

UK Subsidy Control Declaration Form

Schedule 2

The Subsidy Control Declaration Form

UK Subsidy Control Declaration

Under the Subsidy Control Act 2022, organisations must declare any subsidies they have received in the current financial year and preceding two financial years. This includes any financial assistance from a public body (including local councils). Any subsidy payment equal to or in excess of £100,000 must be registered on the Government's Transparency Database. This funding amount can be awarded as a single amount or as a cumulative total over a three-year period for the same scheme. The maximum award under Minimal Financial Allowance over a three year period is £315,000.

To confirm that you are able to receive this assistance you must declare the full amount of public subsidy you have already received over the last three fiscal years, including the grant amount to be received from the council.

The following is not a definitive list of the possible forms of subsidy that you may have received in the previous three fiscal years. Potentially any assistance from a public body might be considered a subsidy - should you have any doubt as to whether a particular form of assistance qualifies, please raise the matter with the Energy Hub.

- Grants from public bodies
- Loans from public bodies at favourable rates
- Loan guarantees from public bodies
- Differential tax benefits
- Grants from an investment trust (including charities) which may themselves have received the funds from a public body
- Grants from a part publicly funded venture capital fund
- Publicly administered funds, even if the funds were originally not public such as the national lottery
- Waiving or deferral of fees or interest normally due to a public body such as the waiving or deferral of rent or waiver of interest normally due on late payment of taxation or other costs to a public body
- Monopoly licences or guarantees of market share
- Advertising via a public channel such as a tourist board or state-owned television
- Consultancy advice provided either free or at a reduced rate
- Training provided either free or at a reduced rate
- Aid for investment in environmental projects

- Provision of a free or reduced rate feasibility study for research and development or other assistance with research and development
- Purchase of public land or property at a less than market rate
- Benefiting from the provision of infrastructure where your organisation was pre-identified as a beneficiary

I declare that the amount of subsidy received by the organisation over the last three years is as follows:

Name of organisation that provided the subsidy *	Date approved ** (DD/MM/YYYY)	Estimated Value (£)

* Add or delete rows as necessary

** This should be the date the subsidy was approved, not the date the subsidy was received
