a budget of £9,742,360, which was only a marginal difference from the budget.

The most significant items which contributed to the position were as follows:

	Adur
2022/23 Outturn	Outturn
Overspend in operational services – including share from Joint	1,770
Impact of Pay award above budgeted increase	392
Reduction in national insurance contribution rate	-30
Reduced borrowing requirement: A reduction in net borrowing costs in 2021/22, due to reprofiling of the capital programme and continued low interest rates.	-911
Non ring fenced Government grants:	
Additional Non ring fenced grant	-27
Impact of Taxation:	
Section 31 - additional NNDR grant for extra reliefs granted in 2022/23	-1183
Changes to business rate income	739
Transfer from reserves	
Transfer from reserves to fund projects	-681
Tax Guarantee Smoothing Reserve	-59
Net underspend	10

Where such items were identified when the 2022/23 budget was being prepared, an allowance for any impact on the future years was built into the budget for 2023/24.

How the money was spent and how services were funded

CABINET MEMBER PORTFOLIOS	ORIGINAL BUDGET 2022/23	OUTTURN 2022/23	(UNDER)/ OVERSPEND

Net Underspend Transferred to Reserves		(10,166)	(10,166)
	-	0	0

The Council's net budget is funded by income from:

1. Funding from Central Government

The Council receives no Revenue Support Grant. However the Council did receive a new one year Services grant allocation of £121,823, Lower Services grant of £79,270 and £179,904 of New Homes Bonus.

2. Funding from Local Taxpayers

The Council collected £45.7m of Council Tax relating to 2022/23 on behalf of the Council, West Sussex County Council, Sussex Police and Crime Commissioner and the Parish Councils. This represented 97.2% of the £45.995m Council Tax due to be collected. In addition, Council Tax Support payments totalling £4.5m were awarded during the year together with other discounts such as Single Person Discount of £5.8m.

Council Tax is collected by Adur District Council on behalf of the following preceptors in the proportions detailed: West Sussex County Council 73.66%, Sussex Police & Crime Commissioner 10.82% and Adur District Council and Parish Councils 15.52%.

The Council benefitted from £6.9m of Council Tax income in 2022/23. A further £0.440m was collected on behalf of the Parish Councils.

3. Funding from Local Businesses

The Council also collects Business Rates from local businesses. Of the £16.2m collected, after allowing for exemptions, reliefs and provisions, the Council receives 40%, 10% is paid to the County Council and the remaining 50% is paid over to the government's national pool.

However, of the amount kept by the Council, a further £5.8m was due to be paid over to the Government as part of the business rate retention system.

The Council retained a net £2.6m of Business Rate and associated grant income in 2022/23 within the statutory accounts.

Total Funding from taxation:

	Budget	Actual
	£	£
Council Tax *	6,793,010	6,793,010
Parishes *	435,000	435,000
Business Rates after use of smoothing reserve	1,527,730	851,323
Section 31 grants - compensation for loss of business rate income	1,005,000	2,188,000
Tax Income Guarantee - withdrawal from reserve	59,010	59,000
Lower Tier Services grant	79,270	79,270
Services grant	121,820	121,823
New Homes Bonus	156,520	179,904
	10,177,360	10,707,330

* Net of budgeted Collection Fund surplus/deficit.

It must be noted that most of the difference in the Business Rates income budgeted and the deficit position is due to the introduction by the Government (after the 2022/23 budget had been set) of additional retail, leisure, hospitality and nursery business rate reliefs awarded to support businesses. The Council received a compensating Government section 31 Grant from the Government for any additional reliefs awarded.

In addition capital grants and contributions were received totalling £2m.

CAPITAL INVESTMENT PLANS

Capital spending either maintains or creates new assets or is expenditure that is capital under statute that will contribute to the Council's aims and objectives over more than one year. The Council plans and budgets for capital expenditure by means of a three-year 'rolling' Capital Programme.

Capital Outturn 2022/23

The capital investment programme for all Adur Portfolios was originally estimated at £87,646,020. Subsequent approvals and re-profiling of budgets produced a total revised budget of £19,733,680. Actual expenditure in the year totalled £13,717,080, a decrease of £6,016,600 on the revised estimate, comprising net budget carry forward to future years of £5,879,640 and a net underspend of £136,960. The major factors contributing to the re-profiling and slippage were:

1. Schemes where the Council does not have direct control over the scheme progress. For example where the scheme is managed by another authority, or mandatory grant schemes where the spend is demand led and the Council has no control over when the grants will be paid.
2. Works completed in advance of budget profile.
3. Officer capacity has resulted in some schemes being unable to commence or complete within the financial year.
4. Negotiations required with other interested parties.
5. Identification of suitable opportunities to develop new commercial property.
6. The impact of supply chain issues following the pandemic and Brexit on the delivery of some materials.

The re-profiling of schemes was on-going throughout the year and in total 17 schemes completed as planned in 2022/23.

Expenditure in 2022/23 was financed as follows:

	£'000
Government grants and other contributions	2,028
Capital receipts	760
Borrowing	7,579
Major Repairs Reserve	3,154
S106 contribution	65
Revenue & external contributions	131
	13,717

Significant investments in 2022/23 included:

- Continued spend on the development of Albion Street to provide 49 affordable homes

Proposed design of the new council homes at Albion Street

- Improvements to Council homes including fire protection works.
- Play area improvements
- Improvements to the Council's digital infrastructure
- Adur and Worthing Workspaces project to co-locate the NHS with the Councils

Each Council's capital programme outturn and financing is explained in more detail in the Joint Strategic Committee report "Financial Performance 2022/23 - Capital and Projects Outturn" which was considered on the 27th September July 2023. This report is available on the joint Adur District Council and Worthing Borough Council website www.adur-worthing.gov.uk.

Borrowing

A summary of the Council's borrowings, categories of financial liabilities, debt maturity structure, interest payable and the different types of risks is contained in Note 17 to these accounts. Sources and funds used to meet capital expenditure are summarised in the capital spend section of this Narrative Report and more detail is contained in the 27th September 2023 Joint Strategic Committee report "Financial Performance 2022/23 - Capital and Projects Outturn". This report is available on the joint Adur District Council and Worthing Borough Council website www.adur-worthing.gov.uk.

Housing Revenue Account

The Council operates a ring-fenced landlord's account.

- The Council owns approximately 2,510 homes which are worth £210m.
- In 2022/23 the Council collected £12.3m in dwelling rents (£12.1m in 2021/22).
- The Council is planning to spend £40.7m over the next 3 years to increase the supply of affordable homes and improve the condition of existing housing stock.

Capital Investment Plans 2023/24 – 2025/26

The Council plans to invest £104m in its capital assets over the next 3 years (including £40.7m on Council Homes).

The ambitious programme is designed to deliver a range of benefits including:

- The acquisition and development of temporary and emergency accommodation;
- Support for the delivery of affordable homes by Housing Associations;
- Delivery of new rental units within the Housing Revenue Account;
- Expenditure on improvements to Council homes to address fire safety and backlog maintenance issues;
- Improvements to leisure and play facilities throughout the District;
- Coast Protection works along the river Adur;
- Investment in assets to support the local economy, improve the supply of housing or reduce the Council's carbon footprint and produce a sustainable income stream for the future.

	3-year plan			
	2023/24	2024/25	2025/26	Total
Expenditure by Portfolio	£'000	£'000	£'000	£'000
Customer Services	34,706	8,046	8,086	50,838
Environment	1,729	579	442	2,750
Health and Wellbeing	607	61	121	789
Regeneration	2,241	96	137	2,474
Resources	45,823	665	697	47,185
Total Expenditure	85,106	9,447	9,483	104,036
Funded by:				
Capital grants and contributions	2,357	673	512	3,542
Revenue contributions and reserves	4,268	4,285	4,289	12,842
Borrowing	78,360	4,385	4,582	87,327
Capital receipts	121	104	100	325
Total Funding	85,106	9,447	9,483	104,036

6. TOP STRATEGIC RISKS

Detailed below are the most significant risks that the Council is currently managing.

Risk Overview	Risk that Adur Council will fail to comply with statutory health and safety obligations as a social landlord (Adur Homes)
Commentary / Mitigation measures	There is a significant Improvement Programme underway with Adur Homes (AH) following the self referral to the Regulator for Social Housing. This programme is being developed and shared with the Regulator and work has been reported to Members. The full programme is due to be shared with Members in September outlining the focus of measures to address compliance, governance, performance and a range of other measures to improve the service on behalf of our tenants/leaseholders
Risk Rating	Impact = Major Likelihood = Very Likely Risk Rating = High

Risk Overview	Cost of Living Crisis
Commentary / Mitigation measures	<p>We have yet to fully recover from the pandemic with recovery further hampered by the Cost of Living crisis. Whilst overall levels of vulnerability in Adur and Worthing are generally lower-overall than the national average, there are significant inequalities between wards.</p> <p>With regard to Universal Credit, the Department for Work and Pensions has confirmed that for Adur and Worthing, the length of time on Universal Credit has a significant impact on the cost of living, over 900 have been on UC for over 3 years (this could correlate with those claiming Personal Independence Payments).</p> <p>Long-term unemployment is hugely problematic in terms of tackling inequalities. Our most recent report from Citizens Advice for the 4th quarter of 2022-2023 presents a worrying picture when compared to the same period in the previous year: In Worthing there has been a 45% increase in the number of issues and clients presenting with benefit issues, 25% increase in the number of Universal Credit issues, 80% increase in the number of utilities and communications issues In Adur, the number of benefit and Tax Credit issues has more than doubled, there has been a 162% increase in the number of debt issues, 17% more men are coming to us for financial services help We have remained committed to being data informed using LIFT to identify residents facing financial hardship and debt, we continue to use the Proactive approach to target these residents, to offer help and assistance.</p> <p>We have commissioned additional resources through an interactive early help platform, TellJo, We have secured significant resources through the UK Shared Prosperity Fund(UKSPF) to fund a no Interest Loans Scheme, tackle fuel poverty and build upon both the OneStop and Proactive approach to ameliorate the risks of the CoL crisis. In respect of the round 4 HSF we have successfully lobbied the County Council level to directly allocate £221,850 to A&W councils so that we offer a one off payment to 1,748 households who will miss out on the £900 Government cost of living support in 2023. In addition we have invested in a 1 year post to further embed our CoL approaches.</p>
Risk Rating	Impact = Major Likelihood = Very Likely Risk Rating = High

Risk Overview	Economic uncertainty - in relation to inflation, interest rates and workforce shortages which are impacting on local businesses, including energy costs, upward pressure on wages, inability to fill vacancies, skills shortages
----------------------	---

Commentary / Mitigation measures	The Councils have navigated these pressures carefully in order to set a balanced budget for 23/24, and schemes like the Worthing Heat Network are aiming to provide options for other organisations, such as Worthing Hospital to achieve energy security. The Councils have developed an Economy theme in the new corporate plan called "Thriving Economy" which will work to ensure "A varied and resilient economy that works for everyone. Our local business strengths are known worldwide. Businesses create jobs to support local people and create aspiration in our communities, they respect and nurture the environment." This approach will help to ensure that our places are well positioned to benefit from those opportunities that will arise in a new economy founded on regenerative principles.
Risk Rating	Impact = Major Likelihood = Likely Risk Rating = High

Risk Overview	Council Finances - Risk that Council's finances will continue to be under pressure
Commentary / Mitigation measures	Councils continue to be under financial pressure. Inflation remains high which is impacting a number of budget lines including pay where the proposed budget will be insufficient. Given the Council's overall financial position, this remains a key risk for the future.
Risk Rating	Impact = Major Likelihood = Likely Risk Rating = High

Risk Overview	Housing supply - Limited housing supply in all areas and all tenures is a key risk for the Councils in terms of both discharging its statutory duty to prevent homelessness and support those at risk, as well as placing critical budgetary pressures on the Councils. Managing this demand is challenging and places additional capacity pressures on the operational teams.
Commentary / Mitigation measures	New housing and homelessness prevention strategies are being developed this year, focusing on developing the new strategic approach to tackling homelessness, housing needs and housing supply. A new A&W Homelessness Prevention Partnership has been created to develop a more collaborative approach to addressing the drivers for this work. Strategic work continues, the Mental Health Housing Strategy resulting in Mental Health Housing Advisors funded by Sussex Partnership Trust co-locating with the Housing Needs Team, the workers are now embedded, with outcomes currently reported for West Sussex with local District and Borough sets being planned. In the last reported quarter (Qu.4 22/23) 98% of cases were either supported to remain in current accommodation or move to alternative accommodation, with only 40% of these cases with support of the local authority, preventing homelessness. The work is not only preventing homelessness via case work, but by improving relationships and pathways between services, increasing knowledge of housing and homelessness triggers enabling mental health workers to manage low level issues and refer cases appropriately to the Housing Needs Team.

	<p>Demand in homelessness continues to increase, driven by 'no fault' section 21 notices as landlords increase rents and sell their properties as a result of new regulations, as well as family evictions as lack of affordable supply is resulting in households being unable to secure their own housing in the private sector and are presenting to the council as homeless. The work is not only preventing homelessness via case work, but by improving relationships and pathways between services, increasing knowledge of housing and homelessness triggers enabling mental health workers to manage low level issues and refer cases appropriately to the Housing Needs Team. Demand in homelessness continues to increase, driven by 'no fault' section 21 notices as landlord increase rents and sell their properties as a result of new regulations, as well as family evictions as lack of affordable supply is resulting in households being unable to secure their own housing in the private sector and are presenting to the council as homeless. Additional pressures are anticipated as interest rates increase, affecting mortgages as well as arising from Ukraine and Afghan schemes as the Home Office implements the ending of bed and breakfast accommodation and temporary arrangements break down.</p> <p>Affordable Housing Delivery Group and subgroup continue to meet to identify opportunities to develop our owned and contracted temporary accommodation portfolios to meet current and predicted future demand. As well as building our strategic relationship with Homes England, we are also working closely with the Department for Levelling Up and Communities and Homes England to secure revenue and capital for housing programmes for single homelessness. Increasing our portfolio of owned temporary accommodation is a priority as the most cost effective way to deliver good standard local accommodation.</p> <p>Opening Doors continues to work with private landlords to secure private sector housing but this is becoming more challenging; the gap between rents and LHA continues to increase with Adur / Worthing notably having the least supply and biggest shortfall for 2 bedroom properties alongside landlords selling properties. There are currently 41 properties on the scheme with 16 new in the pipeline. 31 have been 'floated off' to date - with the council no longer guaranteeing the rent and the landlord now managing the tenancy. 28 arrangements have been ended predominantly due to the landlords increasing the rents or selling the properties. We are developing the scheme further for all household sizes, a pilot first trialled under the single homeless Next Steps Accommodation Programme. Accommodation is first let as Temporary Accommodation and then converted to Assured Shorthold Tenancies under the Opening Doors Scheme. The work is not only preventing homelessness via case work, but by improving relationships and pathways between services, increasing knowledge of housing and homelessness triggers enabling mental health workers to manage low level issues and refer cases appropriately to the Housing Needs Team. Demand in homelessness continues to increase, driven by 'no fault' section 21 notices as landlord increase rents and sell their properties as a result of new regulations, as well as family evictions as lack of affordable supply is resulting in households being unable to secure their own housing in the private sector and are presenting to the council as homeless. Additional pressures are anticipated as interest rates increase, affecting mortgages as well as arising from Ukraine and Afghan schemes as the Home Office implements the ending of bed and breakfast accommodation and temporary arrangements break down.</p>
Risk Rating	Impact = Major Likelihood = Very Likely Risk Rating = High

Risk Overview	Major Project Delivery - Unlocking major development can be complex and take some time to deliver. The successful delivery of a major scheme will often depend on economic conditions over an extended period.
Commentary / Mitigation measures	Inflationary pressures in the construction sector and wider economic uncertainty have had a significant impact on the development sector. Supply of certain materials such as steel, labour and timber has been difficult with a resultant increase in prices. A number of the major projects are market facing so dependent on rental income or disposable income to make their business cases suitable. Should inflation sustain without a commensurate increase in commercial income then the viability of some projects will be challenging. Interest rates are increasing which is undermining the viability of the invest to save proposals. The Councils will need to explore a range of options to ensure that major projects are still able to come forward in a manner which delivers the best outcomes for our communities.
Risk Rating	Impact = Major Likelihood = Likely Risk Rating = High

Risk Overview	Climate emergency risk - Councils need to mitigate climate change, adapt to climate change and prepare for more frequent extreme climate events and impacts.
Commentary / Mitigation measures	Progress against the 2030 carbon neutral target is good. A green fleet strategy will be completed in summer 2023 and a £1m project to test the use of hydrogen at the crematorium will be the first of its kind in the UK. The Trees for Streets programme launched in June 2023 and work is progressing on a greening guide to help drive the delivery of nature based solutions in development, public realm and open spaces. The Sussex Bay marine project has recently secured external grant funding and a major application is being prepared in partnership with the Universities of Sussex, Brighton and Portsmouth. A revised engagement and participation strategy with businesses and communities is being devised to build a strong approach to the delivery of wider area missions for carbon, nature and circular economy.
Risk Rating	Impact = Major Likelihood = Likely Risk Rating = High

Risk Overview	Delivery of partnership working and joint services - Delivery of Adur & Worthing Councils partnership working arrangements model and the provision of joint services is impacted by the different competing priorities being set by the new administrations which leads to a failure to deliver strategic objectives, potential reputational damage, an impact on the budget costs for both Councils. A potential risk of the breakdown of partnership arrangements which would be unaffordable.
Commentary / Mitigation measures	New governance arrangements introduced following the review of the Constitutions to enable decisions to be taken, and scrutiny undertaken, by individual authorities for sole matters, while retaining joint management and scrutiny of shared operational services. Regular meetings of both Leaders with the Chief Executive to support good working relationships. Regular meetings between the Councils Leadership Team and both Executive teams, and meetings between Director and portfolio holders. Development of shared objectives where possible, such as climate, cost of living crisis and a range of other key agendas. Individual Council priorities now agreed and supported by a new Corporate Plan (Our Plan).
Risk Rating	Impact = Major Likelihood = Likely Risk Rating = High

The most recent details about the Council's risks can be found in the report to the Audit and Governance Committee "Risk and Opportunity Management updates" which was considered on the 13th July 2023. This report is available on the joint Adur District Council and Worthing Borough Council website www.adur-worthing.gov.uk.

SUMMARY

This is an extremely difficult time for the whole of Local Government. The current economic climate and international events have impacted on the council significantly with rapidly increasing costs due to inflation, rising interest rates and difficult energy markets. These pressures not only impacted the council directly but affected residents' lives resulting in the need to support the community in a range of different ways: from supporting those who become homeless to administering financial support.

The overall underspend for 2022/23 needs to be viewed in the context of a difficult year which included increased cost pressures driven by high inflation, increased interest rates and the impact of a waste dispute.

The Council continues to balance the need to invest in future service developments with new emerging financial challenges from inflation and the continued changes to government funding.

Looking ahead, 2023/24 will be another difficult year with continued pressure from inflation, together with new emerging cost pressures. The outturn position will inform the development of the 2024/25 budget. Any cost issues have been taken into account where possible as part of the development of the 2023/24 budget.

FURTHER INFORMATION

Further information on Adur District Council's accounts is available from the Section 151 Chief Financial Officer based at the Town Hall, Chapel Road, Worthing, or by accessing the joint Adur and Worthing Councils website, www.adur-worthing.gov.uk.

ACKNOWLEDGEMENTS

The production of the Statement of Accounts is not possible without the dedication and hard work of staff across the Council, particularly within the Finance Department. I would like to thank all colleagues for their endeavours during the financial year and particularly at this time when all staff are working under difficult conditions due to the impact of the national emergency.

Emma Thomas FCCA,
Chief Financial Officer (Section 151)

EXPLANATION OF FINANCIAL STATEMENTS

The Statement of Accounts sets out the Council's income and expenditure for the year and its overall financial position as at 31st March 2023. It comprises core and supplementary statements together with disclosure notes.

The accounts shown on the following pages have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 (the Code), supported by the International Financial Reporting Standards (IFRS).

In accordance with Regulation 6 (4) of the 2015 Accounts and Audit Regulations, the Annual Governance Statement must be approved in advance of the approval of the Statement of Accounts. Once the Statement of Accounts has been approved, the already approved Governance Statement will be published at the end of this document.

The Statements are listed and explained in the next section.

The Statement of Accounts consists of:

Page no:

Statement of Responsibilities	28
--------------------------------------	-----------

This statement sets out the respective responsibilities of the Council and the Chief Financial Officer in respect of the Council's accounts. This statement confirms that the accounts give a true and fair view of the financial position of the authority at the accounting date and its income and expenditure for the given financial year.

Movement in Reserves Statement	29
---------------------------------------	-----------

This statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' and 'unusable reserves'.

Comprehensive Income and Expenditure Statement	30
---	-----------

This statement provides a summary of the resources generated and consumed by the Council in the year that have contributed to the changes in resources shown in the Movement in Reserves Statement (MiRS).

The Balance Sheet	31
--------------------------	-----------

This statement summarises the Council's assets and liabilities as at 31st March 2023 in its top half. The bottom half of the statement sets out the reserves split into the 2 categories of 'usable' and 'unusable' reserves.

The Cash Flow Statement	32
--------------------------------	-----------

This statement summarises the flows of cash and cash equivalents of the Council that have taken place over the financial year.

Notes to the Accounts	33-102
------------------------------	---------------

Housing Revenue Account (HRA)	103-108
--------------------------------------	----------------

The HRA accounting statements comprise the Comprehensive Income and Expenditure Statement and the Statement of Movement on the HRA balance. The former reports the economic cost in the year of providing housing services in accordance with generally accepted accounting practices. The latter reconciles the reported surplus or deficit in the year with the HRA balance at the end of the year. The HRA is a ring-fenced account subject to statutory regulation under Schedule 4 of The Local Government and Housing Act 1989. The HRA is accounted for separately from other funds of the Council so that rents cannot be subsidised from Council Tax (or vice versa).

The Council is required to maintain a separate Collection Fund to detail monies received as a billing authority in relation to the Council Tax and Business Rates and accounts for the distribution of Council Tax to preceptors (West Sussex County Council and The Police and Crime Commissioner) and the Council's own General Fund.

The Business Rate Retention Scheme allows the Council to retain a proportion of the total NDR received. The Adur share is 40% with the remainder paid to other bodies - West Sussex County Council (10%) and Department of Communities and Local Government (50%).

MAIN CHANGES TO THE ACCOUNTS AND SIGNIFICANT TRANSACTIONS IN 2022/23:

Post-employment benefits

All employees of the Council have the option to become members of the Local Government Pensions Scheme, administered by West Sussex County Council. This scheme is funded and provides defined benefits to members (retirement lump sums and pensions), earned by employees as they worked for the Council. The pension costs in the Council's accounts show the attributable share of the assets and the liabilities of West Sussex Local Government Pension Fund and comply fully with the requirements of IAS19.

To comply with these relevant accounting standards, the Council recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge the Council is required to make against Council Tax is based on the cash payable in the year. Therefore the cost of post-employment (retirement) benefits shown in Note 38 are notional and are reversed out of the General Fund via the Movement in Reserves Statement.

The actuarial valuation of the Council's pension scheme liabilities and pension reserve shown on the balance sheet have decreased by £31.6m during the year, mainly as a result of the changes to the financial assumptions by the pension fund actuary (Hymans-Robertson). These assumptions are determined by the actuary and are the assessment of the impact of market conditions at the reporting date. The Council relies and places assurance on the professional judgement of the actuary and the assumptions used to calculate the actuarial valuation. Further details can be found in Note 38.

Provisions, contingencies and material events

The Council has no contingencies.

There are no material income or expenditure items to disclose in 2022/23, that are not disclosed on the face of the accounts. The provisions made in 2022/23 are laid out in Note 21.

CHANGES TO ACCOUNTING POLICIES

The accounting policies are laid out within Note 1 of the Accounts. These policies reflect the 2022/23 Code of Practice Guidance Notes.

STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

STATEMENT OF ACCOUNTS FOR THE YEAR ENDED 31ST MARCH, 2023

The Council's Responsibilities:

- (a) To make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for the administration of those affairs. In this Council in the financial year 2022/23 that officer was the Chief Financial Officer
- (b) To manage its affairs to secure economic, efficient and effective use of its resources and safeguard its assets.
- (c) To approve the Statement of Accounts.

The Chief Financial Officer and Section 151 Officer's Responsibilities:

The Chief Financial Officer is responsible for the preparation of the Council's Statement of Accounts which is required to give a "true and fair" view of the financial position of the Council.

In preparing the statement of accounts the Chief Financial Officer has to select accounting policies and apply them consistently, make judgements and estimates that are reasonable, and ensure that the Statement of Accounts complies with the Code of Practice on Local Authority Accounting.

The Chief Financial Officer also has to keep proper accounting records which are up to date and to take reasonable steps to prevent and detect fraud and other irregularities.

This Statement of Accounts is prepared and published in accordance with the Accounts and Audit Regulations 2015 and the Code of Practice on Local Authority Accounting issued by the Chartered Institute of Public Finance and Accountancy.

This Statement of Accounts presents a true and fair view of the financial position of the Council at 31st March, 2023 and its income and expenditure for the year ended on that date.

EMMA THOMAS

Chief Financial Officer
Certificate of Approval by Joint Governance Committee

Dated: 28/11/2024

I confirm that these Accounts were approved by the Joint Governance and Audit Committee of Adur District Council and Worthing Borough Council on 19 November 2024

DEBORAH STAINFORTH
Chairman, Joint Governance Committee

Dated: 28/11/2024

MOVEMENT IN RESERVES STATEMENT

This Statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and 'unusable reserves', such as the revaluation of non-current assets. The 'Surplus or (Deficit) on the Provision of Services' line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance and Housing Revenue Account for Council Tax setting and dwellings rent setting purposes. The 'Net Increase/Decrease before Transfers to Earmarked Reserves' line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers to or from earmarked reserves undertaken by the Council.

	General Fund Balance	Earmarked GF Reserves	Housing Revenue Account	Earmarked HRA Reserves	Capital Receipts Reserves	Major Repairs Reserve	Capital Grants Reserve	Total Usable Reserves	Unusable Reserves	Total Authority Reserves

CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

See Note No:		2022/23	2021/22

Cash and cash equivalents at the end of the reporting period	19	4,604	4,317

NOTES TO THE ACCOUNTS

NOTE 1: ACCOUNTING POLICIES

GENERAL PRINCIPLES

The accounts comply with the Code of Practice on Local Authority Accounting (the Code), issued by the Chartered Institute of Public Finance and Accountancy (CIPFA). Accounting policies and estimation techniques have been selected and used having regard to the accounting principles and concepts set out in International Financial Reporting Standards *Framework for the Preparation of Financial Statements*, specifically:

- The qualitative characteristics of financial information
- Relevance
- Reliability
- Comparability
- Understand ability
- Materiality
- Accruals
- Going concern

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

ACCRUALS

The revenue and capital accounts of the Council are maintained on an accruals basis in accordance with the Code. Sums due to or payable by the Council at the end of each financial year are brought into account (irrespective of whether cash has been received or payment has been made). Where actual costs are not available, accruals for debtors and creditors are made on a best-estimate basis.

At the end of each financial year an estimate is made of doubtful debts – amounts due to the Council, but unlikely to be received. The total value of these amounts is provided as a provision for bad debt and deducted from the debtors balance in the Balance Sheet. The current de minimis is £1,000.

COUNCIL TAX AND BUSINESS RATES (ENGLAND)

Billing authorities act as agents, collecting council tax and non-domestic rates (NDR) on behalf of the major preceptors (including government for NDR) and, as principals, collecting council tax and NDR for themselves. Billing authorities are required by statute to maintain a separate fund (the Collection Fund) for the collection and distribution of amounts due in respect of council tax and NDR. Under the legislative framework for the Collection Fund, billing authorities, major preceptors and central government share proportionately the risks and rewards, that the amount of council tax, and NDR collection could be less or more than predicted.

Accounting for Council Tax and NDR

The council tax and NDR income included in the Comprehensive Income and Expenditure Statement is the Council's share of accrued income for the year. However, regulations determine the amount of council tax and NDR that must be included in the Council's General Fund.

Therefore, the difference between the income included in the Comprehensive Income and Expenditure Statement and the amount required by regulation to be credited to the General Fund is

taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement.

Accounting for Council Tax and NDR

The Balance Sheet includes the Council's share of the end of year balances in respect of council tax and NDR relating to arrears, impairment allowance for doubtful debts, overpayments and repayments and provision for appeals.

REVENUE RECOGNITION

Revenue recognition has been accounted for in accordance with IFRS 15. Revenue is measured at fair value of the consideration received or receivable. Fair value is generally regarded as the amount for which an asset could be acquired, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The majority of the Council's transactions are 'non exchange' and the impact of IFRS 15 is not material to the accounts.

SUPPORT SERVICES

The costs of overheads and support services are charged to service segments in accordance with the Council's arrangements for accountability and financial performance.

JOINT OPERATIONS

Jointly controlled operations are activities undertaken by the Council in conjunction with other ventures that involve the use of the assets and resources of the joint ventures rather than the establishment of a separate entity. The Council recognises on its Balance Sheet only its share of the jointly controlled assets and related liabilities; whilst on its Comprehensive Income and Expenditure Statement it recognises those expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint arrangement and income that it earns from the activity of the operation.

VALUE ADDED TAX

VAT is included in the Comprehensive Income and Expenditure Account only to the extent that it is irrecoverable.

GRANTS AND CONTRIBUTIONS

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Authority when there is reasonable assurance that:

- the Authority will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Grants and contributions for capital purposes are recognised as income on receipt as long as there is no condition for their use that has not been satisfied. Where there is a condition the amount will be held as a receipt in advance until the condition is satisfied at which point the amount is recognised as income.

Where capital grants are recognised as income they are reversed out of the General Fund in the Movement in Reserves Statement and held as unapplied reserves until used to finance capital expenditure.

LEASES

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification. Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

A de minimis value of £10,000 per leased asset within a lease contract has been applied to all items obtained by lease. Leased assets valued below these limits are treated as revenue expenditure. Software rentals are not treated as leases.

The Council as Lessee - Finance Leases:

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the authority are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment, which is applied to write down the lease liability, and
- a finance charge, which is debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Property, plant and equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period).

The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the repayment of borrowing undertaken to finance the capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

The Council as Lessee - Operating Leases:

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease; even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as Lessor - Finance Leases:

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether property, plant and equipment or assets held for sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal.

The Council as Lessor - Finance Leases:

A gain, representing the Council's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e.

netted off against the carrying value of the asset at the time of disposal), matched by a lease (long-term debtor) asset in the Balance Sheet.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property, which is applied to write down the lease debtor (together with any premiums received), and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement.

Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

The Council as a Lessor - Operating Leases:

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

NON-CURRENT ASSETS

Expenditure and Valuation principles

Expenditure on the acquisition, creation or enhancement of non-current assets is required to be capitalised on an accruals basis in the Balance Sheet, provided that the non-current asset yields benefits to the Council and the services it provides, for a period of more than one year. This excludes expenditure on routine repairs and maintenance of non-current assets and operating leases which are charged directly to service revenue accounts.

Non-current assets are valued on the basis recommended by CIPFA and in accordance with the Statements of Asset Valuation Principles and Guidance Notes issued by The Royal Institution of Chartered Surveyors (RICS). Non-current assets are classified into the groupings required by the International Financial Reporting Standards (IFRS) code.

The surpluses arising on the revaluation of property, plant and equipment are credited to the Revaluation Reserve. The exception to this is where previous revaluation losses have been debited to the Comprehensive Income and Expenditure Account. Where this has occurred the surplus on revaluation is credited to the Comprehensive Income and Expenditure Account up to the value of the previous revaluation loss, less the value of depreciation, that would have been charged had there been no revaluation loss.

Surpluses arising on the revaluation of investment properties are credited to the Comprehensive Income and Expenditure Account. The Revaluation Reserve only includes gains since its inception from 1st April, 2007; prior gains were incorporated into the Capital Adjustment Account. The Council applies a five-year rolling programme of revaluations and at the end of each financial year the market value of each category of assets is reviewed. If there has been an increase or decrease of 5% or more during the year, the relevant asset category is revalued in line with the valuation change. The principal valuation bases used are:

- Property, Plant and Equipment assets are initially valued at cost and included in the balance sheet at current value. Where there is no open market value, assets are included in the balance sheet at depreciated replacement cost. Community assets and infrastructure assets are stated at depreciated historical cost, assets under construction are stated at cost. Donated assets are revalued at current value.
- Investment properties are included in the balance sheet at fair value and need to meet the criteria of property (land or a building, or part of a building, or both) held solely to earn rentals or for capital appreciation or both.
- Assets held for sale are included in the balance sheet if their carrying amount is going to be recovered principally through a sale transaction rather than through continued use.
- Assets are reclassified as Held for Sale when the following criteria are met:
 - i) The asset is available for sale in its present condition subject only to terms that are customary for sales of such assets (or disposal groups).
 - ii) The sale must be highly probable.
 - iii) The appropriate level of management must be committed to a plan to sell the asset (or disposal group).
 - iv) An active programme to locate a buyer and complete the sale must have been initiated.
 - v) The asset (or disposal group) must be actively marketed for sale at a price that is reasonable in relation to the current value.
 - vi) The sale should be expected to qualify for recognition as a completed sale within one year from the date of classification except where the sale is likely to proceed to a sale without significant changes to the plan of sale, or that significant changes to the plan will be made or that the plan will be withdrawn.

For 2022/23 the Council's values of land and buildings have been included in the accounts based on valuations either by external valuers or by the Authority's Estates office. A *de minimis* value of £10,000 per capital contract or rolling programme has been applied to new vehicles, plant and equipment, and for new land and buildings. Assets valued below these limits are not included, unless they are included in the rolling revaluation programme.

Fair Value Measurement

The authority measures some of its non-financial assets such as surplus assets and investment properties and some of its financial instruments such as shareholding for policy purposes at fair value at each reporting date. Fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- a) in the principal market for the asset or liability, or
- b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The authority measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. When measuring the fair value of a non-financial asset, the authority

takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The authority uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the authority's financial statements are categorised within the fair value hierarchy, as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date.
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – unobservable inputs for the asset or liability.

Disposals

Assets are removed from the Balance Sheet in the year of sale and the profit or loss on disposal is charged to the Comprehensive Income and Expenditure Account.

Charges to Revenue for Non-current Assets

Service revenue accounts, central support services, and trading accounts are charged with a depreciation charge, profit or loss on disposal and any impairment loss for all non-current assets used in the provision of services. (An impairment loss is only charged to revenue, if there is no balance on the Revaluation Reserve.) The depreciation charge is credited out of the Comprehensive Income and Expenditure Statement via the Movement in Reserves Statement on the General Fund Balance so that there is no impact on the amount required to be raised from local taxation for the provision of Council services.

Asset lives are established by reference to the expected timespan over which the Council expects to get economic benefits from that asset. This could be a valuer or the officer using the asset. The useful life of assets is determined as follows, excepting where there may be exceptional circumstances:

Buildings	15-60 years (except when impairment has occurred)
Vehicles	7-10 years
Equipment	>1 to <25 years
Intangible Assets, Software	>1 to <7 years
Infrastructure assets	5 - 50 years
Community assets	Held in perpetuity
Assets (Finance Leases)	Up to 10 years

Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the authority's financial statements are categorised within the fair value hierarchy, as follows:

Disposals

Assets are removed from the Balance Sheet in the year of sale and the profit or loss on disposal is charged to the Comprehensive Income and Expenditure Account.

Impairment

The value at which each category of assets is included in the balance sheet has been reviewed at the year-end, and there was reason to believe that the value had reduced materially in the period due to impairment; the valuation would be adjusted accordingly.

Depreciation

Depreciation is charged to service revenue accounts for most non-current assets:

- newly acquired assets are depreciated on asset values at 1st April in the year following their confirmation as fully operational assets, except where the acquisition is material when depreciation is calculated at the date of acquisition. Assets in the course of construction are not depreciated until they are brought into use.
- assets disposed of are depreciated in the year of disposal.
- depreciation is calculated using the straight-line method over the useful life of the asset, based on asset values at 1st April except where there are material acquisitions or disposals in any year where depreciation is calculated at date of acquisition or disposal.
- assets acquired under Finance Leases are depreciated over the asset life, or the lease term if shorter.
- assets held for sale, investment properties, assets under construction and community assets are not depreciated.

Componentisation of Assets

Where an item of Property, Plant and Equipment has major components, the cost of which is significant in relation to the total cost, the components are depreciated separately. The Council uses the straight line method of depreciation over the useful economic life (UEL) of the component.

In accordance with the Code, significant components are recognised as assets as acquired, enhanced or revalued from 1st April 2010 onwards, and not retrospectively of this date.

When a component is replaced or restored, the carrying amount of the old component is de-recognised by indexing the cost of the replacement back to the estimated inception date and adjusting for subsequent depreciation and impairment. When replaced components are written out, this does not result in a loss on either asset values or asset sales.

For Property, Plant and Equipment the accounting policy is to componentise all land and property assets valued at £50,000 or more in total where there has been a revaluation or enhancement since 1st April 2010. The exception to this is council dwellings where a deminimis of £10,000 is applied, any components below this value are depreciated as part of the main building.

The following component categories and useful lives are used:

- Land - Indefinite
- Main building structures - 60 years
- Replaceable building structures - 25 years
- Services - 20 years
- External works - 35 years

Any Revaluation Reserve balances associated with componentised assets are attributed firstly to land and then to the main building structures, as it is considered unlikely that component replacements will give rise to revaluation gains and losses independently of the structure of a building. The exception would be if the Revaluation Reserve balance exceeded the valuation of the land and main building structure, when the remaining balance would be attributed to the other categories.

INTANGIBLE ASSETS

The following criteria need to be met before an asset is classified as an intangible asset:

- The asset must be identifiable
- The asset must lack physical substance.
- The asset is controlled by the Authority which will realise future economic benefits.

Intangible assets are measured at cost.

- Intangible assets are amortised over their useful lives.

Intangible assets are either internally generated or purchased. Software licences are capitalised as intangible assets and amortised on a straight line basis over the expected life of the asset.

HERITAGE ASSETS

Definition

- A tangible heritage asset is defined as a tangible asset with historical, artistic, scientific, technological, geophysical or environmental qualities that is held and maintained principally for its contribution to knowledge and culture.
- An intangible heritage asset is defined as an intangible asset with cultural, environmental or historical significance.

Recognition

The Council recognises heritage assets when the Council has information on the cost or value of the asset. Where information on cost or value is not available, and the cost of obtaining the information outweighs the benefits to the users of the financial statements, the Council does not recognise the asset on the Balance Sheet. Assets which are not recognised in the Balance Sheet are included in Disclosure notes.

Valuation

The Council's heritage assets are normally measured at valuation except where it is not possible to establish a valuation; for example if there is no market for a particular heritage asset or where it is not possible to provide a reliable estimate of the replacement cost of the asset due to the lack of comparative information.

The unique nature of many heritage assets makes a reliable valuation complex. Therefore where it is not practicable to obtain a valuation for an asset (at a cost which is commensurate with the benefits to users of the financial statements) and cost information is available, the asset is carried at historical cost (less any accumulated depreciation, amortisation and impairment losses). Valuations may be made by any method that is appropriate and relevant and are reviewed with sufficient regularity to ensure they remain current

Depreciation, amortisation and impairment

Tangible heritage assets are not depreciated as the assets are considered to have very long or infinite lives. Amortisation of intangible assets is considered on an individual asset basis. Assets are reviewed for impairment where an asset has suffered physical deterioration or breakage, or where doubts arise as to the authenticity of the heritage asset.

Accounting

Heritage assets are accounted for in the same way as property, plant and equipment and intangible assets.

INVESTMENT PROPERTIES

Investment Properties are those held solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods, is held for sale or for the purposes of regeneration, employment or support of the local economy.

CAPITALISATION OF BORROWING COSTS

IAS 23 requires borrowing costs, such as interest payments and other financing charges, to be capitalised in respect of assets that take a substantial period of time to get ready for use or sale. Capitalisation of borrowing costs is required to continue until the point at which the related assets become operational or are sold. The Council's policy is to capitalise the interest where it is material.

REVENUE EXPENDITURE FUNDED FROM CAPITAL UNDER STATUTE

Expenditure incurred during the year that may be capitalised under statutory provisions, but that does not result in the creation of a non-current asset, has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Authority has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

INVENTORIES

This Council has accounted for inventories (stock) in accordance with IAS2 and IPSAS 12, which includes public sector interpretations of measurement which the Code has adopted.

WORK IN PROGRESS

Any rechargeable works are shown at the actual cost incurred (excluding overheads allocation) at 31st March.

RESERVES

The authority sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by transferring amounts out of the General Fund Balance. When expenditure to be financed from the reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then transferred back into the General Fund Balance so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, local taxation, retirement and employee benefits and do not represent usable resources for the Council - these reserves are explained in the relevant policies.

PROVISIONS

The Council establishes provisions for specific expenses that are certain to be incurred but the amount of which cannot yet be determined accurately.

Provisions are charged to the appropriate service revenue account in the year that the council becomes aware of the obligation, based on the estimate of the likely settlement. When payments are eventually made, they are charged to the provision set up in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes more likely than not that a transfer of economic benefits will not now be required or a lower settlement is made, the provision is reversed and credited back to the relevant service revenue account.

A provision is made for business rates appeals which are likely to be settled in the favour of the appellant. This is based on all known outstanding business rate appeals which have been lodged with the Valuation Office together with an allowance for new appeals which may emerge in the future. The amount provided for is based on information received from the Valuation Office and is assessed on the likely change to rateable value as adjusted by locally assessed success rates.

CONTINGENT ASSETS AND CONTINGENT LIABILITIES

Contingent assets are possible assets arising from past events whose existence will only be confirmed by future events not wholly within the control of the Council. Contingent assets are not accrued in the accounting statements, in conformity with the concept of prudence. Material contingent assets are disclosed within the notes to the accounts if the inflow of a receipt or economic benefit is probable.

Contingent liabilities are possible obligations arising from past events whose existence will only be confirmed by future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable or the amount of the obligation cannot be measured reliably. Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts unless perceived as being remote.

FINANCIAL INSTRUMENTS

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost.

Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the authority has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest); and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Where premiums and discounts have been charged to the CIES, regulations allow the impact on the General Fund Balance to be spread over future years. The Council has a policy of spreading the gain or loss over the term that was remaining on the loan against which the premium was payable or discount receivable when it was repaid.

The reconciliation of amounts charged to the CIES to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Assets

Financial assets are classified based on a classification and measurement approach that reflects the business model for holding the financial assets and their cash flow characteristics. There are three main classes of financial assets measured at:

- amortised cost
- fair value through profit or loss (FVPL), and
- fair value through other comprehensive income (FVOCI)

The Council's business model is to hold investments to collect contractual cash flows. Financial assets are therefore classified as amortised cost, except for those whose contractual payments are

not solely payments of principal and interest (i.e. where the cash flows do not take the form of a basic debt instrument).

Financial Assets Measured at Amortised Cost

Financial assets measured at amortised cost are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the financial assets held by the Council, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the loan agreement.

Any gains and losses that arise on the de-recognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the CIES.

Expected Credit Loss Model

The Council recognises expected credit losses on all of its financial assets held at amortised cost or FVOCI, either on a 12 month or lifetime basis. The expected credit loss model also applies to lease receivables and contract assets. Only lifetime losses are recognised for trade receivables (debtors) held by the Council.

Impairment losses are calculated to reflect the expectation that the future cash flows might not take place because the borrower could default on their obligations. Credit risk plays a crucial part in assessing losses. Where risk has increased significantly since an instrument was initially recognised, losses are assessed on a lifetime basis. Where risk has not increased significantly or remains low, losses are assessed on the basis of 12-month expected losses.

Financial Assets Measured at Fair Value through Other Comprehensive Income

Financial assets that are measured at FVOCI are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Fair value gains and losses are recognised as they arise in other comprehensive income.

The Council has two small shareholdings acquired for policy purposes, which are designated as FVOCI:

- shares in the UK Municipal Bonds Agency, which was set up to help local councils finance their investment in projects - no value is currently assigned to these shares
- deferred shares in Boom! Credit Union, which supports people who live or work in Surrey, West Sussex or Kingston

The Council will recognise losses on these shareholdings to the extent that the underlying assets of the organisation are no longer sufficient to promote its purpose.

Financial Assets Measured at Fair Value through Profit or Loss

Financial assets that are measured at FVPL are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Fair value gains and losses are recognised as they arrive in the Surplus or Deficit on the Provision of Services.

Fair value measurement of financial assets

The fair value of an asset is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The fair value measurements of the Council's financial assets are based on the following techniques:

- instruments with quoted market prices – the market price
- other instruments with fixed and determinable payments – discounted cash flow analysis

The inputs to the measurement techniques are categorised in accordance with the following three levels:

- Level 1 inputs – quoted prices (unadjusted) in active markets for identical assets that the authority can access at the measurement date.
- Level 2 inputs – inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 inputs – unobservable inputs for the asset.

Any gains and losses that arise on the de-recognition of the asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Soft Loans

The Code has specific accounting requirements in respect of "soft loans", being loans made to or from third parties at preferential rates of interest below market rates. The Code requires that when soft loans are made, a loss is recorded in the CIES (debited to the appropriate service) for the present value of the interest that will be foregone over the life of the instrument, resulting in a lower amortised cost than the outstanding principal.

The Council issues soft loans to employees in respect of car loans, cycle loans and professional fees loans and is eligible for interest free loans to finance capital expenditure on energy efficiency projects. No adjustment in respect of these loans is made to the accounts to reflect the requirements of the Code on the grounds that the adjustment would be immaterial or impractical.

DEBT REDEMPTION

Statutory Guidance issued under s21(1A) of the Local Government Act 2003 places a duty on local authorities to make a prudent provision for debt redemption.

The provisions are made each year from the General Fund Revenue Accounts, which is then held in the Capital Adjustment Account (CAA). The accumulated provision held in the CAA is used to repay the principal amounts borrowed to finance capital investment.

In accordance with statutory guidance and the Council's statement for Minimum Revenue Provision (MRP), an amount is charged annually to revenue and set aside for the repayment of debt. The provision is made over the estimated life of the asset for which the borrowing is undertaken. Where appropriate, the Council may also make overpayments of MRP, which can be offset in future years.

INTERNAL INTEREST

A contribution is made to some Reserve Account balances based upon the average rate of return on the Council's investments for the year.

CASH AND CASH EQUIVALENTS

Cash and Cash Equivalents are defined as 'short term, highly liquid investments that are readily convertible to known amounts of cash, and which are subject to an insignificant risk of change in value'. Accordingly, the investments that may fall within the definition are principally held for short-term cash management purposes, not for obtaining a significant return on investment.

For the purpose of classifying cash equivalents within Financial Instruments, the Council's accounting policy is to categorise all fixed term deposits as investments, not cash equivalents (irrespective of the duration of the investments). This is because in practice, such deposits would not satisfy the requirement to be readily convertible to cash and would incur a penalty (loss in value) for early redemption. Therefore, in practice the Council's policy restricts the composition of cash and cash equivalents to notes and coins, current account balances held with its own banker, plus instant access call accounts or money market fund deposits placed in other financial institutions, that would be returnable without penalty within 24 hours' notice.

EXCEPTIONAL ITEMS

Where exceptional items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Council's financial performance.

PRIOR PERIOD ADJUSTMENTS, CHANGES IN ACCOUNTING POLICIES AND ESTIMATES AND ERRORS

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance.

Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

EMPLOYEE BENEFITS

Benefits Payable During Employment

Short-term employee benefits are those due to be settled wholly within 12 months of the year end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Council.

An accrual is made where the adjustment will have a material effect on the accounts for the cost of holiday entitlements (or any form of leave, eg.time off in lieu) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. Any accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs. The Council's annual cost of accumulated absences as defined by the IFRS code of practice is not considered material and therefore has chosen not to accrue these costs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy in exchange for those benefits and are charged on an accruals basis to the appropriate service or, where applicable, to a corporate service segment at the earlier of when the Council can no longer withdraw the offer of those benefits or when the Council recognises costs for a restructure.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards.

In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Post Employment Benefits

Employees of the Council are members of the Local Government Pensions Scheme, administered by West Sussex County Council (unless they choose to opt out). This scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees working for the Council.

The Local Government Pension Scheme

The Local Government Scheme is accounted for as a defined benefits scheme:

- The liabilities of the West Sussex Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method - ie an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc, and projections of earnings for current employees.
- Liabilities are discounted to their value at current prices, using a discount rate based on the indicative rate of returns on bonds.
- The assets of the West Sussex Pension Fund attributable to the Council are included in the Balance Sheet at their fair value which is the bid value as required by IAS19.

The change in the net pensions liability is analysed into the following components:

- Service Cost comprising:
 - The current service cost – the increase in liabilities as a result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked;
 - The past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs;
 - Net interest on the net defined benefit liability (asset), i.e. net interest expense for the authority – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking

into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments;

- Re-measurements comprising:

- Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve;
- Return on plan assets – excluding amounts included in net interest on the net defined benefit liability(asset) – charged to the Pensions Reserve as other Comprehensive Income and Expenditure.
- Contributions paid to the West Sussex County Council Pension Fund – cash paid as contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as the benefits are earned by employees.

Discretionary Benefits

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

EVENTS AFTER THE REPORTING PERIOD

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those events that provide evidence of conditions that existed at the end of the reporting period, the Statement of Accounts is adjusted to reflect such events.
- Those events that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but, where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and either their estimated financial effect or a statement that such an estimate cannot be made reliably.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

CAPITAL RECEIPTS

Capital receipts are income over £10,000 received from the sale of land or other capital assets which may be used to finance capital expenditure or repay debt.

The usable portions of capital receipts from the disposal of assets are held in the Usable Capital Receipts Reserve until such time as they are used to finance other capital expenditure and/or to repay debt.

NOTE 2: ACCOUNTING STANDARDS ISSUED, BUT HAVE NOT YET BEEN ADOPTED

At the balance sheet date the following new standards and amendments to existing standards have been adopted by the Code of Practice on Local Authority Accounting in the United Kingdom 2023/24 for application from 1 April 2023:

- Definition of Accounting Estimates (Amendments to IAS 8) issued in February 2021
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) issued in February 2021.
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) issued in May 2021.
- Updating a Reference to the Conceptual Framework (Amendments to IFRS 3) issued in May 2020.

Whilst it is likely that the first two items will lead to improved reporting, they will not have a significant impact on the amounts anticipated to be reported in the financial statements. The final two items are not expected to be applicable to the Council.

The amendments are not expected to have a material effect on the Council's Statement of Accounts.

NOTE 3: CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND GOING CONCERN

Critical Judgements

The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government. However, the Council has also considered known and expected government funding and determined that it has sufficient liquidity from its ability to access short term investments and sufficient general fund balances and reserves to continue to deliver services.
- The Council holds a significant portfolio of investment property and although in general terms economic activity is fragile, the Council judges that its portfolio is robust and that the assets will not be impaired as a result of a decrease in economic activity.
- Retirement Benefit Obligations - The Council recognises and discloses its retirement benefit obligation in accordance with the measurement and presentational requirements of IAS 19 "Employee Benefits". The estimation of the net pension liability depends on a number of complex judgements and estimates relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. West Sussex County Council, as the Pension Administering Authority, engages a firm of actuaries to provide expert advice about the assumptions to be applied. Changes in these assumptions made are set out in Note 1 and transactions disclosed in Note 38..
- As the accounting treatment and disclosures for operating and finance leases are significantly different, the Council has made judgements on whether its lease arrangements for land and buildings are operating leases or finance leases under the criteria of IAS17. These judgements are made in accordance with the Council's accounting policy on leases.
- The Council has made judgements about the likelihood of potential liabilities and whether provision should be made. The judgements are based on the degree of certainty and an assessment of the likely impact. Provisions resulting from these judgements are disclosed in Note 21.

- The Council does not expect the tax gathering mechanisms for Council Tax and Business Rates to fundamentally alter the Council's financial stability. The risk within the rates retention scheme is assumed to be the safety net which has been set by the government at 5% of the Council spending baseline which equates to £88k.

Going Concern

In applying the accounting policies set out in Note 1, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events.

The provisions in the CIPFA/LASAAC Code of Practice of Local Authority Accounting 2022/23 and the Financial Reporting Council's Practice Note 10 in respect of going concern reporting requirements reflect the economic and statutory environment in which local authorities operate. These provisions confirm that, as authorities cannot be created or dissolved without statutory prescription, they must prepare their financial statements on a going concern basis of accounting. Local authorities carry out functions essential to the local community and are themselves revenue-raising bodies (with limits on their revenue-raising powers arising only at the discretion of central government).

If an authority were in financial difficulty, the prospects are thus that alternative arrangements might be made by central government either for the continuation of the services it provides or for assistance with the recovery of a deficit over more than one financial year and indeed, correspondence from MHCLG during Covid-19 is supportive of this approach. As a result of this, it would not therefore be appropriate for local authority financial statements to be provided on anything other than a going concern basis. Accounts drawn up under the Code therefore assume that a local authority's services will continue to operate for the foreseeable future.

During 2022/23 the delivery of the Council's services to our residents has been impacted by a number of factors, including: high inflation levels and the ongoing 'cost of living' crisis; labour shortages in key occupations; increasing service demand and complexity of need of those requiring our support; and uncertainty around future years' funding. Despite the challenges, the council reported a £10k overspend (0% against budget) for the financial period ending 31st March 2023

An assessment has been made of the likely impact of economic factors on its financial position and performance during 2022/23, 2023/24 and beyond. This has included modelling scenarios that consider the impact on the following:

- Reductions in income
- Increased expenditure
- Cash Flow and liquidity
- General fund balances and reserves

In February 2022 the Council approved a balanced budget for 2022/23. Known pressures were built into the 2022/23 budget. Whilst uncertainty on income remains, the Council remains confident in its ability to maintain sufficient cash for its services throughout the medium term, helped by the cashflow from Government grants. This is based on our review of the cashflow forecast which covers a period up to 31st March 2023. The Council also has sufficient headroom on its borrowing limit to be able to borrow short term for revenue purposes if needed.

The Council has also considered known and expected government funding and determined that it has sufficient liquidity from its ability to access short term investments and sufficient general fund balances and reserves to continue to deliver services.

As at 31 March 2023 the Council has the following reserves to call on in delivering its services.

- | | |
|-----------------------------------|---------|
| ➤ General Fund Working Balance | £1.051m |
| ➤ HRA Working Balance | £1.079m |
| ➤ General Fund Earmarked Reserves | £3.633m |

➤ HRA Earmarked Reserves	£0.117m
➤ Capital Grants	£2.993m
➤ Capital Receipts	£4.027m

In the event of a serious financial situation it will be prepared to 'un-earmark' certain reserves to meet its commitments.

Furthermore, the Council has a modest capital programme and could postpone non-essential capital projects that would further protect the levels of cash and usable reserves if the position further deteriorated. The programme focuses on projects that produce a positive financial revenue return as well as those where there are health and safety requirements or were already in progress and could not be postponed without incurring significant costs.

The Authority has been closely monitoring its cash flow and investments to ensure it has sufficient liquidity to meet its commitments. The Council had short term investments of £3m and cash and cash equivalents of £4.6m at the end of March 2023 and has prepared a cash flow forecast to the end of December 2025 which is 12 months from the date the accounts are approved. The Council remains confident in its ability to maintain sufficient cash for its services throughout this period and is furthermore able to borrow short term for cash management if ever needed.

As a result, the Council is satisfied that there are no identified risks regarding liquidity of cash flow, and it can prepare its accounts on a going concern basis.

NOTE 4: ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty actual results could be materially different from assumptions and estimates contained within these accounts. As these items are re-assessed each year, they are subject to annual review and are updated within each year's accounts for the latest information.

The items in the Council's Balance Sheet at 31st March 2023 for which there is a risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if actual results differ from assumptions
Property, Plant and Equipment	<p>Building Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual building assets. The current economic climate makes it uncertain that the Council will be able to sustain its current spending on repairs and maintenance, bringing into doubt the useful lives assigned to building assets.</p>	<p>If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets falls.</p> <p>If the useful life of assets fell by one year there would be an increase in the depreciation charged in the C.I.E.S. For example the additional cost for Land and Buildings (excluding council dwellings) would be £24.8k.</p> <p>There would also be a corresponding decrease in the carrying amount of the assets.</p> <p>Depreciation is excluded when the movement in the general fund is determined. It does not impact on the setting of council tax.</p>
Pensions Liability	<p>Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied. In 2022/23 the assumptions include an estimation of the impact of the McCloud judgement.</p>	<p>The effects on the net pensions liability of changes in individual assumptions can be measured. However, the assumptions interact in complex ways.</p> <p>During 2022/23, the Council's actuaries advised that the net pension liability has decreased by a net £31.6m, of this a 1.48m decrease is as a result of estimates being corrected as a result of experience and an increase of £33.1m attributable to updating of the assumptions.</p> <p>Refer to note 38 for further details.</p>
Impairment Loss Allowance	<p>At 31st March 2023 the Council had a net balance of debtors due (excluding government departments) of £7.69m. A review of significant balances suggested that an impairment of doubtful debt of £1.86m was appropriate.</p>	<p>Arrears collection rates are reviewed each year and if collection rates were to deteriorate or improve this would require an appropriate adjustment.</p> <p>An increase in the net balance of debtors (excluding government departments) by 10% would increase the impairment for bad debts by £46k</p>

Item	Uncertainties	Effect if actual results differ from assumptions
Business Rate Appeals Provision	At March 2023 the total provision for the impact of appeals on business rate income was £0.26m, the Council share of this was £0.104m. The provision is based on the appeals lodged with the Valuation Office which is then reviewed to establish the likely impact of the appeals on the business rate income.	The appeals provision is reviewed each year and adjusted for the likely impact of any increase or decrease in the level of appeals. If the success rate was to increase by 1% the impact on the provision would be an increase of £48k. The Council share of this would be £19k.
Fair Value Investments	When the fair values of nonfinancial assets and financial assets/liabilities cannot be measured based on quoted prices in active markets (i.e. Level 1 inputs), their fair value is measured using valuation techniques (e.g. discounted cash flow (DCF) model). Where possible these valuation techniques are based on observable data, but where this is not possible judgement is required in establishing fair values. These judgements typically include considerations such as uncertainty and risk for financial assets and rent growth for non-financial assets. Where Level 1 inputs are not available the Council employs relevant experts to identify the most appropriate valuation	Significant changes in any of the relevant factors or assumptions would result in a significantly lower or higher fair value measurement for the asset.

Material Valuation Uncertainty

The impact of the COVID-19 pandemic continues to cause disruption in markets and economies globally. This has implications for the property valuations included in these financial statements.

NOTE 5: EVENTS AFTER THE BALANCE SHEET DATE

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period, 31st March 2023 and the date when the Statement of Accounts is authorised for issue.

NOTE 6: EXPENDITURE AND FUNDING ANALYSIS

The Expenditure and Funding Analysis is a note that shows how annual expenditure is used and funded from resources (government grants, rents, Council Tax, and Business Rates) by local authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision-making purposes between the Council's portfolios. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

* For a split of this balance between the General Fund and HRA – see the Movement in Reserves Statement.

NOTE 8: MOVEMENTS IN EARMARKED RESERVES

This note sets out the amounts set aside from the General Fund and Housing Revenue Account balances in earmarked reserves to provide financing for future expenditure plans and the amounts posted back from earmarked reserves to meet General Fund and HRA expenditure in 2022/23.

The Council holds a number of specific reserves. Movements during the year were as follows:

Movement in Earmarked Reserves	Balance at 01/04/21	Transfers Out 2021/22	Transfers In 2021/22	Balance at 31/03/22	Transfers Out 2022/23	Transfers In 2022/23	Balance at 31/03/23
£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000
Earmarked Revenue Reserves

Property Investment Risk Reserve	300		76	376	-	-	376
Election Reserve *	8	(8)	-	-	-	-	-
Exit cost risk reserve	-	-	-	-	-	68	68
Grants & Contributions	1,343	(394)	254	1,203	(504)	215	914
* these reserves have been consolidated into the Capacity Issues Fund							
Sub Total	2,531	(579)	611	2,563	(1,086)	331	1,808
Reserves to manage Collection Fund timing difference:							
Business Rates Smoothing	3,769	(2,003)	-	1,766	(983)	983	1,766
Local Tax Income Guarantee	297	(179)	-	118	(59)	-	59
Total General Fund	6,597	(2,761)	611	4,447	(2,128)	1,314	3,633
Housing Revenue Account							
New Development & Acquisition Reserve	1,640	(1,288)	-	352	(321)	-	31
Discretionary Assistance Fund	116	-	-	116	(114)	-	2
Business Improvement Reserve	109	(18)	-	91	(7)	-	84
Total Housing Revenue Account	1,865	(1,306)	-	559	(442)	-	117

Reserves and their purpose:

Capacity Issues Fund

To cushion the impact of economic changes and fund one-off initiatives for the community.

Insurance Fund

To fund uninsured losses.

Special & Other Emergency Expenditure Reserve

This will fund expenditure such as seaweed removal, uninsured losses (e.g. storm damage) and any other strategic or unforeseen one-off expenditure which may arise. The remaining balance has been transferred into the Capacity Issues Reserve in 2022/23.

Property Investment Risk Reserve

To enable the council to manage the income stream from the strategic properties, for example through restructuring of leases or during void periods and to facilitate the future maintenance of the properties.

Election Reserve

To replace and update election equipment that previously had been funded by the government. The remaining balance has been transferred into the Capacity Issues Reserve in 2022/23.

Grants & Contributions

The reserve is used where the grant or contribution has been recognised as income in the Comprehensive Income and Expenditure Statement, but the expenditure to be financed from that grant or contribution has not been incurred at the Balance

Business Rates Smoothing Reserve

This reserve is intended to smooth the impact of changes to reliefs in year. The Council received additional section 31 grants to compensate for losses in business rates income due to the extended reliefs given to retail, hospitality and leisure businesses to support them through the pandemic. The legislation that governs Collection Fund accounting means the related deficit incurred as a result of the in year loss in business rate income will not be charged to the General Fund until 2022/23. The Business Rates Smoothing Reserve will fund the losses when they are incurred and are not available for other purposes.

Local Tax Income Guarantee

The Council received grant funding towards the impact of council tax and business rates losses from the pandemic. However, due to the regulations governing the Collection Fund, the losses are due to be funded by the General Fund over three years (2022/23- 2023/24). This reserve will be used to offset losses over that period.

New Development & Acquisition Reserve

Earmarked reserve specifically for new development and refurbishment of council housing

Business Improvement Reserve

To fund new digital technologies and business transformation to generate efficiencies in the Adur Homes service.

Discretionary Assistance Fund

Earmarked reserve to provide financial assistance to tenants who may require support not otherwise available.

Wellbeing - Employee Exit Cost Reserve

Reserve will fund the exit costs for grant funded posts where entitlement exists.

NOTE 9: OTHER OPERATING EXPENDITURE

Other Operating Expenditure	2022/23	2021/22
	£'000	£'000
Parish Council Precepts	440	435
Payments to the Government Housing Capital Receipts Pool	-	358

Depreciation

The following useful lives and depreciation rates have been used in the calculation of depreciation:

- Council Dwellings: 15 – 60 years
- Other Land and Buildings: 1 – 60 years
- Vehicles, Plant, Furniture and Equipment: 1 – 25 years
- Infrastructure: 5 - 25 years

Capital Commitments

On 31st March 2023 the Council had entered into 4 significant contracts for the acquisition, development and enhancement of assets which will continue in future years estimated to cost £9.005m. The significant commitments at 31st March 2023 were £9.44m. The significant commitments at 31st March 2023 are:

- Albion Street Development of 49 units: £8.06m.
- Albion Street Refurbishment of 2 semi-detached properties in 6 units: £230,195
- Shadwells Court Ground Source Heat pump: £325,545
- Shoreham Centre - Installation of Air Source Heat Pump: £386,044

Revaluations

The Council carries out a rolling programme that ensures all Property, Plant and Equipment required to be measured at current value is revalued at least every 5 years. Valuations were carried out by external valuers, Wilks, Head and Eve, GSE Harbord MA MRICS IRRV (Hons). Valuations were carried out in accordance with International Financial Reporting Standards (IFRS). The valuations were made in accordance with the RICS Valuation Standards 6th Edition as published by the Royal Institution of Chartered Surveyors. The Council uses depreciated historical cost as a valuation basis for infrastructure assets, community assets, and for vehicles, plant and equipment. Assets under construction are valued at cost.

The significant assumptions applied in estimating the current values are:

- Operational Assets - Properties valued will continue to be in the occupation of the Council for the foreseeable future having regard to the prospect and viability of the continuance of that occupation.

	Council Dwellings	Other Land and Buildings	Vehicles, Furniture and Equipment	Infra-structure Assets	Comm-unity Assets	Surplus Assets	Assets Under Const-ruktion	TOTAL

NON-OPERATIONAL PROPERTY, PLANT AND EQUIPMENT (SURPLUS ASSETS)

Details of the authority's surplus assets and information about the fair value hierarchy as at 31st March 2023:

Recurring fair value measurements using:	Quoted prices in active markets for identical assets (Level 1) £'000	Other significant observable inputs (Level 2) £'000	Significant unobservable inputs (Level 3) £'000	Fair value as at 31st March 2023 £'000
Land		16		16
Offices		46		46
TOTAL	-	62	-	62

Details of the authority's surplus assets fair value hierarchy as at 31st March 2022 are shown below:

Recurring fair value measurements using:	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31st March 2022
	£'000	£'000	£'000	£'000
Offices	-	46	-	46
TOTAL	-	46	-	46

Transfers between Levels of the Fair Value Hierarchy

There were no transfers between Levels 1 and 2 during the year.

Valuation Techniques used to Determine Level 2 and 3 Fair Values for Surplus Assets

Significant Observable Inputs – Level 2

The fair value for surplus assets has been based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in the local authority area. Market conditions for these asset types are such that the level of observable inputs is significant leading to the properties being categorised at Level 2 in the fair value hierarchy.

Significant Unobservable Inputs – Level 3

There are no land or property assets within the Authority's surplus asset portfolio which are classed at Level 3 in the fair value hierarchy.

Highest and Best Use of Surplus Assets

In estimating the fair value of the Authority's surplus assets, the highest and best use of the properties is their current use.

Valuation Techniques

There has been no change in the valuation techniques used during the year for surplus assets.

Valuation Process for Surplus Assets

The Authority carries out a rolling valuation programme which ensures all surplus assets are revalued at least every 5 years and are reviewed for significant increases/decreases at the reporting date. Valuations are either carried out by external valuers, Wilks, Head and Eve, or by the Authority's Estates Office. The valuations were made in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The external valuers work closely with the Authority's Estates Office and finance officers reporting directly to the chief financial officer on a regular basis regarding all valuation matters.

NOTE 13: HERITAGE ASSETS

A tangible heritage asset is defined as a tangible asset with historical, artistic, scientific, technological, geophysical or environmental qualities that is held and maintained principally for its contribution to knowledge and culture.

Civic Regalia

The Council's Civic Regalia is reported in the Balance Sheet at insurance valuation. The insurance valuation is reviewed annually.

Fine Art/Furniture

This collection consists of various 19th Century paintings which have been donated to the Council and 2 carved oak chairs. These assets are stored or displayed in the Council's administration buildings and are reported in the Balance Sheet at insurance valuation, which is updated annually.

Monuments

The war memorial at The Green, Southwick is reported in the Balance Sheet at historical cost as it is not practical to provide a valuation.

In 2021/22 the Council constructed a fitting and lasting memorial to the eleven men who lost their lives as a result of the tragic incident at Shoreham Air Show in August 2015. The memorial is reported in the Balance Sheet at historical cost as it is not practical to provide a valuation.

NOTE 14: INVESTMENT PROPERTIES

The following items of income and expenditure have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment properties or repairs, maintenance or enhancement.

	2022/23	2021/22

Fair Value Measurement of Investment Property

Details of the Authority's investment properties and information about the fair value hierarchy as at 31st March 2023 and 31st March 2022 are as follows:

Recurring fair value measurements using:	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31st March 2023
	£'000	£'000	£'000	£'000
Land	-	544	-	544
Office	-	40,749	-	40,749
Retail	-	14,452	-	14,452
Leisure	-	23,089	-	23,089
TOTAL	-	78,834	-	78,834

Recurring fair value measurements using:	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31st March 2022
	£'000	£'000	£'000	£'000
Land	-	486	-	486
Office	-	40,775	-	40,775
Retail	-	15,194	-	15,194
Leisure	-	23,076	-	23,076
TOTAL	-	79,531	-	79,531

Transfers between Levels of the Fair Value Hierarchy

There were no transfers between Levels 1 and 2 during the year.

Valuation Techniques used to Determine Level 2 and 3 Fair Values for Investment Properties

Significant Observable Inputs – Level 2 - The fair value for land assets has been based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in the local authority area. Market conditions for these asset types are such that the level of observable inputs is significant leading to the properties being categorised at Level 2 in the fair value hierarchy.

Significant Unobservable Inputs – Level 3 - There are no land or property assets within the Authority's asset portfolio which are classed at Level 3 in the fair value hierarchy.

Highest and Best Use of Investment Properties

In estimating the fair value of the Authority's investment properties, the highest and best use of the properties is their current use.

Valuation Techniques

There has been no change in the valuation techniques used during the year for investment properties.

Gains or losses arising from changes in the fair value of the investment property are recognised in the Surplus or Deficit on the Provision of Services – Financing and Investment Income and Expenditure line.

Valuation Process for Investment Properties

The fair value of the Authority's investment property is measured annually at 1st April each year and reviewed for significant increases/decreases at the reporting date. All valuations are carried out by external valuers, Wilks, Head and Eve, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The external valuers work closely with the Authority's Estates Department and finance officers reporting directly to the Chief Financial Officer on a regular basis regarding all valuation matters.

NOTE 15: INTANGIBLE ASSETS

The Authority accounts for its software as intangible assets to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the Authority. The carrying amount of intangible assets is amortised on a straight-line basis.

	2022/23	2021/22
	£'000	£'000
Balance at start of the year:		
Gross carrying amounts	1,390	1,010

Assets sold:	(717)	(1,498)	-	-
Balance outstanding at year-end	6,743	6,712	-	-

The 2021/22 increase in assets held for sale includes the Adur Civic Centre which has been transferred from Surplus Assets in recognition of it being sold subject to planning conditions.

NOTE 17: FINANCIAL INSTRUMENTS

Categories of Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet:

Financial Assets

	Non-Current				Current				Total
	Investments		Debtors		Investments		Debtors		
	31Mar23 £000	31Mar22 £000	31Mar23 £000	31Mar22 £000	31Mar23 £000	31Mar22 £000	31Mar23 £000	31Mar22 £000	31Mar23 £000
Fair Value through Profit and Loss	3,659	3,183		-		-		-	3,659
Amortised Cost - Investments and debtors		5	14	18	3,029	18,010	3,485	508	6,528
Amortised Cost - accrued interest		-		-	89	24		-	89
Cash and cash equivalents		-		-	4,604	4,317		-	4,604
Fair Value through other comprehensive income	25	25		-		-		-	25
Total Financial Assets	3,684	3,213	14	18	7,722	22,351	3,485	508	14,905
Assets not defined as financial instruments	-	-	-	-	-	-	6,360	8,591	6,360
Total	3,684	3,213	14	18	7,722	22,351	9,845	9,099	21,265

Financial Liabilities

	Non-Current				Current				Total
	Borrowings		Creditors		Borrowings		Creditors		
	31Mar23 £000	31Mar22 £000	31Mar23 £000	31Mar22 £000	31Mar23 £000	31Mar22 £000	31Mar23 £000	31Mar22 £000	31Mar23 £000
Amortised Cost - Principal	(151,651)	(149,720)		-	(14,771)	(12,216)		(3,808)	(166,422)
Amortised cost - accrued interest		-		-		(794)		-	-
Total Financial Liabilities	(151,651)	(149,720)	-	-	(14,771)	(13,010)	-	(3,808)	(166,422)
Liabilities not defined as financial instruments	-	-	-	-	-	-		(11,758)	-
Total	(151,651)	(149,720)	-	-	(14,771)	(13,010)	-	(15,566)	(166,422)

Accrued interest on Non-Current assets and liabilities is included in the Current columns because it is receivable or payable within 12 months.

The assets and liabilities not defined as financial instruments are the balances such as tax-based debtors and creditors.

Classification of Assets and Liabilities

Some of the Council's investments are fixed term deposits with UK banks, which are still valued on an amortised basis. They are included in Long Term Investments and Short Term Investments on the Balance Sheet, although as at 31 March 2023 they are all Short Term Investments. The Council's investments in money market funds are valued at amortised cost and the principal is included in Cash and Cash Equivalents.

The Council's other investments continue to be carried on the Balance Sheet at fair value, assessed on a recurring basis, and the following classifications have been used from 1 April 2018:

The Council's investment in the Local Authorities' Property Fund is classified as Fair Value through Profit or Loss and the value at 31 March 2023 of £2.659m is included in the Long Term Investments on the Balance Sheet. However due to statutory override, any unrealised gain or loss (shown in the table below) is not charged to the revenue account. - it is posted to the Financial Instrument Revaluation Reserve. This investment is classified as a Level 1 input, as explained in the Accounting Policies (Note1), and the valuation technique used is the bid value of the units in the Fund as at 31 March 2023, supplied by the Local Authorities' Property Fund. Dividends are received quarterly and are credited to the revenue account.

The Council holds two investments for policy purposes, which have been designated as Fair Value through Other Comprehensive Income, because they are not held in order to collect contractual cash flows and no income has been received:

- £25,000 of deferred shares in Boom Credit Union, which offers affordable loans in the West Sussex and Surrey area,
- 75,000 ordinary shares with the UK Municipal Bonds Agency, which was set up to provide financing choices for UK local authorities.

These investments are classified as Level 2 inputs, using "other significant observable inputs" to arrive at the fair value. On this basis the Boom Credit Union holding is valued at cost and the UK Municipal Bonds Agency holding was written down on 31 March 2020 from £25,000 to zero, due to uncertainty regarding its future activity. The Boom Credit Union holding is included in Long Term Investments on the Balance Sheet.

There were no transfers between input levels during the year and no changes in the valuation techniques used.

Income, Expense, Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments are made up as follows:

	2022/23	2022/23	2021/22	2021/22
	Surplus or Deficit on the Provision of Services	Other Comprehensive Income and Expenditure	Surplus or Deficit on the Provision of Services	Other Comprehensive Income and Expenditure
	£'000	£'000	£'000	£'000
Net (gains)/losses on:				
Financial assets measured at fair value through profit or loss (change in value in the Council's investment in the Local Authorities' Property Fund)	525	-	(475)	-
Financial assets measured at amortised cost	138	-	182	-
Total net (gains)/losses	663	-	(293)	-
Interest revenue:				
Financial assets measured at amortised cost	(309)	-	(51)	-
Other financial assets measured at fair value through profit or loss (dividends from the Local Authorities' Property Fund)	(86)	-	(106)	-
Total interest revenue	(395)	-	(157)	-
Interest expense	4,861	-	4,600	-
Fee expense on financial liabilities that are not at fair value through profit or loss	14	-	13	-

The losses and gains in assets measured at amortised cost relate to the change in the provisions for losses on trade debtors calculated in accordance with accounting policies.

The Fair Values of Financial Liabilities and Financial Assets that are not measured at Fair Value (but for which Fair Value Disclosures are required)

Except for the financial assets carried at fair value, described above, all other financial liabilities and financial assets and long term debtors and creditors are carried on the Balance Sheet at amortised cost. The following tables show the fair values of the liabilities and assets, which are all currently within the Level 2 category in the valuation hierarchy. This uses "other significant observable inputs" to arrive at the fair value.

The fair value of the reported carrying amounts at 31st March 2023 can be assessed by calculating the present value of the cash flows that take place over the remaining life of the instruments, using the following assumptions:-

- For loans from the PWLB payable, prevailing market rates from the PWLB have been applied to provide the fair value under PWLB debt redemption procedures. An additional note to the tables sets out the alternative fair value measurement applying the premature repayment rates, highlighting the impact of the alternative valuation.
- For non-PWLB loans payable, prevailing market rates have been applied to provide the fair value.

- For loans receivable prevailing benchmark market rates have been used to provide the fair value.
- No early repayment or impairment is recognised.
- Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the carrying amount or the billed amount..

The fair values for Financial Liabilities are compared with the carrying amounts as follows:

Financial Liabilities	31st March 2023		31st March 2022	
	Carrying Amount £'000	Fair Value £'000	Carrying Amount £'000	Fair Value £'000
PWLB Debt	(140,361)	(135,345)	(139,212)	(148,825)
Non-PWLB Debt	(26,061)	(13,085)	(23,518)	(36,400)
Total Borrowing	(166,422)	(148,430)	(162,730)	(185,225)
Short Term Creditors	(6,830)	(6,830)	(3,808)	(3,808)
Total	(173,252)	(155,260)	(166,538)	(189,033)

The fair value of the liabilities is lower than the carrying amount because the Council's portfolio of loans includes a number of fixed rate loans where the interest rate payable is significantly lower than the rates available for similar loans in the market at the Balance Sheet date. This shows a notional future gain (based on economic conditions at 31st March 2023)

The fair value of Public Works Loan Board (PWLB) loans of £135.345m measures the economic effect of the terms agreed with the PWLB compared with estimates of the terms that would be offered for market transactions undertaken at the Balance Sheet date. The difference between the carrying amount and the fair value measures the additional interest that the Council will pay over the remaining terms of the loans under the agreements with the PWLB, against what would be paid if the loans were at prevailing market rates.

The Council has used a transfer value for the fair value of financial liabilities. We have also calculated an exit price fair value of £114.798m, which is calculated using early repayment discount rates. The Council has no contractual obligation to pay any penalty costs and would not incur any additional cost if the loans run to their planned maturity date. This amount is lower than the fair value by new loan rate calculation, indicating that the council could be paid a discount were it to make premature repayment of some debt, however there is not sufficient funds available at an appropriate rate to make this decision viable.

The fair value of trade and other payables (creditors) is taken to be the invoiced or billed amount. The disclosure for Financial Liabilities excludes statutory creditors, consequently the creditors figures differ from those in the Balance Sheet and the Creditors disclosure note.

The fair values for Financial Assets are compared with the carrying amounts as follows:

Financial Assets - valued at amortised cost	31st March 2023		at 31st March 2022	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
	£'000	£'000	£'000	£'000
Short term investments	3,118	3,118	18,034	18,014
Long term investments	1	1	5	5
Cash and cash equivalents	4,604	4,604	4,317	4,317
Short term debtors	3,485	3,485	508	508
Long term debtors	14	14	18	18
Total	11,222	11,222	22,882	22,862

The fair value of the financial assets is effectively the same as the carrying amount because the Council's fixed rate loans held at 31st March, 2023 are at interest rates similar to the rates for similar loans in the market at the Balance Sheet date, all of which are at less than 12 months to maturity.

The fair value of trade and other receivables is taken to be the invoiced or billed amount. The disclosure for Financial Assets excludes statutory debtors, such as Council Tax, consequently the debtors figures differ from those in the Balance Sheet and the Debtors disclosure note.

Nature and Extent of Risks Arising From Financial Instruments

The Council's activities expose it to a variety of financial risks. The key risks are:

- credit risk – the possibility that other parties might fail to pay amounts due to the Council
- liquidity risk – the possibility that the Council might not have funds available to meet its commitments to make payments
- refinancing risk – the possibility that the Council might need to renew a financial instrument on maturity at disadvantageous interest rates or terms
- market risk – the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rates movements

Overall procedures for managing risk

The Council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services. Risk management is carried out by the Adur-Worthing shared service, under policies approved by the Council in the annual Treasury Management Strategy Statement and Annual Investment Strategy. The Council provides written principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk and the investment of surplus cash.

Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposure to the Council's customers.

This risk is minimised through the Annual Investment Strategy, which is available on the Council's website [Joint Treasury Management Strategy & Annual Investment Strategy 2023-24 to 2025-26](#)

Credit Risk Management Practices

The Council's credit risk management practices are set out in the Annual Investment Strategy and particular regard is given to determining whether the credit risk of financial instruments has increased significantly since initial recognition.

The Annual Investment Strategy requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with the Fitch, Standard and Poor's and Moody's Credit Ratings Services. The Annual Investment Strategy also considers maximum amounts and time limits with a financial institution located within each category.

Examples of the credit criteria in respect of financial assets held by the Council are:

- Credit ratings of Short Term of F1, Long Term A-, (Fitch or equivalent rating), with the lowest available rating being applied to the criteria. Except for the UK, a minimum sovereign credit rating of AA- will be used.
- UK institutions provided with support from the UK Government
- The top five Building Societies by asset size

Examples of the limits on the size and length of time of deposits are:

- Banks - £4m for a maximum of 5 years;
- Building Societies - £4m for the Nationwide and £2m for the others on the approved list, for a maximum of 5 years;
- Money Market Funds (MMF) AAA rated - to be used for short term liquidity with a maximum limit of £3m for any one MMF.

The full investment strategy for 2023/24 was approved by the Council on 23rd February 2023 and is available on the Council's website.

Customers for goods and services are assessed, taking into account their financial position, past experience and other factors, with individual credit limits being set in accordance with internal ratings in accordance with parameters set by the Council.

Amounts Arising from Expected Credit Losses

The Council's maximum exposure to credit risk in relation to its total investments of £5.15m in banks, and £2.94m in money market funds cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare for investment counterparties with which the Council holds investments to be unable to meet their commitments. Although the potential risk of irrecoverability applies to all of the Council's deposits, there was no evidence at the 31st March 2023 that this was likely to crystallise and there is no material Expected Credit Loss.

The following analysis summarises the Council's potential maximum exposure to credit risk on other financial assets, based on experience of default and uncollectibility.

This table excludes statutory debtors such as Council Tax/NNDR.

Credit Risk Exposure	Carrying Amount at 31-Mar-23	Estimated Maximum Exposure to Loss 31-Mar-23	Estimated Maximum Exposure 31-Mar-22
	£'000	£'000	£'000
Lease debtors	201	59	54
Sundry debtors	3,284	1,176	1,043

The Council does not generally allow credit for its customers. Therefore all amounts outstanding (apart from those amounts raised as accruals at 31st March 2023 as part of the final accounts process) are past their due date. Exposure to losses on these debtors is assessed on an aged debt basis as identified in the accounting policies and Note 18.

Credit Risk Exposure

At 31st March 2023 the Council held £2m of bank investments at credit rating A+, £2m of bank investments at credit rating A-, £1.15m of bank investments at credit rating A+ (which is in a call account so classified as Cash and Cash Equivalents), £2.94m classified as Cash and Cash Equivalents was held in AAA rated money market funds. There has been no significant increase in credit risk since initial recognition and no credit impairment.

Liquidity Risk

The Council manages its liquidity positions through the risk management procedures above (the setting and approval of prudential indicators and the approval of the Treasury Management Strategy Statement and Annual Investment Strategy reports), as well as through a comprehensive cash flow management system, as required by the CIPFA Code of Practice. This seeks to ensure that cash is available when needed.

The Council has ready access to borrowings from the money markets to cover any day to day cash flow needs, and the Public Works Loan Board and money markets for access to longer term funds. The Council is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. There is, therefore, no significant risk that it will be unable to raise finance to meet its commitments under financial instruments. All sums owing are due to be paid in less than one year.

Refinancing and Maturity Risk

The Council maintains a significant debt and investment portfolio. Whilst the cash flow procedures above are considered against the refinancing risk procedures, longer-term risk to the Council relates to managing the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer term financial liabilities and longer term financial assets.

The approved treasury indicator limits for the maturity structure of debt and the limits placed on investments placed for greater than one year in duration are the key parameters used to address this risk. The Council approved treasury and investment strategies address the main risks and the central treasury team addresses the operational risks within the approved parameters. This includes:

- monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt; and
- monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Council's day to day cash flow needs, and the spread of longer term investments provides stability of maturities and returns in relation to the longer term cash flow needs. The Council has set a maximum limit of 50% for investments for more than 1 year.

The maturity analysis of financial liabilities is as follows, with the maximum and minimum limits for fixed interest rates maturing in each period (approved by the Council in the Treasury Management Strategy):

	Approved Minimum Limits	Approved Maximum Limits	Actual 31 March 2023	Actual 31 March 2023	Actual 31 March 2022	Actual 31 March 2022
				£'000s		£'000s
Maturing within one year	0%	20%	9%	(15,495)	8%	(13,010)
Maturing in 1-2 years	0%	30%	6%	(10,502)	5%	(7,206)
Maturing in 2-5 years	0%	50%	8%	(13,149)	12%	(19,663)
Maturing in 5-10 years	0%	70%	20%	(33,898)	24%	(38,738)
Maturing in 10-20 years	0%	80%	35%	(57,442)	29%	(47,846)
Maturing in 20-30 years	0%	60%	2%	(3,180)	1%	(2,296)
Maturing in 30-40 years	0%	60%	8%	(12,635)	9%	(13,812)
Maturing in more than 40 years	0%	45%	12%	(20,121)	12%	(20,159)
TOTAL			100%	(166,422)	100%	(162,730)

The Council has two Lender Option Borrower Option loans totaling £7.25m. The structure of these loan deals is such that they could be called for repayment, however it has been judged that the rates of 6.66% and 4.035% on these loans will outperform markets over the life of the loans and therefore it has been assumed that they will run until maturity and they are included in the "Maturing in more than 40 years" line. This treatment will be reviewed with respect to market interest rates each year.

All trade and other payables are due to be paid in less than one year.

Market Risk

Interest Rate Risk

The Council is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council, depending on how variable and fixed interest rates move across differing financial instrument periods. For instance, a rise in variable and fixed interest rates would have the following effects:

- borrowings at variable rates - the interest expense charged to the Surplus or Deficit on the Provision of Services will rise
- borrowings at fixed rates – the fair value of the liabilities borrowings will fall
- investments at variable rates – the interest income credited to the Surplus or Deficit on the Provision of Services will rise
- investments at fixed rates – the fair value of the assets will fall (no impact on revenue balances).

Borrowings are not carried at fair value on the Balance Sheet, so nominal gains and losses on fixed rate borrowings would not impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of

Services and affect the General Fund Balance. Movements in the fair value of fixed rate investments that have a quoted market price will be reflected in the Other Comprehensive Income and Expenditure Statement.

The Council has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together the Council's prudential and treasury indicators and its expected treasury operations, including an expectation of interest rate movements. From this Strategy a treasury indicator is set which provides maximum limits for fixed and variable interest rate exposure. The central treasury team will monitor market and forecast interest rates within the year to adjust exposures appropriately. For instance during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns, similarly the drawing of longer term fixed rates borrowing would be postponed. All current borrowing is at fixed rates, although the Council has set a maximum limit of 25% for variable rate borrowing.

The treasury management team has an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and which is used to update the budget during the year. This allows any adverse changes to be accommodated. The analysis will also advise whether new borrowing taken out is fixed or variable.

According to this assessment strategy, at 31st March 2023, if all interest rates had been 1% higher (with all other variables held constant) the financial effect would be:

	£'000
Increase in interest receivable on variable rate investments - impact on Surplus or Deficit on the Provision of Services	174
Share of overall impact credited or debited to the HRA	64
Decrease in fair value of fixed rate investment assets - impact on Other Comprehensive Income and Expenditure	13
Decrease in fair value of fixed rate borrowings liabilities (no impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure)	12,686

The approximate impact of a 1% fall in interest rates would be as above but with the movements being reversed. These assumptions are based on the same methodology as used in the Note - Fair Value of Assets and Liabilities carried at Amortised Cost.

Price Risk

The Council, excluding the pension fund, does not generally invest in equity shares or marketable bonds and does not have shareholdings in joint ventures or local industry. The Council holds £2.659m in the Local Authorities' Property Fund as valued at 31st March 2023 and the value varies based on the value of the underlying assets. However, any movements in price will not impact on the General Fund Balance as regulations are in force to ameliorate the impact of fair value movements.

Foreign Exchange Risk

The Council has no financial assets or liabilities denominated in foreign currencies and therefore has no exposure to loss arising from movements in exchange rates.

NOTE 18: DEBTORS

	31-Mar-23	31-Mar-22
Amounts falling due in one year net of bad debt impairment provision:	£'000s	£'000s
Central Government Bodies	2,167	1,918
Other Local Authorities	2,989	5,253
NHS Bodies	69	98
Other Entities and Individuals	4,635	1,830
	9,860	9,099

The past due amounts for customers can be analysed as follows.

Overall Aged Debt Analysis	31-Mar-23	31-Mar-22
	£'000	£'000
Under 1 year	9,526	8,762
1 - 2 years	30	42
2 - 3 years	17	59
Over 3 years	287	236
	9,860	9,099

Long Term Debtors

Long Term Debtors	31-Mar-23	31-Mar-22
	£'000s	£'000s
Car loans	14	18
TOTAL	14	18

NOTE 19: CASH AND CASH EQUIVALENTS

	31-Mar-23	31-Mar-22
	£'000	£'000
Cash held/(overdrawn) by the Council	1	1
Bank Current Accounts	513	361
Call Accounts and Money Market Funds	4,090	3,955
Total Cash & Cash Equivalents	4,604	4,317

NOTE 20: CREDITORS

	31-Mar-23	31-Mar-22
	£'000s	£'000s
Central Government Bodies *	(2,277)	(9,609)
Other Local Authorities	(3,237)	(2,046)
NHS Bodies	(209)	-
Other Entities and Individuals	(3,137)	(3,911)
TOTAL	(8,860)	(15,566)

* At 31st March 2022, Included within the Central Government Bodies category are significant Government contributions towards the financial impact of COVID 19 grants and reliefs administered by the Council.

NOTE 21: PROVISIONS

The table below identifies the movements in the year in the amounts set aside for provisions. Below the table is a brief description of the nature of each provision and any information on likely timings and uncertainties surrounding its use.

	Balance at 31-Mar-22	Additional provisions made in 2022/23	Amounts used in 2022/23	Balance at 31-Mar-23
	£'000	£'000	£'000	£'000
Courtfields Major works	(459)	(28)		(487)
Insurance Provision	(25)		25	-
Land Charges Provision	(8)		8	-
Holiday Back Pay	-	(34)		(34)
Business Rates Appeals	(207)		103	(104)
	(699)	(62)	136	(625)

Courtfields Major Works:

This Reserve is a provision for the cost of works that the Council is obliged to undertake at Courtfields. No major works are currently programmed for the properties but it is highly likely that some major works will need to be undertaken in the next few years.

Business Rates Appeals:

A provision has been made for appeals which are likely to be settled in favour of the appellant. This is based on all known outstanding business rate appeals which have been lodged with the Valuation Office together with an allowance for new appeals which may emerge in the future.

Holiday Back Pay - Provision has been made for the back pay associated with holiday pay entitlement to part time staff who work overtime following a review of the council pay policy.

NOTE 22: USABLE RESERVES

Movements in the Council's usable reserves are detailed in the Movement in Reserves Statement on page 29.

NOTE 23: UNUSABLE RESERVES

UNUSABLE RESERVES	31st March 2023	31st March 2022
	£'000s	£'000s
Revaluation Reserve	(144,327)	(147,132)
Capital Adjustment Account	(49,344)	(50,949)
Financial Instruments Adjustment Account	418	422
Financial Instruments Revaluation Reserve	391	(134)
Deferred Capital Receipts Reserve	-	-
Pension Reserve	(22,229)	9,416
Collection Fund Adjustment Account	1,522	1,307
TOTAL UNUSABLE RESERVES	(213,569)	(187,070)

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its property, plant and equipment. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised

The reserve contains only revaluation gains accumulated since 1st April 2007, the date that the reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

Revaluation Reserve	2022/23 £'000	2021/22 £'000
Balance at 1st April	(147,132)	(125,540)
Upward revaluation of assets	(4,914)	(29,586)
Downward revaluation of assets and impairment losses not charged to the Surplus/Deficit on the Provision of Services	6,080	5,896
Surplus or deficit on revaluation of non-current assets charged to other comprehensive income and expenditure	1,166	(23,690)
Difference between fair value depreciation and historical cost depreciation	1,199	999
Accumulated gains on assets sold	440	1,099
Amount written off to Capital Adjustment Account	1,639	2,098
Balance at 31st March	(144,327)	(147,132)

Capital Adjustment Account

The Capital Adjustment Account reflects the difference between the cost of long term assets consumed and the capital financing assets set aside to pay for them. It is written down by capital expenditure which does not result in the creation of a long term asset and the depreciated historical cost of assets when sold.

The account contains accumulated gains and losses on investment properties and gains recognised on donated assets that have yet to be consumed by the Council.

The account also contains revaluation gains accumulated on property, plant and equipment before 1st April 2007, the date that the Revaluation Reserve was created to hold such gains.

Capital Adjustment Account	2022/23	2021/22
	£'000	£'000
Balance at 1st April	(50,949)	(46,871)
Items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:		
Charges for depreciation and impairment of non-current assets	5,148	4,470
Revaluation losses and reversals of previous revaluation losses on property, plant and equipment	850	3,803
Amortisation of intangible assets	178	104
Revenue expenditure funded from capital under statute Current Year	936	1,278
Revenue expenditure funded from capital under statute Prior Years	-	-
Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	3,449	3,027
Net written out amount of the cost of non-current assets consumed in the year	10,561	12,682
Adjusting amounts written out of the Revaluation Reserve	(1,638)	(2,098)
Capital financing applied in the year:		
Use of the Capital Receipts Reserve to finance new capital expenditure	(760)	(1,243)
Use of the Major Repairs Reserve to finance new capital expenditure	(3,155)	(2,511)
Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing	(1,695)	(2,204)
Application of grants to capital financing from the Capital Grants Unapplied Account	(499)	(2,680)
Statutory provision for the financing of capital investment charged against the General Fund and HRA balances	(1,876)	(2,314)
Capital expenditure charged against the General Fund and HRA balances	(30)	(70)
	(9,653)	(13,120)
Movements in the market value of investment properties debited or credited to the Comprehensive Income and Expenditure Statement	697	(3,640)
Balance at 31st March	(49,344)	(50,949)

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefitting from gains per statutory provisions. The Council uses the account to manage premiums paid on discounts received on the early redemption of loans.

Financial Instruments Revaluation Reserve

The Financial Instruments Revaluation Reserve contains the gains made by the Council arising from increases in the value of its investments that have quoted market prices or otherwise do not have fixed or determinable payments. The balance is reduced when investments with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- disposed of and the gains are realised

Pension Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

Pensions Reserve	2022/23	2021/22
	£'000	£'000
Balance at 1st April	9,416	14,606
Remeasurements of the net defined benefit liability / (asset)	(33,126)	(7,017)
Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income & Expenditure Statement	4,397	4,796
Employer's pension contributions and direct payments to pensioners payable in the year	(2,916)	(2,969)
Balance at 31st March	(22,229)	9,416

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the difference arising from the recognition of council tax income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers compared with the statutory arrangements between the General Fund from the Collection Fund.

Collection Fund Adjustment Account	2022/23	2021/22
	£'000	£'000
Balance at 1 April	1,307	4,235
Amount by which council tax income recognised in the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements	(122)	(116)
Amount by which non domestic rates income recognised in the Comprehensive Income and Expenditure Statement is different from non domestic rates income calculated for the year in accordance with statutory requirements	337	(2,812)
Balance at 31 March	1,522	1,307

NOTE 24: CASH FLOW - OPERATING ACTIVITIES

	Net 2022/23	Net 2021/22
	£'000	£'000
The cash flows for operating activities include the following items:		
Interest received	301	142
Interest paid	(4,604)	(4,605)
Total	(4,303)	(4,463)

Cash Flow – Net Cash Flow From Operating Activities

	Net 2022/23	Net 2021/22
	£'000	£'000
Net Surplus or (Deficit) on the Provision of Services	(5,638)	1,763
Adjust net surplus or deficit on the provision of services for non cash movements		
Depreciation	5,148	4,470
Impairment and downward valuations	850	3,803
Amortisation	178	104
Increase/(Decrease) in Creditors	(9,923)	5,001
(Increase)/Decrease in Debtors	(718)	(834)
(Increase)/Decrease in Inventories	7	7
Movement in Pension Liability	1,481	1,827
Contributions to/(from) Provisions	(74)	(163)
Carrying amount of non-current assets sold [property plant and equipment, investment property and intangible assets]	3,449	3,027
Movement in Investment property values	1,226	(4,116)
	1,624	13,126
Adjust for items included in the net surplus or deficit on the provision of services that are investing or financing activities		
Proceeds from the sale of property, plant and equipment, investment property and intangible assets	(1,462)	(2,637)
Net capital Grants credited to surplus or deficit on the provision of services	(2,727)	(3,333)
	(4,189)	(5,970)
Net Cash Flows from Operating Activities	(8,203)	8,919

NOTE 25: CASH FLOW - INVESTING ACTIVITIES

	Net 2022/23	Net 2021/22
	£'000	£'000
Purchase of property, plant and equipment, investment property and intangible assets	(13,012)	(9,531)
Purchase of short-term and long-term investments	(115,154)	(78,970)
Other payments for investing activities	(14)	(10)
Proceeds from the sale of property, plant and equipment, investment property and intangible assets	1,853	2,112
Proceeds from short-term and long-term investments	129,165	63,960
Other receipts from investing activities	2,792	3,338
Net cash flows from investing activities	5,630	(19,101)

NOTE 26: CASH FLOW - FINANCING ACTIVITIES

	Net 2022/23	Net 2021/22
	£'000	£'000
Cash receipts of short- and long-term borrowing	15,338	11,185
Repayments of short- and long-term borrowing	(11,913)	(8,604)
Other payments for financing activities	(565)	4,378
Net cash flows from financing activities	2,860	6,959

NOTE 27: TRADING OPERATIONS

The former Direct Service Organisations are designated as trading accounts and a summary of their trading results is shown below, together with other services treated as trading services. The Council operates one trading account as shown below:

	2022/23 Gross Expenditure	2022/23 Gross Income	2022/23 Net Income	2021/22 Net Income
	£'000	£'000	£'000	£'000
Trade Refuse	532	(753)	(221)	(195)
	532	(753)	(221)	(195)

The trading account is consolidated within the Comprehensive Income and Expenditure Statement under other operating expenditure.

Through the Joint Strategic Committee, a trade waste service is provided for the collection of commercial refuse. The service charges a commercial rate and is in direct competition with other service providers. Surpluses are shared and credited back to the Council.

NOTE 28: AGENCY SERVICES

Adur District Council entered into an Agency Agreement with West Sussex County Council to improve the Parking Enforcement for the District. In 2022/23 income collected was £166,528, (2021/22 £146,630) and expenditure was £132,817, (2021/22 £144,174). West Sussex County Council contributes £54,943 towards this contract, with the balance being funded by Adur District Council.

The Council also has Agency Agreements with other Local Authorities for Treasury Management, and Insurance Provision to provide Value for Money, relying on expertise within particular authorities. These Agency Agreements are deemed by Adur Council to be immaterial.

NOTE 29: MEMBERS' ALLOWANCES

The total allowances paid to Members were as follows:

2022/23	2021/22
£	£
245,150	217,028

NOTE 30: OFFICERS' REMUNERATION

The senior officers who manage services and staff for Adur District Council and Worthing Borough Council are employed by Adur District Council as part of the partnership arrangement. These emoluments relate to the employment of senior officers by Adur District Council on behalf of both Adur District Council and Worthing Borough Council.

The numbers of employees (including the senior officers who are also listed individually in the later tables) whose remuneration, excluding pension contributions, was £50,000 or more, in bands of £5,000 were:-

Remuneration Bands	Number of Employees	
	2022/23	2021/22
£50,000 to £54,999	25	13
£55,000 to £59,999	16	15
£60,000 to £64,999	8	5
£65,000 to £69,999	4	4
£70,000 to £74,999	1	3
£75,000 to £79,999*	4	2
£80,000 to £84,999	2	3
£85,000 to £89,999	-	2
£90,000 to £99,999	1	-
£95,000 to £99,999	-	-
£100,000 to £104,999	2	2
£105,000 to £109,999	1	-
£120,000 to £124,999	-	1
£145,000 to £149,999	1	-
£165,000 to £169,999	1	-
	66	50
* These include redundancy, efficiency of service and settlement payments. Please see note 30 Exit Packages and Termination Benefits for a breakdown of these payments.		

For the purpose of this note remuneration means all amounts paid to or receivable by an employee during the year.

Remuneration Disclosures for Senior Officers whose salary is £150,000 or more per year

Note 1: There were no staff whose salary was more than £150,000 in 2022/23 and in 2021/22.

Remuneration Disclosures for Senior Officers whose salary is less than £150,000 but equal to or more than £50,000 per year

Note 2: The Chief Executive, Directors and Heads of Services are employed by Adur District Council and provide services to both Adur District Council and Worthing Borough Council as part of a formally agreed partnership arrangement where costs are shared and included in the support service allocations to the authorities.

There were no bonuses paid to these staff in either 2022/23 or 2021/22.

Remuneration Disclosures for Senior Officers							
Postholder	Salary, Fees and Allowances	Compensation for loss of Office	Total Remuneration excluding Pension Contributions	Pension Contribution Employer Only	Total Remuneration including Pension Contributions	Net Cost borne by Worthing B.C. and paid to Adur D.C. * From January 2022 until October 2022 an external locum fulfilled the duties of this position whilst the Council recruited a permanent employee.							

NOTE 31 OFFICERS' REMUNERATION - EXIT PACKAGES AND TERMINATION BENEFITS

EXIT PACKAGES

The numbers of exit packages with total cost per band and total cost of the compulsory and other redundancies are set out below:

(a)	(b)		(c)		(d)		(e)	
Exit package cost band (including special payments)	Number of compulsory redundancies		Number of other departures agreed		Total number of exit packages by cost band		Total cost of exit packages in each band	
	2022/23	2021/22	2022/23	2021/22	2022/23	2021/22	2022/23	2021/22
							£	£
£0 - £20,000	3	-	1	2	4	2	20,559	19,626
£20,000 - £40,000	1	1	1	2	2	3	53,162	92,763
£40,000 - £60,000	-	-	1	-	1	-	56,630	-
£60,000 - £80,000	-	-	1	-	1	-	65,240	-
£80,000 - £100,000	-	-	1	-	1	-	85,000	-
Total cost included in bandings	4	1	5	4	9	5	280,591	112,389
Total cost included in CIES	4	1	5	4	9	5	280,591	112,389
These redundancy costs are shared between Adur & Worthing Councils in proportion to the service allocation. The total cost of £280,591 in the table above includes £112,236 for exit packages that have been charged to Adur's Comprehensive Income and Expenditure Statement in the current year.								

TERMINATION BENEFITS

	Adur
	£
Redundancy costs	112,236
Enhanced Pension Benefits	133,204
Total termination benefit 2022/23	245,440
Total termination benefit 2021/22	92,696

Of this total, £112,236 is payable in the form of compensation for loss of office and £133,204 is the 2022/23 cost of enhanced pension benefits..

NOTE 32: EXTERNAL AUDIT COSTS

The Council incurred the following fees (all payable to Ernst and Young) relating to external audit.

	2022/23	2021/22
	£'000s	£'000s
Fees payable to external auditors with regard to external audit services carried out by the appointed auditor for the year	146	61
Fees payable to external auditors for the certification of grant claims and returns for the year	46	49
TOTAL	192	110

NOTE 33: GRANT INCOME

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement:

	2022/23	2021/22
	£'000s	£'000s
General Fund Grants & Donations		
New Homes Bonus Scheme	(157)	(19)

Arun District Council	-	(38)
English Sports Council	-	(119)
Brighton & Hove City Council	(29)	-
Other Grants	(35)	-
Total revenue grants credited to services	(5,369)	(2,574)
TOTAL GRANTS AND DONATIONS	(10,521)	(8,893)

The Council has received a number of grants, contributions and donations that have yet to be recognised as income as they have conditions attached to them that will require the monies or property to be returned to the giver if the conditions are not met. The balances at the end of the year are as follows:

	2022/23	2021/22
	£'000s	£'000s
Revenue Grants Receipts in Advance		
Department for Levelling Up, Housing & Communities (DLUHC)	(3)	(5)
Council Tax Energy Rebate	(370)	(3,858)
Test and Trace	-	(76)
Housing / Rough Sleeping protect and vaccinate	(23)	(23)
West Sussex County Council -		
Covid 19 / Contain Outbreak Management Fund	(20)	(181)
LEAP funding	(60)	(81)
Salix - Low Carbon Skills Fund	-	(24)
Lancing Regeneration Grant	(75)	-
Neighbourhood Planning Grant	(5)	-
Grants recognised in the Joint Committee	(3)	(15)
TOTAL	(559)	(4,263)

NOTE 34: RELATED PARTIES

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Central Government

Central government has significant influence over the general operations of the Council – it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from government departments are set out in Note 33. Grant receipts which remain to be used on 31st March 2023 are shown in Note 33.

Members

Members of the Council have direct control over the Council's financial and operating policies. The total of members' allowances paid in 2022/23 is shown in Note 29. During 2022/23 there were no related party transactions declared by Councillors. In 2022/23 all contracts were entered into in full compliance with the Council's standing orders. Details of all members' transactions are recorded in the Register of Members' Interests, open to public inspection on the Council's website.

There were no related party transactions declared by officers in 2022/23.

Other Public Bodies

The Council has a partnership arrangement with Worthing Borough Council for the sharing of a joint officer structure.

Entities Controlled or Significantly Influenced by the Council

In January 2021 the Council entered into a 5 year agreement with South Downs Leisure for the provision of leisure services within the District. During 2022/23 the Council made a service fee payment of £130,070.

NOTE 35: CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. The CFR is analysed in the second part of this note.

	2022/23	2021/22
	£'000	£'000
Opening Capital Financing Requirement	168,723	168,446
Capital Investment		
Property, Plant and Equipment	12,664	9,506
Heritage Assets	-	-
Investment Properties	-	-
Intangible Assets	116	515
Revenue Expenditure Funded from Capital Under Statute	936	1,278
Sources of Finance		
Capital receipts	(760)	(1,243)
Government grants and other contributions	(2,194)	(4,884)
Sums set aside from revenue:		
Direct revenue contributions	(30)	(49)
MRP/loans fund principal	(1,876)	(2,314)
Revenue funding	(3,154)	(2,532)
Closing Capital Financing Requirement	174,425	168,723
Explanation of movements in year		
Increase/ (Decrease) in underlying need to borrow (unsupported by Government financial assistance)	5,702	277
Increase/(decrease) in Capital Financing Requirement	5,702	277

NOTE 36: LEASES

Operating Leases - Lessor

The Council leases out property under operating leases for the following purposes:

- for the provision of community services, such as sports facilities, tourism services and community centres
- for economic development purposes to provide suitable affordable accommodation for local businesses
- as part of the Council's Strategic Investment Policy to maximise rental income for the Authority (see note 14).

Future minimum lease receipts are calculated using current receipt contract information. The future minimum lease receipts under non-cancellable leases in future years are:

	31-Mar-23	31-Mar-22
	£'000	£'000
Not later than one year	5,163	5,160
Later than one year and not later than five years	18,549	16,421
Later than five years	29,179	19,633
	52,891	41,214

Operating Leases - Lessee

The Authority is the lessee of a number of properties which it sublets to tenants of Adur Homes. The non-cancellable rentals due for lessor and lessee rents cannot be quantified with certainty, but are deemed not to be material and therefore excluded from the tables above.

NOTE 37: OTHER LONG TERM LIABILITIES

Other Long Term Liabilities		31-Mar-23	31-Mar-22
	See Note No.	£'000s	£'000s
Commutated Sums		(8)	(8)
Pension Reserve Liability	38	22,229	(9,416)
TOTAL		22,221	(9,424)

NOTE 38: DEFINED BENEFIT PENSION PLANS

Participation in Pension Plans

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments (for those benefits) and to disclose them at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme, administered locally by West Sussex County Council – this is a funded defined benefit final salary scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets.

Transactions Relating to Post-employment Benefits

We recognise the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions

However, the charge we are required to make against council tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

Transactions Relating to Post-employment Benefits

Comprehensive Income and Expenditure Statement	Consolidation of Joint Committee:		Local Government Pension Scheme

Basis for Estimating Assets and Liabilities:

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. Both the Local Government Pension Scheme and discretionary benefits liabilities have been estimated by Hymans Robertson, an independent firm of actuaries, estimates for the County Council Fund being based on the latest full valuation of the scheme as at 31st March, 2023.

The significant assumptions used by the actuary have been:

	Local Government Pension Scheme	
	2022/23	2021/22
Mortality assumptions		
<i>Current pensioners:</i>		
Male	21.8 years	22.3 years
Female	24.0 years	24.7 years
<i>Future pensioners:</i>		
Male	21.7 years	23.2 years
Female	25.7 years	26.5 years
<i>Rate of inflation</i>		
Rate of increase in salaries	4.50%	4.80%
Rate of increase in pensions	3.00%	3.30%
Rate for discounting scheme liabilities	4.75%	2.70%

The estimation of the defined benefit obligation is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all other assumptions remain constant. The assumptions for longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have been assessed on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

Change in assumptions at 31st March 2023	Approximate % increase to Employer Liability	Approximate monetary amount (£000)
0.1% decrease in Real Discount Code	1%	730
1 year increase in member life expectancy	4%	2,646
0.1% increase in Salary Increase Rate	0%	10
0.1% increase in the Pension Increase Rate	1%	732

Included within the actuary assumptions is the potential impact to the Council of the ongoing legal case concerning alleged age discrimination in the administration of public sector pension schemes at a national level. The Court of Appeal has issued a decision regarding transitional arrangements for the benefit changes. The ruling has implications for the Local Government Pension Scheme and Firefighters Pension Scheme since similar reforms have been implemented by these schemes.

The outcome for the employer liabilities is not clear, since the Government may appeal and timescales for resolution may be lengthy. Any remediation process, including cost cap considerations, may also affect the resolution, and so the financial impact at an overall scheme level cannot be estimated at this time. Should an obligation arise, any increase in current or past service costs may affect employer pension contributions in future years, potentially as part of a deficit recovery plan.

Impact on the Council's Cash Flow:

The Council anticipates paying £1,293,000 contributions to the scheme in 2022/23 and approximately £1,366,000 contributions to the Adur-Worthing Joint Services scheme (40% share).

NOTE 39: HERITAGE ASSETS NOT REPORTED IN THE BALANCE SHEET

The following assets are not reported in the Balance Sheet because information on the cost or value of these assets is not available due to the lack of comparative information and the unique nature of these assets; the cost of obtaining a valuation would not be commensurate with the benefits to the users of the financial statements.

Buckingham Park House Ruin: Comprises the remains of an old listed building situated in Buckingham Park - a valuation has not been obtained due to the unique nature of this asset.

Buckingham Farm Dovecote: This is a listed building situated on an open space which old records indicate was transferred to the Council in about 1974. No valuation is available due to the unique nature of the asset.

War Memorial, adjacent to St. Mary's Church, Shoreham: The Council does not hold cost information on this monument and the cultural significance of this monument cannot be valued.

NOTE 40: TRUST FUNDS

The Council acts as a trustee for two Charities; Adur Recreation Ground (271495) and The Green (290683). In both cases the land was gifted to the Council to maintain, and any income generated is offset against the cost of this maintenance.

NOTE 41: JOINT BUDGETS

All Services (except for services relating to the Housing Revenue Account) that can operate as a shared service have now moved across to the Joint Strategic Committee. The Joint Strategic Committee accounts are proportionately consolidated into the Council's financial statements.

HOUSING REVENUE ACCOUNT (HRA) NOTES

COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

The HRA Income and Expenditure Statement above shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. Authorities charge rents to cover expenditure in accordance with regulations, this may be different from the accounting cost.

STATEMENT OF MOVEMENT ON THE HRA BALANCE

The increase or decrease in the HRA Balance in the year, on the basis of which rents are raised, is shown in the movement on the HRA Statement, as follows:

Statement of Movement on the HRA Balance	2022/23	2021/22
	£'000s	£'000s
Balance on the HRA at the end of the previous reporting period	(1,852)	(349)
Surplus or (deficit) for the year on the HRA Income and Expenditure Account	2,221	1,298
Adjustments between accounting basis and funding basis under statute	(1,005)	(1,495)
Net (Increase) or Decrease before transfers to reserves	1,216	(197)
Net transfers to or (from) Earmarked Reserves		
Contribution from the New Development & Acquisition Reserve	(321)	(1,288)
Transfer to HRA Discretionary Assistance Fund	(114)	-
Transfer to/(from) HRA Business Improvement Reserve	(7)	(18)
Total net transfers to/from earmarked reserves	(442)	(1,306)
Balance on the HRA at the end of the current reporting period	(1,078)	(1,852)

The Statement of Movement on the HRA Balance reconciles the reported surplus or deficit for the year shown on the Comprehensive Income and Expenditure Statement with the HRA balance at the end of the year, and is calculated in accordance with the Local Government and Housing Act 1989.

Part of the reconciliation includes adjustments between accounting basis and funding basis under statute to ensure that the HRA balance is determined in accordance with proper practices. These adjustments are disclosed in Note 1.

NOTE 1: STATEMENT OF MOVEMENT ON HOUSING REVENUE ACCOUNT

	2022/23	2021/22
	£'000s	£'000s
Items included in the HRA Income and Expenditure Account but excluded from the movement on HRA statement for the year.		
Gain or loss on sale of HRA non-current assets	740	996
Derecognition of assets	(2,629)	(1,351)
HRA share of contributions to or from the Pensions Reserve	126	34
Transfers to/(from) Capital Adjustment Account	(4,184)	(6,284)
Voluntary Provision for Repayment of Debt	-	-
Transfers to/(from) Major Repair Reserve	3,811	3,109
	(2,136)	(3,496)
Amounts not included in the Income and Expenditure Account, but required by statute to be included when determining the Movement on the Housing Revenue Account for the year		
Amortisation of Premiums	-	-
Capital grants and contributions repayable	775	1,704
Capital grants unapplied	356	297
Capital expenditure funded by the HRA	-	-
Net additional amount required to be debited or (credited) to the Housing Revenue Account balance for the year.	(1,005)	(1,495)

NOTE 2: NUMBER OF TYPES OF DWELLING IN THE HOUSING STOCK

	31st March 2023	31st March 2022
	Number	Number
Houses	984	990
Bungalows	168	168
Flats	1,358	1,359
TOTAL DWELLINGS	2,510	2,517

The Authority recognised the following assets as held for sale during 2022/23:

- 9 Council Dwellings being sold under 'Right to Buy' Regulations were reclassified as held for sale.
- 7 sales of 'Right to Buy' Council Dwellings completed in 2022/23.

NOTE 3: TOTAL BALANCE SHEET VALUE OF LAND, HOUSES AND OTHER PROPERTY WITHIN THE HRA

	31st March 2023	31st March 2022
	£'000s	£'000s
Council Dwellings	209,806	217,107
Other Land and Buildings	6,888	6,742
Infrastructure	19	20
Assets Under Construction	13,204	1,141
Total Balance Sheet Value of Land, Houses and the Other Property	229,917	225,010

NOTE 4: VACANT POSSESSION VALUE OF DWELLINGS WITHIN THE HRA

	2022/23	2021/22
	£	£
Vacant Possession Value of Dwellings within the HRA	635,777	657,901

The vacant possession value and Balance Sheet value of dwellings within the HRA show the economic cost of providing council housing at less than market rents.

NOTE 5: MOVEMENTS ON THE MAJOR REPAIRS RESERVE

	2022/23	2021/22
	£'000s	£'000s
Balance at 1st April	8,065	7,467
Capital expenditure funded from Major Repairs Reserve	(3,154)	(2,511)
Statutory provision equal to the annual depreciation charges to finance future capital expenditure or borrowing	3,785	3,109
Transfer from the MRR to abate the depreciation charge to the value of the Notional Major Repairs Allowance	-	-
Balance of Major Repairs Reserve at 31st March	8,696	8,065

From 2017/18 contributions made to the Major Repairs Reserve are equivalent to the depreciation charge made. This is a cash backed reserve that can be used to fund capital expenditure or repay debt.

NOTE 6: HRA DISCRETIONARY ASSISTANCE FUND

The Discretionary Assistance Fund was established in 2013/14 for the purpose of providing temporary financial assistance to tenants who may require support that is not otherwise available. The primary purpose is intended for home improvements or repairs that are the responsibility of the tenant, although other purposes may be considered when mutually beneficial.

Discretionary Assistance Fund	2022/23	2021/22
	£'000s	£'000s
Balance at 1st April	116	116
Expenditure in the year	(114)	-
BALANCE AT 31ST MARCH	2	116

NOTE 7: CAPITAL EXPENDITURE AND FINANCING WITHIN THE HRA

	2022/23	2021/22

Paid to central government	-	358
	1,472	2,214

NOTE 9: DEPRECIATION FOR THE LAND, HOUSES, OTHER PROPERTY, EQUIPMENT AND INTANGIBLE ASSETS WITHIN THE HRA IN YEAR

	2022/23	2021/22
	£'000s	£'000s
Council Dwellings	3,665	2,991
Other Land and Buildings	76	76
Infrastructure	1	1
Equipment	27	25
Intangible Assets	16	16
TOTAL DEPRECIATION IN YEAR	3,785	3,109

NOTE 10: REVALUATION

In 2022/23 the revaluation of the Housing Revenue Account dwellings by external valuers at 1st April, 2023 resulted in an decrease in the Authorities housing stock value by £2.8m. This was due to a lower increase in market values during 2022/23 than originally estimated at 31st March 2022. £2.2m was added to the HRA Revaluation Reserve and a downward revaluation of £5.019m was included in the HRA income and expenditure account. Revaluations in 2022/23 for HRA other land and property totalled £462,110; £462,100 was added to the Revaluation Reserve and £4,040.

NOTE 11: HRA SHARE OF CONTRIBUTIONS TO OR FROM THE PENSION RESERVE

Under the provisions of IAS19, £223,100 has been debited to the Housing Revenue Account in respect of the portion/share of contributions allocated to the Pension Reserve.

NOTE 12: RENT ARREARS

	31st March 2023	31st March 2022
	£'000s	£'000s
Gross arrears as at 31st March	1,154	1,128
Bad Debt provision for uncollectable debts	589	537

COLLECTION FUND INCOME AND EXPENDITURE ACCOUNT
FOR THE YEAR ENDED 31st March 2022

These accounts represent the transactions of the Collection Fund which is a statutory fund separate from the General Fund of the Council. The Collection Fund accounts independently for income relating to council tax and business rates on behalf of those bodies (including the Council's own General Fund) for whom the income has been realised. Administration costs are borne by the General Fund.

NOTES TO THE COLLECTION FUND INCOME AND EXPENDITURE ACCOUNT

NOTE 1: COUNCIL TAX

Council Tax income is based on the value in 1991 of residential properties, which are classified into eight valuation bands, including a variant on Band A in respect of disabled relief. The total numbers of properties in each band are adjusted and then converted to a Band D equivalent, which when totalled and adjusted for valuation changes and losses on collection, forms the Council's tax base. The Council Tax Base for 2022/23 was 21,699.7 band D equivalents.

Individual charges per dwelling are calculated by dividing the total budget requirement of West Sussex County Council, the Sussex Police and Crime Commissioner and Adur District Council by the Council Tax Base calculated above.

	Demand or Precept £	Council Tax Base	Average Band D Council Tax £
West Sussex County Council	£33,759,091.28	21,699.7	1,555.74
Sussex Police & Crime Commissioner	£4,881,479.53	21,699.7	224.96
Adur District Council	£7,283,067.00	21,699.7	335.63

NOTE 2: BUSINESS RATES

For 2022/23, the authority participated in the West Sussex County Council Business Rates Pool. The pool consists of Adur District Council, Mid Sussex District Council, Arun District Council, and West Sussex County Council. The levy for 2022/23 was paid into the West Sussex County Council Pool and used to fund economic regeneration initiatives throughout the County area. Without the Pool, the levy would be paid to DLUHC and not retained for the benefit of the residents of West Sussex.

The funds generated by the Pool are used to fund projects which promote economic regeneration projects, contributions to the Local Economic Partnerships (LEPS) and other invest to save initiatives. The levy payment is shown within the Comprehensive Income and Expenditure Statement.

Business rates are collected by the Council from local businesses using a uniform rate supplied by the Government for the Country as a whole which was 49.9p in 2022/23 (49.9p in 2021/22) and local rateable values. The total non-domestic rateable value at the end of the year for the district was £46.7m (£46.2m in 2021/22).

NOTE 3: BAD AND DOUBTFUL DEBTS

A requirement of £1,687k and £53k for bad and doubtful debts for Council Tax and Business Rates has been provided for in 2022/23 in line with Adur District Council's accounting policy for maintaining the provision.

NOTE 4: APPORTIONMENT OF BALANCES TO MAJOR PRECEPTORS OF COUNCIL TAX

This note shows the apportionment of balances into the parts attributable to the major precepting authorities.

Apportionment of Balances to Major Preceptors				
	West Sussex County Council	Sussex Police & Crime Commissioner	Adur District Council	TOTAL
	£	£	£	£
Apportionment based on 2022/23 demand	73.66%	10.82%	15.52%	100%
Council Tax Arrears	3,431,287	503,952	722,786	4,658,025
Provision for Bad Debts	(1,242,685)	(182,513)	(261,766)	(1,686,964)
Receipt in Advance	(1,260,005)	(185,057)	(265,415)	(1,710,477)
(Surplus)/Deficit	(297,041)	(43,626)	(62,570)	(403,237)
Balance as at 31st March 2023	631,556	92,756	133,035	857,347

NOTE 5: APPORTIONMENT OF BUSINESS RATES BALANCES TO MAJOR PRECEPTORS

This note shows the apportionment of balances into the parts attributable to the major precepting authorities. There is an exceptionally large deficit attributable to the expanded reliefs, mainly for retail businesses. This is compensated by section 31 grants from DLUHC which are received in the General fund. See note 11 - Non ring fenced Government grants.

Apportionment of Business Rates Balances to Major Preceptors				
	Department of Communities and Local Govt	West Sussex County Council	Adur District Council	TOTAL
	£	£	£	£
Business Rates Arrears	97,092	19,418	77,674	194,184

Balance as at 31st March 2023	1,477,585	295,517	1,182,069	2,955,171

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

SCOPE OF RESPONSIBILITY

Adur District Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

The Council has approved and adopted a code of corporate governance, which is consistent with the principles of the CIPFA/SOLACE Framework Delivering Good Governance in Local Government 2016 (the Framework). The Framework expects that local authorities will put in place proper arrangements for the governance of their affairs and which facilitate the effective exercise of functions and ensures that the responsibilities set out above are met.

At least once a year, Local Authorities are statutorily required to review their governance arrangements. The preparation and publication of an Annual Governance Statement in accordance with the Framework fulfils this requirement.

A copy of the code is on our website at www.adur.gov.uk or www.adur-worthing.gov.uk or can be obtained from the Council. This statement explains how Adur District Council has complied with the code and also meets the requirements of regulation 6 of the Accounts and Audit Regulations 2015 in relation to the publication of a statement on internal control.

THE PURPOSE OF THE GOVERNANCE FRAMEWORK

The governance framework comprises the systems and processes, and culture and values, by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at the Council for the financial year ended 31st March 2023 and up to the date of approval of the statement of accounts.

THE GOVERNANCE FRAMEWORK

The key elements of the systems and processes that comprise the Council's governance arrangements are summarised below:

Key elements of the Council's Governance Framework

Council, Executive and Leader

- Provides leadership and develops the Council's vision of its purpose and intended outcome for residents and service users.
- Develops the vision into objectives for the Council and its partnerships

Decision making

- All decisions are made in the open
- Decisions are recorded on the Council website
- The scheme of delegations which details the decision making arrangements is regularly updated
- The Monitoring Officer ensures that all decisions made comply with relevant laws and regulations

Risk Management

- Risk registers identify both operational and strategic risks
- Key risks and opportunities are considered by the Corporate Leadership Team every quarter
- Risks and opportunities are reported to the Joint Audit and Governance Committee every quarter and inform the work of the internal audit team

Scrutiny and Review

- The Joint Overview and Scrutiny Committee reviews Council policy and can challenge the decisions made.
- The Joint Audit and Governance Committee undertakes all of the core functions of an audit committee.
- The Joint Audit and Governance Committee is responsible for review and approving the Council's Governance arrangements and undertakes the role of a Standards Committee ensuring that members comply with the Code of Conduct

Corporate Leadership Team

- The Council's Corporate Leadership Team comprises of the Chief Executive, the three Directors, and the Assistant Directors who are responsible for the delivery of the Council's aims and objectives
- The head of paid service is the Chief Executive who is responsible for all Council Staff and leading an effective Corporate Leadership Team.
- CLT seeks advice from the Council's Chief Financial Officer (Assistant Director for Finance) who is responsible for safeguarding the Council's financial position
- CLT seeks advice from the Monitoring Officer who is the Assistant Director Legal and Democratic Services. They are responsible for enduring legality and promoting high standards of public conduct.

The operation of this authority's governance framework is described in the sections below. This sets out how the Council has complied with the seven principles set out in the Framework during 2022/23.

THE OPERATION OF THE GOVERNANCE FRAMEWORK

The governance framework gives the Members and the Organisation the confidence and certainty that what needs to be done is being done. The chart below provides a high level overview of the Council's key responsibilities, how they are met and the means by which assurance is delivered.

WHAT WE NEED TO DO	HOW WE DO IT
Principle A Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law	<ul style="list-style-type: none"> • The Constitution • The Monitoring Officer (Assistant Director for Legal and Democratic Services) • Section 151 Officer (Assistant Director for Finance) • Codes of conduct • Whistleblowing Policy • Bribery Act 2010 policy guidance • Corporate anti-fraud work • Procurement Strategy
Principle B Ensuring openness and comprehensive stakeholder engagement	<ul style="list-style-type: none"> • Consultations • Terms of reference for partnerships • Freedom of information requests • Complaints procedure
Principle C Defining outcomes in terms of sustainable economic, social, and environmental benefits	<ul style="list-style-type: none"> • Organisational goals • Service planning • Performance Management • Community Strategy • Procurement Strategy
Principle D Determining the interventions necessary to optimise the achievement of the intended outcomes	<ul style="list-style-type: none"> • Service planning • Performance Management • Options appraisals • Whole life costing • Equalities Impact Assessments
Principle E Developing the Council's capability, including the capability of its leadership and the individuals within it	<ul style="list-style-type: none"> • Robust interview and selection process • Training and development • Workforce planning • Succession planning • Performance development reviews • Talent management • HR Policies & procedures
Principle F Managing risks and performance through robust internal control and strong public financial management	<ul style="list-style-type: none"> • Effective member scrutiny function • Financial management and MTFP • Corporate risk register • Annual audit plan • Information Security policies • Compliance with the requirements of the Public Service Network (PSN)
Principle G Implementing good practices in transparency reporting and audit to deliver effective accountability	<ul style="list-style-type: none"> • Reports are held on the website • Annual audited financial statements are publicly available • Annual Governance Statement • Effective Internal Audit Service

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

THE OPERATION OF THE GOVERNANCE FRAMEWORK

HOW WE KNOW WHAT NEEDS TO BE DONE IS BEING DONE

Joint Audit and Governance Committee function and self-assessment; Corporate Governance Group; Scrutiny Reviews; Review of progress made in addressing issues; Performance monitoring; Review of compliance with corporate governance controls; Review of accounts; Employee opinion surveys; Internal audits and external audits; Inspections and recommendations made by external agencies.

The following sections look at how the Council delivers governance principles in more detail:

A. BEHAVING WITH INTEGRITY, DEMONSTRATING STRONG COMMITMENT TO ETHICAL VALUES, AND RESPECTING THE RULE OF LAW

The Constitution

The constitution sets out how the Council operates; the roles and responsibilities of members, officers and the scrutiny and review functions; how decisions are made; and the procedures that are followed to ensure that these are efficient, transparent and accountable to local people. Although there is no longer a statutory requirement, this Council continues with this arrangement internally; and regularly reviews and updates the constitution to ensure it reflects current practice. As well as working together as a single organisation and with our neighbour Worthing borough Council, members and officers continue to improve their working relations with other organisations, both locally and sub-nationally, to achieve a common purpose of improved efficiency and effectiveness.

The Monitoring Officer

The Monitoring Officer is a statutory function and ensures that the Council, its officers, and its elected members, maintain the highest standards of conduct in all they do. The Monitoring Officer ensures that the Council is compliant with laws and regulations, as well as internal policies and procedures. She is also responsible for matters relating to the conduct of Councillors and Officers, and for monitoring and reviewing the operation of the Council's Constitution. In this Council this officer is Joanne Lee who is also the Assistant Director of Legal and Democratic Services.

Section 151 Officer

Whilst all Council Members and Officers have a general financial responsibility, the s151 of the Local Government Act 1972 specifies that one Officer in particular must be responsible for the financial administration of the organisation and that this Officer must be CCAB qualified. This is typically the highest ranking qualified finance officer and in this Council this is Emma Thomas, who is also the Assistant Director for Finance.

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

THE OPERATION OF THE GOVERNANCE FRAMEWORK

A. BEHAVING WITH INTEGRITY, DEMONSTRATING STRONG COMMITMENT TO ETHICAL VALUES, AND RESPECTING THE RULE OF LAW

Codes of Conduct

Codes of Conduct exist for both staff and members.

All Councillors have to keep to a Code of Conduct to ensure that they maintain the high ethical standards the public expect from them. If a complainant reveals that a potential breach of this Code has taken place, Adur District Council or Worthing Borough Council may refer the allegations for investigation or decide to take other action.

On joining the Council, Officers are provided with a contract outlining the terms and conditions of their appointment. All staff must declare any financial interests, gifts or hospitality on a public register. Additionally, members are expected to declare any interests at the start of every meeting that they attend in accordance with Standing Orders. Members and officers are required to comply with approved policies.

Whistleblowing

The Council is committed to achieving the highest possible standards of openness and accountability in all of its practices. The Council's Whistleblowing policy (revised in 2018) <http://awintranet/media/media,125134,en.pdf> sets out the options and associated procedures for Council staff to raise concerns about potentially illegal, unethical or immoral practice and summarises expectations around handling the matter.

Anti-fraud, bribery and corruption

The Council is committed to protecting any funds and property to which it has been entrusted and expects the highest standards of conduct from Members and Officers regarding the administration of financial affairs.

The Councils have a Corporate Anti-Fraud Team which acts to minimise the risk of fraud, bribery, corruption and dishonesty and recommends procedures for dealing with actual or expected fraud. The Council has an approved Counter Fraud Policy and Strategy Statement which can be found on the internet at <https://www.adur-worthing.gov.uk/media/Media,167176,smxx.pdf>

Guidance and policies for staff on the Bribery Act 2010 and the Prevention of Money Laundering are found on the intranet.

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

THE OPERATION OF THE GOVERNANCE FRAMEWORK

B. ENSURING OPENNESS AND COMPREHENSIVE STAKEHOLDER ENGAGEMENT

Transparency

The Council and its decisions are open and accessible to the community, service users, partners and its staff.

All reports requiring a decision are considered by appropriately qualified legal, and finance staff with expertise in the particular function area before they are progressed to the relevant Committee or group. This Council wants to ensure that equality considerations are embedded in the decision-making and applied to everything the Council does. To meet this responsibility, equality impact assessments are carried out on all major council services, functions, projects and policies in order to better understand whether they impact on people who are protected under the Equality Act 2010 in order to genuinely influence decision making.

All reports and details of decisions made can be found on the Council's website at <https://www.adur-worthing.gov.uk/meetings-and-decisions/>

Freedom of Information enquiries

The Freedom of Information Act 2000 (Fol) gives anyone the right to ask for any information held by a public authority, which includes this Council, subject only to the need to preserve confidentiality in those specific circumstances where it is proper and appropriate to do so.

Engagement and communication

It is recognised that people need information about what decisions are being taken locally, and how public money is being spent in order to hold the council to account for the services they provide. The views of customers are at the heart of the council's service delivery arrangements.

Adur and Worthing Councils have developed a Consultation Policy details of which can be found at [Get involved](#) which reflects the council's ambition to enable and empower communities to shape the places within which they live and work, influence formal decision making and make informed choices around the services they receive.

To be effective this policy aims to inspire and support a genuine two-way dialogue with all sections of the community and other stakeholders. There are a number of ways people can get involved and connect with the council. Current consultations can be found on the Councils website at www.adur-worthing.gov.uk. Local people have the option to engage in a dialogue through: social media sites (including Facebook and twitter), petition schemes, stakeholder forums, tenant associations, council meetings (open to the public), and their local Councillor.

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

THE OPERATION OF THE GOVERNANCE FRAMEWORK

B. ENSURING OPENNESS AND COMPREHENSIVE STAKEHOLDER ENGAGEMENT

Consultations

Internally, a consultation toolkit has been developed to guide council staff through the consultation process. The agreed process ensures that engagement activity is relevant, accessible, transparent and responsive. To increase awareness, consultations are proactively promoted. A list of current district-wide consultations is available on the council website.

Complaints

There is a clear and transparent complaints procedure for dealing with complaints. The Council operates a three-stage complaints procedure and promises to acknowledge complaints within 5 working days and respond fully within 10 working days for first-stage complaints, and 15 working days for second-stage complaints. If complainants remain dissatisfied they have the right to refer the matter to the Local Government Ombudsman.

Partnership working

In addition to the partnership between Adur and Worthing (<http://www.adur-worthing.gov.uk/about-the-councils/partnership-working/>), this Council is involved in a number of different partnerships, at different levels – each with their own set of terms of reference for effective joint working.

C. DEFINING OUTCOMES IN TERMS OF SUSTAINABLE ECONOMIC, SOCIAL, AND ENVIRONMENTAL BENEFITS

Joint Corporate Priorities

The Councils have agreed a plan 'Our Plan' that sets out Adur & Worthing Councils' ambition for our places' and our communities' prosperity and wellbeing over three years (2022 - 2025).

The Councils have agreed programmes of work for this period under four themes or 'Missions' which set out their aspirations for the town.

- **Thriving People**
- **Thriving Places**
- **Thriving Environment**
- **Thriving Economy**

Further details of how these priorities will be achieved are included in a programme of work which can be found on the internet at [Our Plan](#).

The priorities included under the themes are reviewed on an annual basis.

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

THE OPERATION OF THE GOVERNANCE FRAMEWORK

C. DEFINING OUTCOMES IN TERMS OF SUSTAINABLE ECONOMIC, SOCIAL, AND ENVIRONMENTAL BENEFITS

The Council receives regular reports on the progress in delivering the outcomes set out within Our Plan which reflects the priorities of both .

D. DETERMINING THE INTERVENTIONS NECESSARY TO OPTIMISE THE ACHIEVEMENT OF THE INTENDED OUTCOMES

Service planning and performance management

In order to secure these outcomes for residents and service users, the Council needs to respond to some tough challenges. Through partnership working, increasing income from commercial activity and efficiency savings the Council has made significant savings over the past five years and needs to find a further £1.8m by 2027/28 in a climate of reducing funding from Central Government and rising demand for many of the Councils services. This means that it is important that, whilst we focus on achieving the organisational goal and aspirations, we continue to plan services in detail on an annual basis, focusing on challenges over the coming year but also considering the medium term horizon.

The Service Managers are responsible for preparing service plans that include details on: core business that must be delivered; plans for improvement, development and disinvestment; financial planning; arrangements for addressing key governance issues; key service risks and management/mitigation activity and arrangements for robust performance management within the service.

E. DEVELOPING THE COUNCIL'S CAPABILITY, INCLUDING THE CAPABILITY OF ITS LEADERSHIP AND THE INDIVIDUALS WITHIN IT

Recruitment and induction

The Council operates a robust interview and selection process to ensure that Officers are only appointed if they have the right levels of skills and experience to effectively fulfil their role. If working with children and/or vulnerable adults they will be subject to an enhanced criminal records check prior to appointment. New Officers receive induction which provides information about how the organisation works, policies and health and safety. Newly elected Councillors are required to attend an induction which includes information on: roles and responsibilities; political management and decision-making; financial management and processes; health and safety; information governance; and safeguarding.

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

THE OPERATION OF THE GOVERNANCE FRAMEWORK

E. DEVELOPING THE COUNCIL'S CAPABILITY, INCLUDING THE CAPABILITY OF ITS LEADERSHIP AND THE INDIVIDUALS WITHIN IT

Training and development

All Officers are required to complete a number of mandatory e-learning courses including health and safety, equalities and diversity, financial rules, and information governance. Officers and Members have access to a range of digital, technical, soft skills and job specific training courses. Compulsory training is provided for Members who sit on the following committees: Audit and Governance, Licensing Committee, and the Planning Committee. Other member-led training is available to Councillors through Democratic Services and Learning and Development. The package of support available gives Members the opportunity to build on existing skills and knowledge in order to carry out their roles effectively.

Performance development and review

All Officers receive regular one to ones with their Manager in order to monitor workload and performance and Managers are required to carry out regular performance development reviews, which seek to identify future training and development needs. Services consider workforce plans as part of the annual business planning process. Our service plans paint a picture of what we want to achieve; workforce planning helps to establish the nature of the workforce needed to deliver that vision, and produce a plan to fill the gaps. This helps to ensure we have the right people, with the right skills, in the right jobs, at the right time.

F. MANAGING RISKS AND PERFORMANCE THROUGH ROBUST INTERNAL CONTROL AND STRONG PUBLIC FINANCIAL MANAGEMENT

Effective scrutiny

The Council operates a Joint Overview and Scrutiny Committee (JOSC) governed by its own terms of reference. It is important that JOSC acts effectively as one of their key tasks is to review and challenge the policy decisions that are taken by the Executive or the Joint Strategic Committee. Topics that are chosen to be 'scrutinised' are looked at in depth by a cross party panel of Councillors. They assess how the Council is performing and see whether they are providing the best possible, cost effective service for people in the area. The JOSC's findings are reported to the Joint Strategic Committee or Executive and may result in changes to the way in which services are delivered.

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

F. MANAGING RISKS AND PERFORMANCE THROUGH ROBUST INTERNAL CONTROL AND STRONG PUBLIC FINANCIAL MANAGEMENT

Financial management

The Assistant Director of Finance is responsible for leading the promotion and delivery of good financial management so that public money is safeguarded at all times, ensuring that budgets are agreed in advance and are robust, that value for money is provided by our services, and that the finance function is fit for purpose. She advises on financial matters to both the Executive and full Council and is actively involved in ensuring that the authority's strategic objectives are delivered sustainably in line with long term financial goals. The s151 Officer together with the finance team ensure that new policies or service proposals are costed, financially appraised, fully financed and identifies the key assumptions and financial risks that face the council.

Financial Regulations have recently been revised by the s151 Officer so that the Council can meet all of its responsibilities under various laws. They set the framework on how we manage our financial dealings and are part of our Constitution. They also set the financial standards that will ensure consistency of approach and the controls needed to minimise risks. The s151 Officer has a statutory duty to report any unlawful financial activity or failure to set or keep to a balanced budget. She also has a number of statutory powers in order to allow this role to be carried out, such as the right to insist that the local authority makes sufficient financial provision for the cost of internal audit.

Risk management

All significant risks (defined as something that may result in failure in service delivery, significant financial loss, non-achievement of key objectives, damage to health, legal action or reputational damage) must be logged on a Corporate Risk Register, profiled (as high/medium/low), and mitigating measures/assurances must be put in place. These risks are regularly reported to CLT and the Joint Audit and Governance Committee.

THE OPERATION OF THE GOVERNANCE FRAMEWORK

G. IMPLEMENTING GOOD PRACTICES IN TRANSPARENCY REPORTING AND AUDIT TO DELIVER EFFECTIVE ACCOUNTABILITY

Joint Audit and Governance Committee

The Joint Audit and Governance Committee has the responsibility for receiving many reports that deal with issues that are key to good governance. The Committee undertakes the core functions of an Audit Committee identified in CIPFA's practical guidance. The group has an agreed set of terms of reference, which sets out their roles and responsibilities of its members.

Internal audit

The Head of Internal audit is a qualified accountant who has full access to senior management and the Joint Audit and Governance Committee (which fulfils the role of an audit committee). The audit team is properly resourced. The Council is in compliance with the CIPFA statement on the Role of the Head of Internal Audit (2010).

The Head of Internal Audit provides an independent and objective annual opinion on the effectiveness of internal control, risk management and governance each year. This is carried out by the Internal Audit team in accordance with the Public Sector Internal Audit Standards.

For 2022/23 the Head of Internal Audit's Annual reports state that based on the Internal Audit work undertaken, it is the Head of Internal Audit's opinion that they can provide Satisfactory Assurance that the system of internal control in place at Adur District Council for the year ended 31st March 2023 accords with proper practice, except for the control environment issues as documented in the report which can be found on the Council's website on the agenda for the Joint Audit and Governance Committee dated 30th May 2023.

The assurance is broken down further between financial and non-financial systems where the Head of Internal Audit has commented as follows: "Our overall opinion is that internal controls within financial and operational systems operating throughout the year are fundamentally sound".

Annual accounts

The Council publishes full audited accounts each year which are published on the website at: <https://www.adur-worthing.gov.uk/about-the-councils/finance/statement-of-accounts/>

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

REVIEW OF EFFECTIVENESS

Adur District Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the executive managers within the Council who have responsibility for the development and maintenance of the governance environment, the Head of Internal Audit's annual report, and also by comments made by relevant stakeholders, the external auditors and other review agencies and inspectorates.

The Council has procedures in place to ensure the maintenance and review of the effectiveness of the governance framework, which includes reports to and reviews by the following:

- the Joint Strategic Committee, Executives, the Joint Audit and Governance Committee, and the Joint Overview and Scrutiny Committee.
- internal and external audit
- other explicit review/assurance mechanisms.

We have been advised on the implications of the result of the review of the effectiveness of the governance framework by the Joint Audit and Governance Committee, and a plan to address weaknesses and ensure continuous improvement of the system is in place.

The current detailed plan to address any weakness and improve the Council's governance was approved on the 30th May 2023 at the Joint Audit and Governance Committee in the report titled 'Annual Governance Statements 2022/23'. This can be found on the Council's intranet using the following link :

<https://democracy.adur-worthing.gov.uk/documents/s10593/Annual%20Governance%20Statements%20202223.pdf>

Overall opinion:

It is the opinion of the Council that, with the exception of the issues identified below, the framework is satisfactory. The Council will continue to assess and make improvements to the governance framework.

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

SIGNIFICANT GOVERNANCE ISSUES

There are two significant governance issues either identified by red status on the Governance Action Plan, or via Corporate Leadership team, or from the Internal Audit Annual Report or via a report from the Monitoring Officer:

i) Housing management;

The Council has for several years identified the need to improve its management of the Housing Service and other key housing management policies and processes. More recently, the Council has identified significant issues with the safety and condition of the properties and has now referred itself to the regulator of social housing.

Actions are being taken to improve the service by way of:

- The development of an housing improvement plan to address the issues identified by the Regulator
- Improvements to the internal control environment to ensure that all works are properly commissioned and paid for;
- A major review of all the inspection regimes.
- A review of the staffing and management of the service.
- A review of the contractual arrangements for the housing repairs service including letting new contracts for services where appropriate.
- A review of all of the policies and procedures relating to service and leaseholder charges
- A full discovery and review of all Housing Service IT systems
- Establish an effective and strong resident engagement regime with all parts of the service

At the end of the transformation programme, internal audit have been commissioned to undertake a review to ensure that all outstanding audit recommendations have been addressed.

ii) ICT Disaster Recovery Plans

The Council has an ICT Disaster Recovery Plan in place, a recent audit has revealed issues with how this plan is being implemented. These audit findings coupled with the recent significant IT outage within the data centre has led to inclusion of this issue within the Annual Governance Report.

Following the IT outage, planned replacement of key infrastructure is being accelerated to protect the Council's digital provision.

There is also a series of audit recommendations in place which the Digital team are now working to address. Progress will be monitored via the regular reporting by the Head of Internal Audit.

ADUR DISTRICT COUNCIL ANNUAL GOVERNANCE STATEMENT

OTHER ISSUES

The Governance Action Plan has been updated to deal with any issues brought forward from the 2022 review together with any issues which have been identified during the current review.

Included within the governance requirements as detailed in the 'Statement on the Role of the Chief Financial Officer in Public Services' are recommended best practice that:

- the Chief Financial Officer should be professionally qualified,
- report directly to the Chief Executive and
- be a member of the leadership team, with a status at least equivalent to other members.

The position within Adur and Worthing Councils does not wholly conform to the above statement. The Assistant Director of Finance (Chief Financial Officer) does not report directly to the Chief Executive, but reports to one of the Directors in line with the reporting requirements for all Assistant Directors. The Assistant Director of Finance does not have the same status as the Directors.

The Council complies with all other requirements of the statement.

PROPOSED ACTION

We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

Signed:

Councillor Neil Parkin
Leader of the Council
Adur District Council

Dated: 30th May 2024

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ADUR DISTRICT COUNCIL

Disclaimer of opinion

We were engaged to audit the financial statements of Adur District Council ('the Council') for the year ended 31 March 2023. The financial statements comprise the:

- Movement in Reserves Statement
- Comprehensive Income and Expenditure Statement,
- Balance Sheet,
- Cash Flow Statement
- the related notes 1 to 41 including a summary of significant accounting policies. Housing Revenue Account Comprehensive Income and Expenditure Statement, the Statement of Movement on the Housing Revenue Account, and the related notes 1 to 12; and
- Collection Fund and the related notes 1 to 5

The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 as amended by the Update to the Code and Specifications for Future Codes for Infrastructure Assets (November 2022).

We do not express an opinion on the accompanying financial statements of Council. Because of the significance of the matter described in the basis for disclaimer of opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for disclaimer of opinion

The Accounts and Audit (Amendment) Regulations 2024 (Statutory Instrument 2024/907) which came into force on 30 September 2024 requires the accountability statements for this financial year to be approved not later than 13th December 2024.

The backstop date and the wider requirements of the local audit system reset, meant we did not have the required resources available to complete the detailed audit procedures that would be needed to obtain sufficient appropriate audit evidence to issue an unmodified audit report on the 2022/23 financial statements. Therefore, we are disclaiming our opinion on the financial statements.

Matters on which we report by exception

Notwithstanding our disclaimer of opinion on the financial statements, performed subject to the pervasive limitation described above, we have nothing to report in respect of whether the annual governance statement is misleading or inconsistent with other information forthcoming from the audit or our knowledge of the Council.

We report to you if:

we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014 (as amended)

we make written recommendations to the audited body under Section 24 of the Local Audit and Accountability Act 2014 (as amended)

we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014 (as amended)

we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014 (as amended)

we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014 (as amended)

We have nothing to report in these respects.

Report on the Council's proper arrangements for securing economy, efficiency and effectiveness in the use of resources

We report to you, if we are not satisfied that the Council has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2023.

On the basis of our work, having regard to the Code of Audit Practice 2024 and the guidance issued by the Comptroller and Auditor General in November 2024, we have identified the following significant weakness in the Council's arrangements for the year ended 31 March 2023.

Significant weakness in arrangements

Adur District Council undertook a diagnostic review of compliance with Adur Homes housing stock against relevant Housing Standards, triggered by the Regulator writing to all registered social housing providers. This identified a number of areas where the Council was not compliant with the required standards. Following the Council's self-referral for non-compliance with these standards, the Regulator of Social Housing published a regulatory notice on 10th May 2023 noting the Council had breached 1.1 and 1.2 of the Homes Standard.

The Council was aware of the Homes Standards, and had a programme of work to ensure compliance, but it had not effectively collated the information in such a way to be able to evaluate the services it provided to its tenants and therefore had not assessed its performance or identified areas for improvement in the year under review.

We have formed our view on the Council's arrangements through the absence of collated evidence and records which would demonstrate compliance with the Home Standard across the Council's housing portfolio.

The Council should address the weaknesses identified by continuing to implement our previous recommendations.

This issue is evidence of weaknesses in proper arrangements for how the body evaluates the services it provides to assess performance and identify areas for improvement.

Responsibility of the Chief Financial Officer

As explained more fully in the Statement of Responsibilities for the Statement of Accounts the set out on page 28, the Chief Financial Officer is responsible for the preparation of the Statement of Accounts 2022/2023, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 as amended by the Update to the Code and Specifications for Future Codes for Infrastructure Assets (November 2022), and for being satisfied that they give a true and fair view and for such internal control as the Chief Financial Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Financial Officer is responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council either intends to cease operations, or has no realistic alternative but to do so.

The Council is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Council's financial statements in accordance with International Standards on Auditing (UK) and to issue an auditor's report.

However, because of the matter described in the basis for disclaimer of opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are independent of the Council in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and the Code of Audit Practice 2024 and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Scope of the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

We have undertaken our review in accordance with the Code of Audit Practice 2024, having regard to the guidance on the specified reporting criteria issued by the Comptroller and Auditor General in November 2024, as to whether Adur District Council had proper arrangements for financial sustainability, governance and improving economy, efficiency and effectiveness. The Comptroller and Auditor General determined these criteria as those necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether Adur District Council put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2023.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether, in all significant respects, Adur District Council had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 (as amended) to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Certificate

We certify that we have completed the audit of the accounts of Adur District Council in accordance with the requirements of the Local Audit and Accountability Act 2014 (as amended) and the Code of Audit Practice issued by the National Audit Office.

Use of our report

This report is made solely to the members of Adur District Council, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 (as amended) and for no other purpose, as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Council and the Council's members as a body, for our audit work, for this report, or for the opinions we have formed.

Kevin Suter (Key Audit Partner)
Ernst & Young LLP (Local Auditor)
Southampton
28 November 2024

The following footnote does not form part of our Auditor's Report.

Additional information related to the disclaimer of opinion is set out in our Completion Report for Those Charged with Governance dated 08 November 2024, available on the Council's website, which includes further explanations about the implementation of the statutory instrument which led to the disclaimer of our opinion on the financial statements.

GLOSSARY OF ACCOUNTING TERMS

The following is a brief explanation of the technical terms used in this publication:-

ACCOUNTING PERIOD	<p>The period of time covered by the accounts. The current year is 2022/23 which means the year commencing 1st April 2022 and ending 31st March 2022. The end of the accounting period is the date at which the balance sheet is drawn up.</p>
ACCRUAL	<p>An amount included in the accounts in respect of income or expenditure for which payment has not been received or made by the end of the accounting period. This is based on the concept that income or expenditure is recognised as it is earned or incurred, not simply when money is received or paid out.</p>
ACTUARIAL ASSUMPTION	<p>An actuarial assumption is an estimate (usually in respect of pension fund valuations) of an unknown value made in accordance with methods of actuarial science. An actuarial assumption is made using statistical tools such as the correlation of known values to possible outcomes for the unknown value. An actuarial assumption is often used to calculate premiums or benefits.</p> <p>Actuarial gains and losses which may result from:</p>
ACTUARIAL GAINS AND LOSSES	<ul style="list-style-type: none">(a) experience adjustments (the effects of differences between the previous actuarial assumptions and what has actually occurred); and(b) the effects of changes in actuarial assumptions.
ASSET	<p>A resource that, as a result of a past event, is controlled and expected to give future benefits. It is not necessary to own an asset in order to control it, as assets may be acquired from other providers via credit arrangements such as leasing.</p>
AMORTISED COST	<p>The amount at which the financial asset or financial liability is measured. The measurement reflects the cost or transaction price at initial recognition, adjusted for principal payments and accrued interest at the balance sheet date. The measurement may also be adjusted by any difference between the initial amount and the maturity amount resulting from impairment or uncollectibility by applying the effective interest rate inherent over the term of the financial asset or liability.</p>
BALANCE SHEET	<p>A statement of the recorded assets, liabilities and other accounting balances at the end of an accounting period.</p>
CAPITAL CHARGE	<p>A charge to the revenue account to reflect the cost of fixed assets used in the provision of services. The charges themselves consist of depreciation, based upon the useful lives of depreciable assets.</p>
CAPITAL EXPENDITURE	<p>Expenditure on the acquisition of a fixed asset or expenditure which adds to and not merely maintains the value of an existing fixed asset.</p>

CAPITAL RECEIPTS	The proceeds from the sale of fixed assets.
CASH EQUIVALENTS	Short-term investments that are readily convertible, without penalty, to known amounts of cash and which are subject to an insignificant risk of changes in value.
COMMUNITY ASSETS	Assets that are intended to be held in perpetuity, that have no determinable useful life, and that may have restrictions on their disposal. Examples are parks and historic buildings.
CONSISTENCY	The concept that the accounting treatment of like items within an accounting period and from one period to the next is the same.
CONTINGENT LIABILITY	A potential liability at the balance sheet date the outcome of which is not certain, but may be dependent on a future event. Where the potential liability is likely to be material, the fact that it exists will be disclosed as a note to the accounts.
CREDITORS	Amounts owing for work done, goods received or services rendered in an accounting period, for which payment has not yet been made.
CURRENT ASSETS/LIABILITIES	Assets or liabilities which are of a short term nature, that will be realised within a year, e.g. stocks, debtors and creditors.
CURRENT SERVICE COST	Current Service Cost is the increase in the present value of a defined benefit pension scheme's liabilities expected to arise from employee service in the current period, i.e. the ultimate pension benefits "earned" by employees in the current year's employment.
CURTAILMENT	Curtailments will show the cost of the early payment of pension benefits if any employee has been made redundant in the previous financial year.
DEBTORS	Amounts due to the Council which relate to the accounting period, but have not been received at the balance sheet date
DEFINED BENEFIT SCHEME	This is a pension or other retirement benefit scheme other than a defined contribution scheme. Usually, the scheme rules define the benefits independently of the contributions payable and the benefits are not directly related to the investments of the scheme. The scheme may be funded or unfunded (including notionally funded).
DEPRECIATION	The loss in value of a fixed asset due to age, wear and tear, deterioration or obsolescence.
EXPENDITURE	The costs incurred relating to the accounting period irrespective of whether the amounts have been paid or not, i.e. on an accruals basis.

FAIR PRESENTATION	International Accounting Standard IAS 1 requirement that financial statements should not be misleading. To a large extent this means obeying the prevalent accounting standards, but the concept of fairness may transcend that, to include an assessment of the overall picture given by the financial statements.
FAIR VALUE	The amount for which an asset could be exchanged or a liability settled, between knowledgeable and willing parties at arm's length.
FINANCE LEASE	A lease that transfers substantially all of the risks and rewards of ownership of a fixed asset from the provider (lessor) to the user (lessee). Although, strictly, the leased asset remains the property of the lessor, in substance the lessee may be considered to have acquired the asset and to have financed the acquisition by obtaining a loan from the lessor.
FINANCIAL INSTRUMENT	A contract that gives rise to both a financial asset of one entity and a financial liability or equity instrument of another entity.
IMPAIRMENT OF ASSETS	The objective is to ensure that assets are not carried in the Balance Sheet at more than their recoverable amount.
INFRASTRUCTURE ASSETS	Examples include roads, street lighting, footpaths, cycle tracks, street furniture and coastal defences
INTANGIBLE ASSETS	Non-financial assets e.g. software licences with no physical substance which is controlled by an entity through custody or legal rights.
INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS)	Financial statements prepared in accordance with International Financial Reporting Standards (IFRS) should comply with all the IFRS requirements. The term IFRS includes all applicable IFRS, IFRIC, International Accounting Standards (IAS) and SIC Interpretations.
INVESTMENTS	Current asset investments that are readily disposable by the Council without disrupting its business.
INVESTMENT PROPERTIES	Property (land or a building, or part of a building, or both) held solely to earn rentals or for capital appreciation or both.
LIQUID RESOURCES	Surplus funds which are temporarily invested for periods of up to one year. Long-term investments are intended to be held for use on a continuing basis in the activities of the Council.
NET BOOK VALUE	The amount at which fixed assets are included in the balance sheet, i.e. their historical or current value less the cumulative amounts provided for depreciation.

OPERATING LEASE	An operating lease is any lease which is not a finance lease. An operating lease has the character of a rental agreement with the lessor usually being responsible for repairs and maintenance of the assets.
POST BALANCE SHEET EVENTS	Those events, both favourable and unfavourable, which occur between the balance sheet date and the date on which the Statement of Accounts is signed by the responsible financial officer.
PROVISION	An amount put aside in the accounts for liabilities or losses which are certain or very likely to occur, but uncertain as to the amounts involved or as to the dates on which they will arise are not determined.
PRIOR YEAR ADJUSTMENT	This is an event whereby figures quoted in a previous year's statements have been changed due to a change in accounting policy.
PRUDENCE	The concept that revenue is not anticipated but is recognised only when realised in the form either of cash or of other assets the ultimate realisation of which can be assessed with reasonable certainty.
PUBLIC WORKS LOAN BOARD (PWLB)	The Public Works Loan Board (PWLB) is a statutory body operating within the Debt Management Office of the UK Treasury (DMO) and is responsible for lending money to local authorities and managing certain public sector funds.
REMUNERATION	Payment or compensation received for services or employment. This includes the base salary and any bonuses or other economic benefits that an employee or executive receives during employment.
RESERVES	Amounts set aside for purposes falling outside the definition of provisions. Reserves include earmarked reserves set aside for specific policy purposes, general contingencies and working balances.
TO DEBIT	An accounting entry which results in either an increase in assets or a decrease in liabilities or net worth.
TO CREDIT	An accounting entry which results in either a decrease in assets or an increase in liabilities or net worth.
TRUE AND FAIR VIEW	Financial statements shall give a true and fair presentation of the financial position, financial performance and cash flows of a Council.
VIREMENT	Transfer of resources from one budget head to another in order to accommodate variations in spending policies.
