

Inspector's Question 4 to the Council

The Policies Map

Paragraph 010 of the Planning Practice Guidance (under Local Plans) states that when a Plan is submitted for Examination 'an up to date submission policies map should also be submitted, showing how the adopted policies map would be changed as a result of the new plan'.

The Council has submitted 'Amendments to Proposed Submission ALP – Policies Map' and 'Inset Map' (CD06/2 and CD06/3). Is the Council satisfied that it is sufficiently clear how the Policies Map *would be changed* as a result of the new plan?

David Hogger
