

## Licensing Act 2003 - Applications completed in 2022

Please find below a list of Licensing Act 2003 applications completed since 1 January 2022 by the Licensing Authority, Worthing Borough Council, for new Premises Licences, Variations to existing Premises Licences and Review applications.

The terms of the Licensing Act 2003 dictate that all 'new' application and 'variation' applications are publicised and consulted on. If no representations are received from 'Responsible Authorities' or any other persons such applications must be granted as applied for. If relevant representations are received and mediation between the parties is unsuccessful then the application has to be deliberated by a sub-committee of the Licensing & Control Committee B following a hearing.

'Minor variations' are also consulted on but only by 'public notice' on the premises, details posted on this website and any responsible authorities the licensing authority selects as relevant. If relevant representations are received and considered by officers to have implications under the licensing objectives then the application is simply rejected and a full variation has to be applied for.

'Review' applications cannot be withdrawn unless a licence is surrendered and must be heard by the full Licensing Committee B whatever agreement mediation may produce.

The Sub-Committee resolved, after considering all the written & oral representations and hearing statements from the applicant's representative and members of the public, that a Premises Licence be granted but imposed the additional conditions volunteered by the applicant and some amended timings.

Having considered the mediation between Sussex Police and the applicant and specifically the condition that the applicant agreed to stop serving alcohol 30 minutes before closing time. The sub-committee granted a licence as applied for but with the following hours amended:

Amendments to the hours for the sale of alcohol:

- Thursday – Saturday: 11:00hrs – 01:30hrs (of the following morning)

The Sub-Committee listened carefully and considered all written and oral representations made by local residents. The sub-committee had concerns based on the licencing objective - the prevention of nuisance. Specifically noise in the area and felt it proportionate to restrict the opening hours to 00:00hrs (midnight) on a Sunday given that it is a partially residential area and considering the representations that were

received. This was to maintain the current noise levels in the area on a Sunday to prevent the licensing objectives being undermined. To ensure this the terminal hour for alcohol sales was accordingly amended.

The Sub-Committee was satisfied that with the amended hours for alcohol sales, the amended opening times on a Sunday and with the conditions agreed with Sussex Police imposed that the licensing objectives will not be undermined.

**Licence holder and applicant:** Mr Sharuvinothan Yoganathan

**Consultation closed:** Wednesday 17 August 2022

**Committee Hearing:** Held Wednesday 07 September 2022.

Three representations were received during consultation. Mediation was only partly successful so the application was referred to a Licensing & Control Sub-Committee to consider.

At the hearing the Sub-Committee considered all the written representations and the oral representations from the representatives of the applicant, the Environmental Protection Team and Worthing Pubwatch.

It resolved that the application should be refused.

The Sub-Committee considered:

- The representations made by the Responsible Authorities and Worthing Pubwatch.
- The mediation during which the applicant had agreed to include the further licence conditions suggested by Sussex Police being placed on the licence
- The remaining relevant representations from the A&W Environmental Protection Team and Worthing Pubwatch which had not been withdrawn.

The Licensing Sub-Committee listened carefully to all parties however they were not persuaded by the application or the evidence they heard at the hearing that the variation to the licence, to sell alcohol 24 hours a day, would not undermine the licensing objectives of prevention of public nuisance and crime & disorder.

Although the premise is situated in a mixed commercial/residential area it is densely populated and there are no other commercial premises operating in the area open 24 hours a day. The Committee did not believe that the steps offered by the Applicant in the application to promote the licensing objectives, namely the employment of additional staff to monitor good behaviour and public safety or the extra conditions agreed by the police would alleviate the public nuisance of noise.

The Sub-Committee considered the representations made by Worthing Pubwatch that the street lights do go out in the evening leaving the streets dark and that the current late night venues are placed at the

other end of town meaning there would be increased travel to this premise which would naturally cause disturbance and noise at a quiet time of the night. With no street lights this could cause an increase in crime & disorder.

The Sub-Committee also considered the representation made by Environmental Protection Team that the granting of the variation would cause public nuisance due to the very low noise levels in the area at night and accepted that an increase in hours to the premises would increase people visiting the area who would not normally do so causing noise and disturbance to the residents in an area that currently is quiet.

The Applicant made limited representations at the hearing and in addition did not confirm that they would not be considering an alcohol delivery service in the future which would cause further noise and disturbance. Although the applicant stated that there had been no incidents involving the premises with the current licencing hours this did not alleviate the concern of increased noise to the area with the premise selling alcohol 24 hours a day.

For these reasons the variation was denied.

**Committee Hearing:** Held on Wednesday 27 July 2022

The application attracted two representations from responsible authorities, Sussex Police and the Environmental Protection Team, and eight representations from the public. The Licensing Act encourages mediation and this was partially successful. The applicant volunteered a number of conditions to address the Police concerns and the applicant amended the timings sought to:

- Sale of alcohol:
  - 10:00 hrs - 23:00 hrs Monday - Sunday incl.
- Late Night Refreshment:
  - Application withdrawn
- Opening to the Public
  - 10:00 hrs - 23:30 hrs Monday - Sunday incl.

These changes resulted in both responsible authorities and two members of the public withdrawing their representations. However, six members of the public did not and consequently the matter was referred to a Licensing & Control Sub-Committee to consider at hearing.

The Sub-Committee considered all the written & oral representations and heard statements from the applicant's representative. It resolved that a Premises Licence be granted with all the conditions agreed during mediation with Sussex Police and the amendment to the timings volunteered by the applicant prior to the hearing to address the Environmental Protection Team's and public's representations.

The applicant offered a number of conditions in the operating schedule to address the licensing objectives.

**Licence holder and applicant:** Colibri (UK) Ltd.

**Consultation closed:** Tuesday 14 June 2022

**Committee Hearing:** Held on Monday 11 July 2022

A number of representations were received regarding this application from a Responsible Authority (Sussex Police) and members of the public. The Licensing Act 2003 encourages mediation and this was partially successful.

The applicant amended the premises operating schedule, volunteering the conditions sought by Sussex Police who subsequently withdrew their representation. Whilst partially successful the amendments did not address the concerns of all those that made representation so the application was referred to a Licensing & Control Sub-Committee to consider at hearing.

The Sub-Committee considered all the written & oral representations and heard statements from the applicant and members of the public. It resolved that a Premises Licence be granted but imposed:

- The amended conditions volunteered by the applicant and agreed during mediation with Sussex Police.
- The additional conditions volunteered during the hearing by the applicant to address some of the concerns expressed by the representors.

In addition the sub-committee imposed the condition:

- There is to be no smoking alongside the boundary with the nearest houses.

to further address the public's representations.

The grant of the licence is also subject to all the relevant conditions originally volunteered by the applicant in the operating schedule and the mandatory conditions required by the Licensing Act 2003 and all other relevant legislation.

The Sub-Committee stated in its decision that members had listened carefully and considered all written and oral representations made by local residents and sympathised with their position. However, there had already been a decision to allow a business to be run at this property and members felt that the grant of a premises licence afforded the residents more protection from public nuisance as the business would have to operate within the conditions of a licence. They believed that the implementation of a non-smoking area as a condition addressed the residents' concerns over smoking in the garden near to properties.

They considered that the conditions proposed and agreed were proportionate and appropriate and that with these the licencing objectives would not be undermined.

**Licence holder and applicant:** Mr Gowriedas Kodeswaran / West Sussex Trading Standards Service

**Consultation closed:** Wednesday 20 April 2022

**Committee Hearing:** Held on Wednesday 8 June 2022

Due to the nature of this application a hearing was held by the full Licensing & Control Committee B.

In reaching its decision, the Licensing and Control Committee 'B' gave due regard to:

- LA 2003's statutory licensing objectives.
- Worthing Borough Councils Statement of Licensing Policy.
- Guidance under section 182 by the Home Secretary and Licensing Act 2003. Human Rights legislation and the rules of natural justice.
- The application and both written and oral relevant representations from WSCC Trading Standards and Sussex Police.
- The written and oral representations, testimony and relevant information supplied by the licence holder.

In discharging its functions the Committee did so with a view to promoting the Licensing objectives, the relevant objectives here were the prevention of crime & disorder and the protection of children from harm.

The Committee considered carefully to all written and oral evidence. They determined that the concerns raised by the responsible authorities namely WSCC Trading Standards and Sussex Police was that alcohol had been sold to children on two occasions and that it would continue to be so.

The Committee resolved that the premises licence should be revoked.

The Committee considered the causes identified and what remedial action was needed to be directed at these causes. They viewed the protection of children from harm extremely seriously and were not persuaded that the licence holder had demonstrated putting in place anything to ensure that the licensing objectives of crime & disorder and the protection of children from harm would not continue to be undermined. There had been multiple failings of the licencing conditions and sufficient training and advice had been given, which had been ignored. The Committee had been given no assurances and clear demonstrations that this would not occur again. Offers of further conditions put forward by the licence holder such as an electronic till prompt, which was already a condition and explanation of failings such as the reasons for the challenge 21 or 25 posters not being up and present on the visit on the 21 January, because of cleaning at the shop, were seen as further examples of why the Committee found it proportionate and necessary, to uphold the licencing objectives, to revoke the licence.

Under Section 181 and Schedule 5 of the Act, rights of appeal to the Magistrates' Court in respect of applications for review of an existing licence are open to all parties to the review hearing. If no appeal is lodged the revocation of the licence will come into effect at midnight on Friday 1 July 2022. At which time the sale of alcohol must cease.
