Worthing Borough Council

Adoption of the Worthing Green Infrastructure and Biodiversity Supplementary Planning Document

Worthing Borough Council adopted the Worthing Green Infrastructure and Biodiversity Supplementary Planning Document on 17 June 2026.

The SPD provides guidance to support the implementation of adopted planning policies relating to green infrastructure, biodiversity, biodiversity net gain, urban greening, trees, green streets and sustainable drainage within the Adur Local Plan area.

The adopted SPD, Adoption Statement, Consultation Report, Schedule of Amendments, Adur & Worthing Biodiversity Net Gain Technical Advice Note and Adur & Worthing Urban Greening Technical Advice Note are available to view on the Council's website.

The Adur Strategic Green Infrastructure Network map is also available to view online.

The SPD takes effect from 30 June 2026.
