

Worthing Local Plan Review 1999

Outdoor Recreation
Space Survey
1999

SURVEY REPORT

Worthing Local Plan Review 1999

Outdoor Recreation Space Survey 1999

1.0 Introduction

- 1.1 In July 1999, a comprehensive review of outdoor leisure and recreation facilities was undertaken by the Planning Policy Team, in conjunction with Worthing Leisure (Parks Section), to provide an overview of current provision within the Borough of Worthing.
- 1.2 The purpose of this document is to update and clarify the findings of 'Urban Amenity Open Space Survey' undertaken in 1996, in connection with the publication of the revised Worthing Local Plan Review 1999 (Deposit Draft).
- 1.3 The analysis of the survey findings is presented on a Borough and Ward basis, with all sites listed and identified on the relevant schedules and plans.
- 1.4 The existing recreation space, once identified, has been assessed against the provision recommended in the National Playing Fields Association (NPFA) document 'The Six Acre Standard'. The population figures are taken from the 1991 Census, as this is the most accurate source for such data at a ward level.
- 1.5 In addition to this background report, the information on every site included in the survey is retained on a computer database to enable future amendments and ease the updating of this document. These details and individual site plans are available for inspection only, by contacting the Planning Policy Team on (01903) 239999 extension 2626.

2.0 The NPFA Six Acre Standard

- 2.1 The NPFA was established in 1925 to help ensure that every man, woman and child in Great Britain should have the opportunity of participating in outdoor recreational activity within a reasonable distance of their homes during their free time. The NPFA defines outdoor playing space as a "space which is available for sport, active recreation or children's play, which is of suitable size and nature for its intended purpose, and safely accessible and available to the general public".

2.2 Since 1938, the NPFA has recommended that a minimum of 2.43 hectares (6 acres) of outdoor play space be provided per 1000 population. Furthermore, the NPFA has advised Local Authorities to adopt such standards as a minimum for their areas.

2.3 The NPFA document 'The Six Acre Standard' breaks down the minimum 2.43 hectares (6 acres) into two different categories of play space, as follows:

<u>(1) Children's Playing Space</u>	<u>Area per 1000 Population</u>
i) Outdoor equipped playgrounds for children of whatever age;	0.2 – 0.3 hectares (0.5 – 0.75 acres)
ii) Designated play facilities for children, such as adventure playgrounds;	
iii) Casual or informal playing space within housing areas	0.4 – 0.5 hectares (1 – 1.25 acres)
 <u>(2) Outdoor Sport</u>	
i) Facilities such as pitches, greens, courts, athletics tracks and miscellaneous sites such as croquet lawns and training areas owned by local authorities;	
ii) Facilities described in (i) within the educational sector and which, as a matter of practice and policy, are available for public use;	1.6 – 1.8 hectares (4 – 4.5 acres)
iii) Facilities described in (i) within the voluntary, private and commercial sectors and serve the leisure needs for outdoor recreation for their members and the public.	
(NB: Included in the broad 2.4 hectares (6 acres) standard is a specific allocation of 1.2 hectares per 1000 population for pitch sports).	

3.0 Methodology

- 3.1 The 1996 'Urban Amenity Open Space Survey' provided a starting point for identifying sites to be included in this survey. In addition to this, OS maps and aerial photographs were also examined to identify possible sites to visit. To provide an extensive survey of the outdoor recreation space within the Borough, the majority of sites were visited and detailed site notes taken to clarify the facilities and boundaries of each site. The only sites not visited were educational dual use facilities, the West Worthing Tennis Club and the Davison Leisure Centre, where the details were instead confirmed by the providers.
- 3.2 All of the survey details have been entered into a comprehensive database and the figures from this database have been utilised to create this report. The areas of the sites were verified using figures from the Park's Section's maintenance records, or where sites were not maintained by the Council their areas were checked using GIS.
- 3.3 Categories in the survey to be compared against NPFA standards
 - 3.3.1 Equipped Children's Play Space - playgrounds with a range of equipment for children of all ages.
 - 3.3.2 Casual/ Informal Play Space - characteristically open, fairly level grassed area suitable for informal play games. The majority of such sites are easily accessible from surrounding residential areas, but a few sites (such as Highdown North Field) are in more peripheral locations.
 - 3.3.3 Adult/ Youth Outdoor Sport - pitches, courts, greens and tracks that are areas laid out for formal sport and are properly maintained throughout the year. The majority of these sites are maintained by the Council, however the survey also includes dual-use educational facilities (see below) and privately owned facilities at the West Worthing Club and the Davison Leisure Centre.
 - 3.3.4 Educational Facilities - West Sussex County Council advised that some schools/ colleges within the Borough may make their outdoor sports facilities available to the general public, and suggested that the institutions should be contacted direct to confirm such details. A short questionnaire was sent to all relevant schools. The majority replied that their facilities were unavailable for such dual-use and these were thus excluded from the survey. Six institutions did provide information on the facilities that they hire to the public and these are identifiable in the survey and included in the outdoor sport category.

3.4 Categories in the survey, but not comparable against NPFA standards

3.4.1 Formal Parks & Gardens - floral beds, parks, formal gardens etc.. providing an outdoor recreational facility, but not to be considered as 'play/ sport' space in the context of the NPFA standards.

3.4.2 Other Formal/Informal Areas - these areas were identified in the 1996 Survey, but upon visiting the site they were deemed not to fall within the NPFA categories. This category includes woodland areas, nature areas, incidental areas, miniature railways, the Par 3 golf facility and large boating lake at Brooklands.

3.5 Exclusions from survey

3.5.1 In line with the NPFA standards, the following types of area were excluded from this survey:

- outdoor sports facilities which are not as a matter of practice and policy available for public use, such as football arenas
- indoor sports or leisure centres
- grounds of Her Majesty's Services (unaware of any within Worthing)
- verges, woodlands, commons, urban amenity space (except those identified as 'other informal', but not to be compared against NPFA)
- open countryside areas, such as the South Downs
- golf facilities (except Par 3 Brooklands which is categorised as 'other formal' rather than 'Outdoor Sport' to be in accordance with NPFA exclusions)
- water used for recreation , except where it forms a play feature (thus Aquarena is included, Brooklands Lake is categorised as 'other informal' and the coastal foreshore is excluded)
- commercial entertainment complexes and theme parks
- car parks for non-recreational use

3.5.2 Local Employers - two key local employers (namely Smithkline Beecham and Norwich Union) do have some on-site sports facilities, and they were contacted to ascertain the nature and availability of such facilities. However, as it was apparent that such facilities were strictly limited to the use of their staff it was considered inappropriate to include them in this survey.

4.0 Analysis of Survey Findings

- 4.1 The summary tables and location plans showing all sites included in the survey are set out in Appendix 1. The information has been grouped on a ward basis, and the tables list the sites by name and provide a breakdown of the areas in the categories discussed in paragraphs 3.3 and 3.4 above. These tables have been created from information held on a comprehensive database which details every site included in the survey.
- 4.2 Table 1, below, provides an overview of the full survey details. The borough total for outdoor recreation space, as defined by the five categories, is 176.268 hectares.

Table 1: Outdoor Recreation Space Survey 1999 Borough Analysis By Ward

Ward	Equipped Children's Play Space (sq m)	Casual/ Informal Playing Space (sq m)	Adult/ Youth Outdoor Sport (sq m)	Formal Parks/ Gardens (sq m)	Other Formal/ Informal Space (sq m)	Total Area (sq m)
BROADWATER	2,414.20	18,972.04	21,422.58	0	0	42,808.82

SALVINGTON	2,342.44	120,937.97	18,764.04	0	85,671.30	227,715.75
SELDEN	846.93	97,121.16	14,675.44	0	126,573.58	239,217.11
TARRING	1989.75	13,123.19	41,676.64	0	4,203.46	60,993.04
BOROUGH TOTALS sq m	25,289.14	808,386.43	477,678.76	101,886.07	349,439.74	1,762,680.14
HECTARES (1 hectare = 10,000 sq m)	2.529	80.839	47.768	10.188	34.944	176.268

4.2 An overall comparison of children’s playing space (equipped and casual/ informal) and adult/ youth formal sport provision against the NPFA standards is set out below.

Table 2: Borough Analysis of Outdoor Playing Space Comparable to NPFA Standards

POPULATION of WORTHING BOROUGH – 1991 Census	96,157
Equipped Children’s Play Space Provided (hectares)	2.529 ha
NPFA Standard 0.2 – 0.3ha per 1000 popn (mid point 0.25)	24.04ha
Percentage of Provision in relation to NPFA standard	10.52%
Casual/ Informal Play Space Provided (hectares)	80.839 ha
NPFA Standard 0.4 – 0.5ha per 1000 popn (mid point 0.45)	43.27 ha
Percentage of Provision in relation to NPFA standard	186.6%
Total Children’s Play space Provided (hectares)	83.368 ha
NPFA Standard 0.6 –0.8ha per 1000 popn (mid point 0.7)	67.31 ha
Percentage of Provision in relation to NPFA standard	129.8%
Adult/ Youth Outdoor Sport Provided (hectares)	47.7673ha
NPFA Standard 1.6 – 1.7 per 1000 popn (mid point 1.7)	163.463 ha
Percentage of Provision in relation to NPFA standard	29.2%
Total Play/ Sports Space Provided (hectares)	131.1353 ha
NPFA Standard 2.4 ha per 1000 popn	230.773ha
Percentage of Provision in relation to NPFA standard	56.8%

(Minor variations may occur in calculations due to rounding)

- 4.3 As shown in Table 2, Borough wide there is a shortfall in provision of equipped children’s play space and formal sports facilities when compared with the NPFA standard. Casual/ informal play space is, however, well provided for the Borough as a whole. At present, over half of the NPFA standard is met in terms of overall play/ sport space in Worthing.
- 4.4 When the figures for equipped children’s play space are examined on a ward basis, in Table 3 below, it is possible to ascertain those wards where there is very low provision in relation to the NPFA standard. It is notable that half of the wards do not even provide 10% of the necessary children’s play space in the context of the NPFA standards.

Table 3: Comparison of Survey Findings Against NPFA Standards for Equipped Children’s Play Space

WARD	POPULATION 1991 Census	Equipped Children’s Play space Provided (hectares)	NPFA Standard 0.2 –0.3 hectares per 1000 popn (mid point 0.25)	% of provision in relation to NPFA standard
Broadwater	8586	0.2414	2.147	11.2%
Castle	7765	0.2351	1.941	12.1%
Central	7052	0.3392	1.763	19.2%
Durrington	10,066	0.9171	2.517	36.4%
Gaisford	8247	0.0174	2.062	0.84%
Goring	7819	0.0452	1.955	2.31%
Heene	7517	0.0572	1.879	3.04%
Marine	7488	0.1173	1.872	6.27%
Offington	7673	0.0412	1.918	2.15%
Salvington	7970	0.2342	1.993	11.75%
Selden	7708	0.0847	1.927	4.40%
Tarring	8266	0.1990	2.066	9.63%
BOROUGH TOTAL	96,157	2.529 ha	24.04 ha	10.52%

(Minor variations may occur in calculations due to rounding)

4.5 As already stated, the overall provision of casual/ informal play space is well met within the Borough, and as illustrated in Table 4, some wards such as Durrington, Goring, Selden and Salvington have very large areas suitable for such play. These figures do, however, need to be examined subjectively, as not all such areas are easily accessible from residential properties (eg Highdown North Field). It should also be noted that five wards (especially Marine) are below the NPFA standard for such playing space provision.

Table 4: Comparison of Survey Findings Against NPFA Standards for Casual/ Informal Play space

WARD	POPULATION 1991 Census	Casual/ Informal Play Space Provided (hectares)	NPFA Standard 0.4 –0.5 hectares per 1000 popn (mid point 0.45)	% of provision in relation to NPFA standard
Broadwater	8586	1.8972	3.864	49.1%
Castle	7765	5.5630	3.494	159.2%
Central	7052	5.7064	3.173	179.8%
Durrington	10,066	14.9535	4.530	330.1%
Gaisford	8247	2.0097	3.711	54.2%
Goring	7819	16.9933	3.519	482.9%
Heene	7517	2.4349	3.383	72.0%
Marine	7488	0.4393	3.370	13.0%
Offington	7673	7.7230	3.453	223.7%
Salvington	7970	12.0938	3.587	337.2%
Selden	7708	9.7121	3.469	280%
Tarring	8266	1.3123	3.720	35.3%
BOROUGH TOTAL	96,157	80.839 ha	43.273	186.8%

(Minor variations may occur in calculations due to rounding)

4.5 Table 5, overleaf, shows that Borough wide there is a shortfall in provision of formal sports facilities when compared with the NPFA standard. Some wards, namely Castle, Goring, Marine and Offington do meet approximately half the NPFA standard for outdoor sports provision.

Table 5: Comparison of Survey Findings Against NPFA Standards for Adult/ Youth Outdoor Sport

WARD	POPULATION 1991 Census	Adult/ Youth Outdoor Sport Provided (hectares)	NPFA Standard 1.6 – 1.8 hectares per 1000 popn (mid point 1.7)	% of provision in relation to NPFA standard
Broadwater	8586	2.1422	14.596	14.7%
Castle	7765	6.3897	13.201	48.4%
Central	7052	1.9415	11.988	16.2%
Durrington	10,066	6.6126	17.112	38.6%
Gaisford	8247	2.7560	14.020	19.7%
Goring	7819	6.5888	13.292	49.6%
Heene	7517	0.8000	12.779	6.3%
Marine	7488	7.068	12.730	55.5%
Offington	7673	5.957	13.04	45.7%
Salvington	7970	1.8764	13.549	13.8%
Selden	7708	1.4675	13.104	11.2%
Tarring	8266	4.1676	14.052	29.7%
BOROUGH TOTAL	96,157	47.7673	163.463	29.2%

(Minor variations may occur in calculations due to rounding)

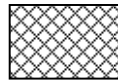

5.0 Conclusions

- 5.1 The purpose of this report is to provide an extensive overview of the provision of outdoor recreation space as at July 1999. The findings of this report have been analysed against the categories set out in the NPFA's 'Six Acre Standard' in order to assess the adequacy of provision throughout the Borough, and identify areas where further provision may be required.
- 5.2 This report will be used as supporting information in the formulation of policies in the Leisure and Recreation Chapter of the Worthing Local Plan Review 1999. Such policies will seek to retain the existing outdoor recreation areas as identified in this report and encourage the provision of further facilities in order to meet the objectives of the NPFA 'Six Acre Standard'.
