

TABLE B: LOCAL LANDSCAPE CHARACTER AREAS – SUMMARY DESCRIPTION

(see plan HDA3)

No.	Local Landscape Character Area (LCA)	Local Landscape Types (LCT)	Description
01	Ecclesden Hills	L1a L2 L3 L14 P1 T1	<ul style="list-style-type: none"> • Predominantly pasture and arable fields. • Situated on raised topography above coastal plain to the south, divided by minor valley running diagonally through character area. • Wide ranging, long distance views towards Downs and coast, partially broken-up by small blocks of woodland. • Scattered settlement. • Urban influence from surrounding urban areas.
02	Angmering Coastal Plain	H1 L1a L2 L3 L15 T1	<ul style="list-style-type: none"> • Narrow strip held between Littlehampton to the south and Angmering to the north, contains small groups of land uses, including small arable fields, recreation and horticulture. • Predominantly horticultural fields to the east with a number of large horticultural buildings. • Extensive golf course in the west. • Heavy urban influence from Littlehampton and, to a lesser degree, Angmering. • Bounded in the south by busy A259 road. • On similar topography to Angmering, below foothills to the north.
03	Kingston Lower Coastal Plain	L1a, L1b L2 L3 L14 L15 M1 T1	<ul style="list-style-type: none"> • Mixture of arable, pasture, paddocks, unmanaged land and caravan site. • Central arable area relatively rural with only minor urban influence. • Fringe areas influenced by adjoining urban areas. • Largely one visual compartment.
04	High Down – Titnore Hills	L1a L2 L3 M1 W1	<ul style="list-style-type: none"> • Considerably wooded with mixture of arable and pasture. • Mainly situated on high ground out-crop within wider upper coastal plain. • Distant views of the coast over settlement to the south. • Contains High Down Hills National Trust recreational fields along southern edge of character area. • Distant urban influence from settlement to the south, low settlement within character area.

No.	Local Landscape Character Area (LCA)	Local Landscape Types (LCT)	Description
05	Goring Coastal Plain	L1a L1c L2 H1 T1	<ul style="list-style-type: none"> • Largely horticultural with enclosed and semi-open large arable fields adjacent to western edge of Worthing. • Located to the south of High Down Hill. • Bisected by A259 road. • Urban influence to the south.
06	Ferring Lower Coastal Plain	L1b L2 L15 T1	<ul style="list-style-type: none"> • Arable fields with a mixture of smaller peripheral uses including recreation and unmanaged land. • Significant urban influence on two sides. • Tourist activity along southern coastal edge.
07	Durrington Upper Coastal Plain	L1a L1c L3 L15 M1 T1	<ul style="list-style-type: none"> • Mainly semi-open arable fields and occasional pastoral fields, with recreational uses adjacent to settlement. • Bounded by settlement to the east and south, A27 to the north and woodland to the west. • On upper coastal plain, gentle south-facing slopes. • Hard urban edge and intervisibility with housing along east and south edges.
08	Mount Carvey Downs	D1a D1b D2a D2b T1 U1	<ul style="list-style-type: none"> • Largely recreation (Worthing golf course) on mainly open downland. • Hard urban edge and intervisibility with housing along west and south edges. • Bounded to the east by prominent ridge line.
09	Titch Hill Downs	D1a D1b D2a D2b B1 T1 U1	<ul style="list-style-type: none"> • Largely open downland with some more enclosed areas. • Wide open southerly views of settlement and the coast beyond. • Abuts hard urban edge in places. • Further views of downs limited from southern part of character area, due to topography. Wider downs to the north become visible from northern part of character area.

No.	Local Landscape Character Area (LCA)	Local Landscape Types (LCT)	Description
10	Sompting Upper Coastal Plain	L1a L1c L2 L3 L14 P1 T1	<ul style="list-style-type: none"> Predominately small scale pasture, with paddocks, recreation and some arable fields. Contains low density settlement. Moderately high urban influence. Bisected by A27 road. Upper coastal plain gentle south facing slopes.
11	Loose Lane Coastal Plain	L1a L2 L3 T1	<ul style="list-style-type: none"> Predominantly arable fields. Partially enclosed by pastoral fields to the north, south and east, which are bounded by vegetated streams/ditches. Bounded by railway to the south and industrial estate to the west. Largely one visual compartment with filtered views of development along most sides of the character area.
12	Brooklands Lower Coastal Plain	T1 U1 W1	<ul style="list-style-type: none"> Mostly recreational use on lower coastal plain. Northern part contains recreational fields and waste processing site. Southern part contains Brooklands recreational site. Hard urban edge along most of the perimeter of the character area. Bounded by railway line to the north. Undeveloped coastline. Open nature of southern part of character allows intervisibility between adjacent development either side of the character area.
